OFFICE OF THE HIGH COMMISSIONER FOR INDIA,
42, GROSVENOR GARDENS,
LONDON, S.W. 1.

15th December, 1924.

FROM: The Joint Secretary to the High Commissioner for India
(Indian Students Department),
London, England.

To: The Secretary, Government of Madras,
Department of Education,
Madras, India.

Sir,

I enclose herewith, for the consideration of
the Government of Madras, an application for a
Scholarship which has been submitted by Mr. A.S.
Ganesan, a Government of India Dominion Scholar,
who recently took a course of study at the Imperial
College of Science. I am to request that the
decision of the Government of Madras may be communicated
in due course, and in this connection I enclose, for
their information, copy of a letter which has been received
from Sir T. Holland, I am, Sir,
Rector of the
Imperial College.

Your obedient Servant,

Thomas Quayle

JOINT SECRETARY.

2/ 3
London,
24th November 1924.

From

A. S. Ganesan, M.A.,
44, Lille Road,
West Brompton,
London, S.W.6.

To

The Secretary,
Department of Education,
Government of Madras,
Madras.

Sir,

I beg to make this application for a
Government Scholarship for higher studies in London.

I passed the B.A. Degree Examination of the
Madras University in 1920 in Group II A Physical Science and secured
the first place in the Presidency being the only First Class in that
Subject. After a two years' post-graduate course, for which I was
awarded a Government Scholarship, I passed the Honours Degree
Examination in the same Subject in 1922, and secured the
second rank. I was admitted to the Degree of Master of Arts
in December 1923.

From 1922-24 I was doing Research work in
Physics at the Indian Association for the Cultivation of Science,
Calcutta, under Professor C.V. Raman, F.R.S. I was receiving
a Research Studentship from the University of Madras. In August
1924, I was recommended by the Government of India

[P.T.O]

23
4
for a Dominion Science Scholarship, tenable at the Imperial College of Science and Technology, London, during the academic year 1924-25. Since the award of this Scholarship the University of Madras have ceased to continue the Research Studentship I was receiving.

I am now working at the Imperial College of Science, London, under Professor H. Fowler, F.R.S., in Spectroscopic research. I have written three original papers, one of which "On the Oblique Scattering of light in Gases and liquids" appeared in the Physical Review, and the two others (written jointly with Professor Raman) "On the Spectrum of Neutral Helium" appeared in the Astrophysical Journal. A fourth paper "On the Scattering of light in Organic Vapours" is in course of publication. I am enclosing herewith copies of reprints of my published papers.

The Dominion Scholarship which I am now receiving is only for one year and ceases in July 1925. A course of one year's study here is practically ineffectual, and the minimum period which will entitle a student to try for a higher degree in London is two years. I request therefore, that I may be awarded a Government Scholarship for one year at least, 1925-26, so as to enable me to complete my course in London.

I beg to remain,
Sir,

Your most obedient servant,

H. Ganesan

The Ganesan has worked in my laboratory for six weeks, and I have formed a good opinion of his ability and promise as a research worker.

H. Fowler.

DF/H.

16 December, 1924.

Dear Dr. Quayle,

So far as the funds specially provided go, the Dominions Scholarships must be limited to one year. The New Zealand Government, however, have provided funds for their two scholars to remain on for a second year, and possibly the Madras Government would like to follow this example, for it seems a pity that a man should do a piece of research work without just enough to give him a definite hall mark.

Yours sincerely,

(Signed) T.H. HOLLAND.

UNIVERSITY OF MADRAS.

No. 1230

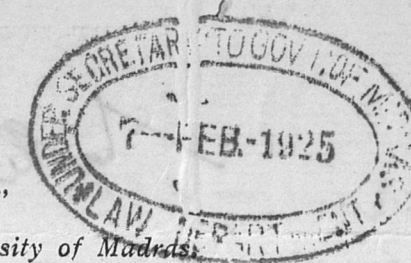

SENATE HOUSE, 6 - FEB 1925

Enclosures.

FROM

THE REGISTRAR,

University of Madras.

To

The Secretary to Government,

Law (Education) Department,

Fort St. George, Madras.

Sir,

With reference to your letter No.20-C/25-1, dated the 19th January 1925, forwarding a copy of correspondence received from the Joint Secretary to the High Commissioner for India on the subject of an application for a scholarship from Mr. A.S. Ganesan who is now holding a Dominion Science Scholarship in England, and enquiring whether the University of Madras will be prepared to grant from its own funds a scholarship to Mr. Ganesan during the year 1925-26 to enable him to continue his work, I have the honour, by direction of the Syndicate, to inform the Government that the University will be prepared to award to Mr. Ganesan a scholarship tenable for one year but equal in value to the amount he would have drawn as a holder of a University research studentship during the remainder of the year 1924-25 as well as during the year 1925-26. Mr. Ganesan was receiving from the University a studentship of Rs.100/- per mensem while he was doing research work in Physics in Calcutta under Prof. C.V. Raman, F.R.S. In August 1924, when he was awarded a Dominion Science Scholarship, the University Research studentship was discontinued from September 1924. The Syndicate is accordingly now prepared to award him the value of that studentship for six months of the year 1924-25 and for the 12 months of 1925-26, amounting in all to the sum of Rs.1,800.

h e f

Subject.- Ganesan, Mr. A.S. - Dominion Science 'Schol
Scholarship for another year - Application.

⑤

G.O 1234 End

29.7.1924

Mr. Ganesan, formerly a research scholar of the Madras University, was granted one of the Dominion Science scholarships of the value of £ 300 tenable at the Imperial College of Science, London during the academic year 1924-25. This scholarship will be terminated in July 1925. ~~during the academic year 1924-25~~. The scholar reports that the research work on which he is engaged cannot be finished within the one year and that no practical benefit can be had from his stay in London if he is not allowed to continue there for another year. He therefore requests that a Government scholarship may be granted to him to enable him to continue his work during 1925-26. Attention is invited to the letter from Sir Thomas Holland at page 1 c.f.

2 It is too late in the year to ask for funds for a new scholarship. This Department suggested provision in the next year's budget for two post-~~er~~ graduate scholarships; one for a male graduate and ^{the} ~~another~~ _^ for a lady graduate. It is understood that the Finance Committee which recently considered the proposal has ~~not recommended the provisions~~ ^{it} ~~planned in~~ ⁽⁸⁾ Dec 111

For orders as to the reply to be given to the
High Commissioner
~~(Government of India).~~

Bone
191. 
10.1.28

If the Finance Committee's resolution in this matter is confirmed there is hardly any likelihood of funds being provided at all for scholarships in the next year. If one is allowed, it may perhaps be utilized for this purpose - Oct 10. 1. 25

The question can be settled only
 when we know whether a
 scholarship will be available.
 Meanwhile M2 may see

VTK
 13.1

M2

Mr P. V. Raman recommended that
 one year's work under Mr. Fowler
 will be beneficial to Mr. Ganesan.
 He has given a certificate of scholarship
 by Govt of India tenable for one year.
 Mr. Fowler doesn't recommend the
 inclusion - anyhow, it is the University
 or Govt of India that must provide
 that this Govt & the Univ. be thus
 who also be encouraged.

Even if a scholarship be available, I
 am afraid there is absolutely no room
 why such Govt should give a scholarship
 Govt of India.

14/1/26

If a reference to
 the University as to
 whether they are willing
 to grant a scholarship
 to Mr. Ganesan for 1925-26
 is not considered necessary,
 the letter to the High Comm.
 submitted below is for
 approval.
