To Under Secretary.

Please see the entries under 'Cc. Agricultural Department' on page 8 of Public Service Notifications flagged (A). The tests prescribed for Managers^{or} and Assistants in the Scientific section, items 2 and 3—may now be altered as shown below:—

(2) Managers of Agricultural stations, Agricultural demonstrators etc.

Diploma in Agriculture conferred by the College of Agriculture, Coimbatore and the Degree of B.Sc.Ag. conferred by the University of Madras or its equivalent.

(3) Assistants in the scientific sections in the subordinate and provincial services.

-do-

The same in A. 3 against Item 3) may be omitted.

Before asking the Law (Edn) Department to make the necessary alterations, the note may be sent to Director of Agriculture for any remarks he may have to offer.

The post of Assistant Director of Agriculture is a Provincial post and recruitment to it should not be necessarily confined to graduates of the Agricultural College, Coimbatore, as appears to be contemplated by this revision. While such graduates should be duly considered it should be possible, and at times it will be desirable, to appoint a man who does not hold this degree, but may hold

hold a better one or one of equal value, e.g. an England returned man with an English or Scotch University degree. This is of all the greater importance now that the proposals of the Lee Commission have been accepted as regards provincialisation of the services and as I presume this means that in future no more appointments will be made in the Imperial Service, and such England returned men will be glad to take appointments in the Provincial Service below the rank of Deputy Directors.

I would, therefore, suggest that the words "or its equivalent" be added in column 2 in the case of section (2).

It may also be necessary sometimes to recruit a promising B.A. with Science as an optional subject to a post in one of the scientific sections and a remark in column 3 will make this possible without getting -- special exemption for him. Again, it is unwise to close the door to science graduates from other Universities. I would, therefore, suggest that the remark to section (3) in column (3) be not omitted, but altered to read as follows:--

"Occasionally a specially selected science graduate is appointed in the science sections as an assistant."

To Under-Secretary

Please see the

Director's memo note at pages 1-2 supra. His intention seems to be that the amendment suggested by him in respect of item (2) should also be made applicable to item (3). In that case the rules with the amendment suggested by the Director will stand as shown in page 1 supra. This may be accepted. For the reasons given by the Director, the remarks against item (3) may also be altered as suggested by him. The file may be sent to the Law (Edn) Dept for making the necessary alterations.

20-1-25

In what shall be submitted this
note means. The contract is
to be prepared to amend it.

21/1/25

To Under-Secretary.

A statement
showing the rules as they stand

and as they are proposed to be amended is submitted at page 5 infra. The alterations suggested by the Director to the amendments proposed by the office are underlined in red ink in that state.

RR

The point does not seem about that according to the rule for 2 is now laid down, a person named at home no matter how good his degree, will not be eligible because he has not done for the Diploma of the College? Where he would be 'to equivalent' all sorts 'or their equivalent' he would not use.

23.1.25

The entries under the head 'Tests' should more properly read "Diploma or (and not and) the Degree of B.Sc. Ag. or any other equivalent thereto." This alteration will perhaps meet the point raised by the under Secy.

But a Diploma alone is not sufficient at present

Surely yes.
