Station Madras , *Dated the* 13th February 25 192 .

From (Name) R. G. Grieve, Esq., M.A., F.R.G.S.,

(Designation) Ag. Director of Public Instruction

To The Secretary to the Government of Madras,

Law (Education) Department.

Sir,

I have the honour to address Government regarding the payment of a teaching grant to the Muslim High school, Triplicane for the year 1924-25.

The muslim High school council took over the management of the school from Government from 18th June 1924 Vide G.O.No. 667 Mis., Law (Education) dated 1st May 1924 and the institution has been recognized by me as Secondary school with classes IV and V and forms I to VI under the Madras Educational Rules. The strength of the school in the

several classes on 12th January 1925 was as noted in the margin.

The Secretary Muslim High school reports that since the opening of the school in June 1924 the management have had to equip the school to satisfy departmental requirements at considerable cost* and that they feel it heavy strain to meet in addition to the normal expenditure on recurring items (Expenditure to the end of January 25 Rs 5464) (items I - 6, of the expenditure side of the Financial statement - Vide Appendix F to the Grant-in-aid Code) and requests that a teaching grant sufficient to enable them to cover the expenditure during the remaining portion of the current year may be sanctioned.

*p. the expenditure to the end of Jan 25 on buildings & equipment alone comes to 5521 Rs

As however, the school is a new one started in 1924-25 so far as the present management is concerned it cannot satisfy the requirements of rule 37 of the Grant-in-aid Code on the basis of which the teaching grant is to be assessed, I, therefore, called for a probable estimate of receipts and charges of the school for the current year and the figure that may be taken into account for purposes of the assessment are as shown hereunder:-

			Receipts	Rs.6166
Item I	Teaching staff	5756 8	I Admissible expenditure on items 1 - 6 of the Financial statement Vide details in the margin.	7772
2	Clerks & servants	494 12 6		
3	Rent	Nil		
4	Rates and Taxes	461 12 6		
5	Ordinary repairs & upkeep	400 0 0	Deficit	Rs. 1606
6	Contingencies	658 14 11		
		7772 0 0		

The grant admissible to the school on the basis of the above figures works out at Rs.1606/2 = 803 or Rs.800 in round figures.

The District Educational Officer, Madras who visited

the school in January 1925 and who scrutinized the estimate, recommends that the provisions of rule 37 of the Grant in aid Code may be relaxed in this case and that on the basis of the estimate referred to a teaching grant may be sanctioned to the school.

In the circumstances of the case, I am convinced that the institution deserves special treatment and accordingly recommend that a teaching grant of Rs.800 may be sanctioned to the school for 1924-25.

The extra expenditure involved by the above proposal can be met out of the savings anticipated from the provision of Rs.5.86 lakhs under 31 B(b)(ii) Education-Secondary Direct grants to non-Government secondary schools - Teaching grants-Boys-in the Civil Budget estimate for the current year.

I am also enclosing herewith for the perusal of Government a copy of the remarks made by Sir Muhammad Habibullah in the visitors book of the institution, on the occasion of his visit to the school on 18-12-1924. p. 4 infra

I have the honour to be,

Sir,

Your most obedient servant,

Clarke

for Director of Public Instruction.

Muslim High school, Triplicane.

Extracts from the Visitor's book.

Through the courtesy of the Trustees I enjoyed the pleasure of visiting the institution this morning. I was not able to see the classes actually at work owing to the fact that examinations were being held. The history of this school is too well known to need recapitulation. The community in general and the pupils in particular are greatly beholden to Janab C. Abdul Hakim Sahib for the large hearted generosity and Islamic love which he displayed by his munificent donation which saved a very old and popular Muhammadan High school from extinction.

The school possesses a habitation of its own which is situated in a locality largely occupied by Muhammadans but it needs several improvements for which funds will be required in the near future. It has been provided for the present with the barest minimum of equipment which needs accession. It has now a largely inflated strength in each class and the strength is bound to increase appreciably if the management can provide more staff but I am told this would be a financial impossibility unless the resources of the institution are augmented. I hope that Government will find their way to give this infant institution such liberal grants as the rules permit and that the Muhammadan Community will lend it such support as its importance demands. I wish the institution a long life of usefulness and prosperity.

C.F. G.No. 453 B - From the D.P.I., R.O.C. No.132D/25 dated 13-2-25.

Teaching grant to the Muslim High School, Triplicane.

Rule 37 of the grant-in-Aid Code

Ordinarily the teaching grant due for a particular year is paid in the succeeding year on production, by the management of the school, of a statement of receipts and charges of the year audited by a competent auditor. The D.P.I. recommends that as a special case the grant due to the Muslim High School, Triplicane, for 1924-25 ~~will~~ may be disbursed in the current year. This is the first case in which such a relaxation of the rules has been recommended by the Director. The Director recommends a grant of Rs 800 based on a probable estimate of receipts and charges for the current year. He does not say whether this amount will be treated as an advance and will be adjusted in the next year when the ~~final~~ financial statement of the school for 1924-25 will be received. The latter seems to be the proper course, if it is decided to relax the rules. Subject to ~~orders~~ approval a draft order is submitted.
