584. Will the hon. the Minister for Education be pleased to state the stage at which the question of providing new buildings for the municipal schools at Bellary and Adoni, respectively, is at present?

They accepted the subject, but to the maximum expenditure of Rs. 50000 on the buildings. The plan is already prepared for the work about Rs. 150000. The S.P. Consulting Architect prepared another design for Rs. 150000. The D.P. while examining this design remarked that the minimum requirements of the school had not been provided for. The Chief Engineer, who Bellary was one of the same, said that according to the S.P. & A's design, it was suitable for the minimum of the school was Rs. 15000. He said that the Minister had not yet decided the amount.

Plans and estimate for the construction of a building for the Municipal high school, Bellary at the cost of provincial funds prepared by P. W. D. The scheme was placed before the Tripartite Committee as a part II scheme and they accepted it subject, however, to a maximum expenditure of Rs. 50,000 on the building. As the ~~present~~ estimate already prepared for the work cost about Rs. 72,000 the Spl. Consulting Architect prepared another design costing Rs. 50,000. The D.P.D. while approving this design remarked that the minimum requirements of the school had not been provided for. The Chief Engineer who visited Bellary was of the same opinion and stated that according to the Spl. C.A.'s design an estimate for the minimum needs of the school would cost Rs. 56,000. The Hon'ble the Minister has ordered that the scheme should again go

to be before the Finance Committee for accepting the increased estimate of Rs. 56,000. The ^{Subject} ~~matter~~ will be placed before the Committee at its next meeting.

2. The Plans and estimate relating to the construction of a building for the Municipal high school, Adoni were received by ~~Govt~~ in the L.S.G. department ^{who have} referred it to the D.P. Department.

After repeated reminders the Director stated that the plans and estimates had been returned to the ^{Municipal} Council. It is not known whether they have been received by the Director ~~now~~ ^{since}. Provision for the work has been made in the budget estimate for 1925-26. The D.P.D. may be requested to state whether the plans and estimate have been received by him and if so in what shape the matter is.

The delay in replying to this U.O. does not lie at the door of this office as despite a letter and 3 reminders the Adoni Municipal Council have not returned the plans and estimates nor replied to this office reference. If, as I judge from the reminder received by me from Government, the answer to this question cannot be longer delayed I can only suggest that as regards Bellary I have nothing to add to the Secretariat note, while as regards Adoni the only thing that can be said is that the matter is still under correspondence.
