Subject:-- Disbursement of Government contribution
under section 37 of the E.E. Act.

(H) (T)
In G.O. No. 653 Law (Education), dated 29-4-24,
sanction was accorded to the payment to local bodies of
an advance of 75 per cent of the Government contribution
paid in 1923-24 under section 37 of the Ele. Edn. Act.
The Examiner reports the amount of education tax col-
lected by the various taluk boards and adds that the
figures are subject to alteration during audit by the
Dt. Audit staff.

2. No particulars are furnished to the amounts col-
lected as education tax by five taluk boards which have
received advance subsidies.

3. Sixteen other taluk boards have collected
amounts less than those paid to them as advance. They
will have to refund the amounts which they have received
in excess of what they are entitled to. The total
amount which these taluk boards have to refund according
to the provided figures now reported is Rs.42,772-15-0

4. The above amounts will have to be deducted from the recurring subsidies payable to the taluk boards for the last quarter of the current year.

5. There is a budget provision of Rs. 7.5 lakhs for payment of the Government contribution under section 37 of the Ely. Edn. Act. A sum of Rs. 5,68,718 was disbursed to local bodies under G.O. No. 653 Law (Education) dated 29-4-24 and another sum of Rs. 47,032 under G.O. No. 1403 Law (Edn.) dated 29-8-24. There is thus only a sum of Rs. 7,50,000 - 615,750 or 1,34,250 still available for payment. But the total amount now required for disbursement amounts to Rs. 2,22,056-1-0 as shown in the annexure on p.p. 4-5 infra. The balance of Rs. 87,806 will have to be found by re-appropriation, if possible.

6. The actual disbursement may await the receipt of final audited figures from the Examiner of Local Fund Accounts. The Examiner may be asked to state when they may be expected.

The sum of Rs. 2,24,738-14-0 shown in the annexure to the Secretariat reference pages 3-5 includes a sum of Rs. 2682-13-0 proposed to be given to the Taluk Board, Calicut, but sanction has not been accorded by Government for the levy of the Education cess, by this Taluk Board, vide G.O. No. Mis. 1781 L.E dated 21-12-23. This office is not aware of any subsequent G.O. on the subject. The matters stand, the amount reported to have been realized as Education cess is unauthorized and the Board is not eligible for an equivalent contribution under section 37 of the Madras Elementary Education Act of 1920. Reference on this question has already been made by this office to the Examiner of Local Fund Accounts.

2. In the light of the information now available savings sufficient to cover the deficit mentioned in the notes ante cannot be foreseen until and unless the revised estimate for the current year is fixed and accepted in Finance. Government should also be informed that there is a large additional demand amounting to about a lakh of rupees under rates and taxes, non-voted, on Government educational buildings in the Madras City which has to be met from the Educational Budget. I cannot at present find the amount stated to be required by the Secretariat by reappropriation. I do not, however, anticipate any difficulty in moving a supplementary grant in the Legislative Council.

2. With reference to the D.P.S. remarks at 'A' on p. bank, it is understood from Finance that there is a separate lump sum provision of Rs 7.65 lakhs in the current year's Civil Works Budget out of which the increased rates and taxes on all Govt buildings in the city including those belonging to the educational dept will be met. The Director may be informed accordingly and he may be asked to state whether in the circumstances, the amount now in question Rs 87,806 plus 6072.50 could be found by reappropriation from the educational budget.

3. An advance of 75 per cent of the estimated proceeds of the tax has been distributed to all taluk boards early in the current official year. 2. It will be seen from paragraphs 1 and 3 of Government Order No. 1024, Law (Education) dated 2nd September 1924, that the particulars of the Education tax actually collected by the Taluk Boards were required to be reported by this Office to Government.

3. Until last year, the Treasury Deputy Collectors were in charge of both the compilation and audit of local fund accounts and furnished the figures required for the statement of Education tax submitted by this Office to Government. With effect from 1st December 1923, the work has been transferred from the Treasury Deputy Collectors and the Presidents of Local Boards have been made responsible for the compilation of their accounts, this department being responsible only for audit. My audit staff has to be on tour throughout the district for the audit of the accounts of the several institutions and it will be very difficult for them to collect, in respect of the several Local Boards which levy Education tax, the figures relating to the actual realizations in a year for the following reasons:--

(1) The amount of Education tax collected by the Revenue Department along with land cess is often not correctly adjusted by the Collector's branch to the credit of Local Boards.

(2) Education tax is realized from different sources; the correctness of the amount credited in the accounts on account of that tax cannot be verified by this department, until the original

32
records in the Offices of the Local Boards are examined by the District Audit Staff during their periodical inspections.

(3) The figures accepted in audit are subject to alteration with reference to subsequent adjustments made by the Accountant-General.

There have been instances of incorrect adjustments referred to in para (1) above and Government have received reports in the past of such differences from the Ganjam, South Arcot and Godavari districts in consequence of which it was necessary for them to issue orders for supplemental payments of contributions in those cases.

As regards para (2) above, according to the present arrangements, the audit of the accounts and inspections of the registers maintained in the Offices of the Local Boards relating to a year will extend to about the middle of the following year and the audited figures will not be available, until the reports on the audit of the Elementary Education Fund accounts are received from the District Inspectors in this Office.

As regards para (3) above, the Accountant-General's books of a year are closed about the 10th August of the following year and the Taluk Boards receive intimation of the adjustments in the March final accounts some time thereafter and revise the figures accordingly.

4. Under the above circumstances, it will take a considerable time for my District Inspectors to collect figures and report to Government the actual realizations which Presidents of Local Boards alone can promptly report under the present arrangements,

38
27
as they possess all the details required for the correct compilation of the accounts. I would, therefore, venture to suggest that arrangements may be made to obtain the statement of actual realizations from the Presidents of Local Boards who should be required to certify to the accuracy of the claim, the correctness of the amount paid being subsequently verified by this department during audit. If any discrepancies are observed, they will be reported to Government in the annual audit report of the Elementary Education Fund of the Board concerned.

If Government accept this proposal which will ensure both accuracy and promptness in payment, necessary orders may be issued.

According to the revised figures now furnished by the Examiner in page 11 ante, the total amount that has now to be paid to local bodies works up to Rs 2,45,653-12-0. Submitted as the year has already for advanced, this amount may be disbursed at once. The general question whether, in the circumstances stated in paras 3 & 4 on pp 8-10 ante, any change is necessary in the present procedure laid down in G.O. no 1024 L.L.D. 2-9-24 for the payment of Govt contribution under the Section 37 of the E.E. Act, may be taken up after orders are issued in this file disbursing the amount ~~payable~~ referred to above.

2. There is a budget provision of Rs 7.50 lakhs for payment of contribution under Section 37. A total sum of Rs 6,21,822 has already been disbursed out of this amount. There is thus only a sum of Rs 1,28,178 still available for payment. Since the sum that has now to be disbursed amounts to Rs 2,45,653-12-0, the balance of Rs 1,17,474 will have to be found by reappropriation. The D.P.D. may be requested w.o. to State ^(at a very early date) whether this amount could be met by reappropriation from the current year's provision for subsidies to local bodies for construction of buildings for elementary and secondary schools.
