Budget Estimate for 1925-26. Part II- Schemes
submitted.

With reference to paras 19 and 20 of G.O. No. 527, Finance
dated 17-7-24, I have the honour to submit herewith Part II of
the Budget Estimate of charges for 1925-26 relating to expendi-
ture on new schemes.

In previous years it was the practice to include provision
for Building and Equipment grants ~~for~~ in Part II. But in con-
nection with the estimates for 1925-26 the Finance Department
have instructed separately that for building and equipment g
grants which are already on the standing list provision for only
those schemes for which no payment of grant has been made in
previous years or is likely to be made in the current year will
have to be included in Part II. Schemes for which Part Payment
has been made in previous years or is likely to be authorised
during the current year have to be shown in Part I. This dis-
tinction has been adopted in the preparation of the estimates
for 25-26.

Director's Remarks.

(a) For details vide annexure No. (3) All the schemes, it may be noted, have either been sanctioned by Government or by the Director under the powers delegated to him and as payment will have to be authorised during 1925-26, a sum of Rs. 1.50 lakhs has been suggested as budget provision.

(b) For details please see annexure No. (4) It will be seen therefrom that all the schemes have either been sanctioned by Government or by the Director under the powers vested in him.

~~(c) For details please see annexure No. 19~~

(c) Of the 4 schemes mentioned in the annexure No. (20) three are already on the standing list and No. 4 is expected to mature soon.

The D.P.I.'s estimate for equipment grants to colleges, secondary and special schools in Part II of the Budget for 1925-26 is on page 1 ante. The procedure in regard to the payment of these grants is as follows: Each application, as it is approved by Government or the D.P.I., as the case may be, is included in a list maintained for the purpose. Grants are distributed by the Director according to the urgency of the applications in the list. These grants are given only after the articles of equipment have been purchased and the necessary vouchers produced.

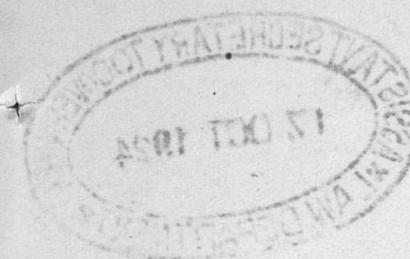

2. According to the budget procedure laid down by the Finance Dept., schemes for which payments have been made in part should be entered in Part I and provision for other schemes should be entered in Part II. The system of paying grants in instalments does not obtain in the case of equipment grants. The amounts payable as equipment grants are comparatively small and they are drawn by the managements in one lump sum on the post-payment system. The Director does not therefore provide any amount in Part I, but has included the entire provision for equipment grants in Part II of the Budget.

3. The provision proposed by the D.P.I. for next year is compared below with that made in the budget estimates of the current and last years:-

	Provision for 1923-24. Rs	Provision for 1924-25. Rs	Provision pro- posed for 1925-26 Rs
Colleges.	40,000	37,500	1,50,000
Secondary schools.	35,000	45,000	54,000
Special schools.	2,500	2,500	3,600
Total.	77,500	85,000	2,07,600

4. The D.P.I. asked for a provision of Rs1,82,500 for the current year, but the Finance Committee allotted only Rs85,000. The provision for the current year is very inadequate and the Director therefore asks for an enhanced provision ^{for the next year} so as to

clear off the liabilities which have accrued under this head. Further, in the years 1922-23 and 1923-24, the D.P.I. had been informed that, on account of financial stringency, he should not entertain applications for grants for equipment other than Science apparatus and chemicals. The embargo thus placed on grants for the purchase of furniture, books etc., was removed ^{only} in March last. It is, therefore, essential to make increased provision for equipment grants. The provision proposed by the D.P.I. may ~~therefore~~ be accepted.

Applications for grants for furniture, books and other articles of equipment are made before 1st May with an estimate of cost. For gymnasias and games the grant is limited to the amount of fees for games collected during the preceding year from the staff and pupils; for objects other than equipment for teaching of scientific subjects, the grant is limited to half the cost; for scientific subjects it is two-thirds.

This is the reason why there is variation in the Govt. share in the details in pp 2-5. CF.

2. Grants exceeding Rs. 2,500 are sanctioned by Govt. They are sanctioned by the Director between Rs. 200 and Rs. 2,500 and by district educational officers on Rs. 200 and below. This is why some have come up to Govt for sanction and others are sanctioned by the Director.

