The applicant served in the P.W.D. for about 8 years from 1910 - 1918, for the first three years as temporary maistry, draftsman &c. and the last five years as a maistry or Surveyor in the Mopad Reservoir Project, Nellore District. From 1918 to 1920 he served as a draftsman and surveyor in Mesopotamia i.e. overseas in the Great war. Since 9th February 1921 he has been in the Madras Corporation as Surveyor on the temporary establishment. He requests that he may be exempted from passing the Lower subordinate test of the College of Engineering, Madras, to enable the Corporation to employ him on the permanent footing.

He seeks exemption so that he may obtain permanent employment not only in Madras Corporation but also in several other Departments or Local bodies. He possesses good testimonials.

I can also testify to his being competent to perform the duties of a surveyor or a draftsman as he served under me while I was Executive Engineer, Mopad Reservoir Project. It
