Six, Endorsement R.E c 19/25, dated 25th September 1925 of the President, District Educational Council, Trichinopoly on letter R.C.No. 524 Sup/25, dated 12th September 1925 from the President, Taluk Board, Trichinopoly.

Submitted to Government.

2. The Board's request to fix its contribution from General Revenues for 1923-24 may be decided with -- reference to its general financial position in consultation with the Local Self Government Department.

3. It has been ascertained that a sum of Rs 5460 will be required in the current year towards the construction of elementary school buildings and it is reported proposed to meet this amount from the balance available in the Elementary Education Fund. According to the Elementary

Education Survey, there are 23 school-less centres with a population of 500 and over and 20 of the centres will be provided with Board schools in the current year. The remaining three centres will also be provided with aided schools. In view of these facts and as there are only 19 schools located in Board's buildings out of a total number of 67 schools and as there is a very large balance available in the elementary education fund, the Board's request to utilise a portion of the same on 'Capital items' is supported.

4. The contribution that is being made towards the maintenance of the Srirangam Municipal hospital should be debited to the general accounts of the Board and not to the Elementary Education fund.

Sir,

Para 1. The figures advised are adopted.

Para 4. The funds at the disposal of local Board under General Funds do not permit utilizing of any amount towards education buildings for the reasons explained in para 2 above.