3. The applications are accepted subject to the condition that the grants ^{will} be disbursed "when funds are available". When accepted, they are included in a priority list in the order of urgency. Actual disbursement is made only after the institutions had incurred the expenditure.

4. All the items in pp 2-5 CF. have been accepted by Govt. or the Director, as the case may be, except one. This is the grant for the Bhadrachalam Training College for Pandits in Bhadrachalam (Rs. 1,500). The D.P.I. says that this "is expected to mature soon". This should be omitted unless it has matured before 1st November.

Should be prepared to be placed before the Finance Committee. It will be convenient if the note is prepared for each class of institutions, e.g. colleges, secondary, and special schools. Each note should describe the present system of sanctioning these grants. There is no object in mentioning the budget provision for years which have closed. The actuals should be mentioned. The individual items making up the total demand for 1925-26 should be specified in the order of urgency and their cost set forth. The Law Dept says that no provision has been made in Part I. The demand as summarized will then be as follows:-

The procedure in regard to equipment grants is more or less similar to that of building grants though, in the case of the latter, it is possible to estimate more correctly the amount required in a particular year for payment to the several institutions which have applied for aid. The actual payment takes place after the articles of equipment are obtained by management. In the case of science apparatus and chemicals which are obtained from places outside India e.g. the United Kingdom, delay occurs sometimes in the delivery of the articles and in such cases, it is not possible to ensure that the amount provided for particular institutions are actually disbursed to them within the year. Further, the D.P.I. has to exercise his discretion in the distribution of the budget provision in accordance with the urgency of the several applications. It is therefore not possible to earmark for purposes of budget provision definite amounts for particular institutions.

A note for the Finance Committee accepting the provision proposed by the Director is submitted for approval. It may be sent to Finance for adding

The only point of difference between the Finance and Law dept is whether provision should be included for furniture grants (Rs. 1.500) for the Hindustani Training College for Pandits. - para 4 on p. 4 ante. Finance stated that if the scheme had not matured before 1st November it should be omitted. Law does not accept this and has entered the amount in the note for the Finance Committee.

2 In the linked file re Building Grants for non-govt colleges and Schols. (Transferred) it has been pointed out that the ^{position} ~~statement~~ taken by Law is not correct. Law may therefore be requested to omit the scheme.

Note for the Finance Committee.

SUBJECT:-- Provision in the Budget Estimate for 1925-26 for equip-
ment grants to non-European colleges and secondary
and special schools under private management.

Proposals of the Director of Public Instruction.

The Director of Public Instruction proposes the following pro-
vision for equipment grants to aided schools and colleges in the
budget estimate for 1925-26:--

Colleges.	...	Rs. 1,50,000
Secondary schools.	...	54,000
Special schools.	...	3,600
Total.		2,07,600

Note by the Law (Education) Department.

Grants for the equipment of schools and colleges under private
management are sanctioned under the provisions of Chapter IX of the
Grant-in-aid Code. Each application for grant, as it is approved
by the Director of Public Instruction or the Government, as the case
may be, is included in a list maintained for the purpose. The
grants are disbursed after the articles of equipment have been pur-
chased and the necessary vouchers produced. The actual distribu-
tion of the amount provided each year for these grants is made by
the Director in accordance with the urgency of the applications in
the approved list.

The following statement compares the figures of expenditure
under equipment grants in the last three years and in the current
year and the amount proposed for the next year:--

In the year 1922-23, on account of severe financial stringency, the payment of equipment grants was practically suspended. In the year 1923-24, the Director was asked to entertain applications for grants for science equipment only and not for furniture, books and maps. The embargo thus placed on these grants was removed only at the beginning of the current ~~financial~~ official year. It is therefore essential to make adequate provision for equipment grants in the Budget Estimate for the next year. The provision proposed by the Director under the head 'Arts Colleges' and 'secondary schools' is in respect of applications which have already been approved by the Director or the Government. Of the provision suggested under 'special schools', a sum of Rs. 1,500 is in respect of an application which is pending and which the Director of Public Instruction says, is likely to be approved shortly. It is understood that the institution has already been started and is working. In the circumstances, the entire provision suggested by the Director may be accepted.
