Department.

I have the honor to solicit sanction of Government for the Council's making from its Elementary Education Fund a special contribution of Rs.500/- per annum to the Management of the National 1st Grade Elementary School, Nagore. This school is being run on satisfactory lines by the Committee of Management and the strength of the school was 263 on 31-3-25. The annual expenditure of the school amounts to Rs. 2597-11-0. Before the introduction of compulsory education in the town the Committee was able to meet this expenditure from the fee income. After the introduction of compulsion the Committee is prohibited from levying fees from students and the compensation paid by the Council to the Committee is low

The Correspondent of the school has in his letter dated 6-2-25 brought to the notice of the Council that it would not be possible for the Management to run the school unless the Council grants substantial compensation for the extraordinary annual deficits sustained by the school after the introduction of compulsion. If the management decides on closing the school it will be the duty of the Council to start a school in its place for which the Council will have to incur a heavy recurring expenditure not to speak of the initial cost of starting the school. In view of these circumstances and in consultation with the Deputy Inspector of schools the Council has sanctioned a special contribution of Rs.500/- per annum over and above the usual compensation prescribed in the Elementary Education Act. A copy of the letter of the correspondent of the school referred to above is enclosed along with a copy of the Deputy Inspector's letter and a copy of the Council's resolution sanctioning the contribution.

The Chairman,

Municipal Council, Negapatam.

1. I have the honor to bring to your consideration that it has already been brought to the notice of the Municipal Council, that unless the Council could substantially compensate for the extraordinary annual deficits, sustained by the National First Grade Elementary School, Nagore, ever since the act of Free and Compulsory education came into force, the management will have to consider the question of running the school or not.

Now that we understand, that though the Council recommended the grant of such compensation, the Government did not approve of it, the management has to contemplate closing the institution from the commencement of the next school year as it will not be possible to maintain the institution in this same state of efficiency, without extraneous help sufficient to make up for the loss of the fee income.

I may be permitted to point out that in case the Council take up the management of the school, or open a new school of the same efficiency and standard, the Council ~~will have~~ will have to meet an annual expenditure of Rs.3000/- or so. The Compensation for loss of fee income awarded by the Council in respect of that school comes to only one third of the actual/^{fee} income it was getting before.

As regards the efficiency of the school, I believe it is the only one of its kind in the Negapatam Range, having the highest standard of a full blown complete Elementary School (standard VIII corresponding to the Third form of a Secondary School) and the extracts from the Inspectorial and visitors' reports herewith enclosed will give a fairly good idea of the working of the school and its necessity in such a place as Nagore.

Figures have been already furnished to the Deputy Inspector of Schools, Negapatam Range as to the resulting deficit and it is requested that the Municipal Council will be pleased to sanction an adequate annual grant. I request you will kindly treat this as urgent and communicate the decision of the council early so as to enable the committee to decide as to the continuance of the school.

With reference to your R.C.618/24 dated 4-12-24 forwarding extracts from the proceedings of the municipal council, Negapatam dated 27-11-24 for favor of information and remarks, I have the honor to report that the school is quite a good one deserving of encouragement. I therefore recommend the payment of the amount of Rs.500/- annually, if there be no procedural objection to spending municipal funds in this manner.

2. The proposal is not supported. If there is a case for additional support to the school, this additional support should be given in consultation with or by the District Educational Council which is the proper body to consider the question in the first instance. Again, it is not desirable to create the precedent of permitting-even if it is legal-the Elementary Education fund to be utilised for assisting aided elementary schools. If a contribution by the Municipality were considered justified it should be from general revenues, not from the elementary education fund. Even this, I do not support as (i) it has not been shown that the --

District Educational Council will be unable to render assistance and (ii) the working of compulsion in the Municipality is reported to leave much to be desired. Nearly one fifth of the boys of school age are still unprovided for and additional schools are required. These are reasonable and prior demands on the elementary education fund.

To The Secretary to the Government of Madras,

Local Self Government Department.
Fort Saint George, Madras.

Sir,

I have the honor to solicit sanction of Government for the council making from its Elementary Education Fund a special contribution of Rs.400/- to the Manager of the Wesleyan Mission Elementary Boys' School at Nagore in this Municipality to meet the deficit of the school on last year's working. I need hardly point out that the school is run on proper lines. The strength of the school was 241 on 31-3-25, and the expenditure of the school was Rs.1144-10-9 during 1924-25. No fee is now levied in the school and the compensation that is being paid to the Manager of the School is very low being Rs 59-8-0 in 1923-24 and Rs 71-10-0 in 1924-25.

11/2

The manager of the school has in his letter dated 1-6-25 brought to the notice of the Council that it would be impossible for him to conduct the school and that he would be compelled to close it if help is not given by the Council. A copy of the letter is --- enclosed. (Enclosure.1). If the school is closed it will be the duty of the Council to start a school in its place and maintain it at considerable cost. In view of these circumstances and in consultation with the Education Committee the ^{council} has sanctioned as a special case a contribution of Rs.400/- to the Manager of the School. A copy of the Council's resolution sanctioning the contribution is also enclosed. (Enclosure.2.).

From
Rev. G.L. Gibbins
Municipal Councillor, Negapatam.

Dear Sir,

I beg to bring to your notice the financial position of the Wesley Mission Elementary Boys' School, Nagore.

The competition for loss of fees given by the Municipality is quite insufficient to meet the cost of the school, even after the receipt of the teaching grants from the Government, and we are faced with a loss of over Rs.400/- on last years working.

In view of the above petition and the fact that we may be compelled to close the school if help is not given, I beg to request you the Municipality to make a grant of at least Rs.500/- to enable us to carry on.

I should be glad if you would kindly bring this matter before the next meeting of the Municipal Council.

& oblige.

Yours faithfully,
