Remarks of the D.P.I.

For details please see annexure No. 10. The schemes can be classified under three main heads:-- (1) Opening of new schools, (2) employment of additional staff and (3) revision of scales of pay. In several cases the aid suggested is equal to one-half of the cost of the scheme and taking into account the financial condition of the several local bodies and the present state of secondary education in this country, Rs. 57,000, the entire ^(cost of the schemes) has been budgetted for.

It may be mentioned here that there are some schemes for which provision has not been included as there is no possibility of their maturing in the near future.

Applications from several local bodies for aid from Provincial funds towards the cost of the revision of salaries in secondary schools the net cost of which is met by Govt., or towards the employment of additional staff or for the opening of higher forms in such schools are now under consideration. The D.P.I. submits a list of these cases and requests that a provision of Rs 57,000 may be entered in the next year's budget for the payment of the subsidies required. Of the 33 cases noted in the D.P.I's list, the Govt. have since issued orders refusing the subsidy in 2 cases viz., item (2) in the list - Municipal High School, Ongole, and item (7) - Board Middle School for Girls, Pavaratti. Of the remaining 31 cases orders have since been issued in respect of a few and the rest are under the consideration of the Govt., or the Director.

2. The following lists shows the present stage of the several cases:-

3. The amount required for the cases included in
groups A and B above may be provided in Part I of the
Budget.

As regards the cases included in Group C and D,
it is likely that orders on these may be issued
~~before the commencement of the~~
next official year. The provision required for them
may be treated as a Part II item. This was the procedure
adopted in connection with the budget estimate of the
current year.

4. In addition to the above, the D.P.I., has pro-
posed a provision of Rs 3,698 for payment of a subsidy
for the Board middle school, ~~Nowrangpur~~, which is
proposed to be opened by the Agency District Board,
Vizagapatam. The proposal is under the consideration
of the Director. Provision for this also may be included
in Part II of the budget.

5. The file may be sent to Finance for remarks.

Under the procedure sanctioned
in G.O. 753 Law (Ed) d. the 12th May 1924,
subsidies to local bodies for a particular year
are paid monthly, based on the actuals of
the previous year, for the 12th nine months.
The payments in the last three months will
take into account the unspent balances of
previous years grants.

2 bases falling under Categories A and
B in p. 3 ante which have been sanctioned
or accepted by Finance will be Part II only
if the schemes take effect in 1925-26.
That is to say, if the initial subsidy is
paid by Govt. in that year. If a scheme
has been sanctioned in the current year and
the subsidy is paid this year under the
procedure referred to in para 1 above,
necessary provision for 1925-26 should be
made in Part I.

The file does not contain the
information necessary to decide whether
provision should be in Part I or Part II. in
these 7 cases
The Law dept. may be requested to verify this.

3 bases falling under Categories C and D

D on p. 3 ante which are under the consideration of the D.P. J. or the administrative depts. and have not been sent to Finance for examination before 1st November, should not be included in the Part II demand.

4 A consolidated note for the Part II items referred to in para 2 ante should be placed before the Finance Committee. It must show the amount included in Part I and the individual items making up Part II should be set forth and the cost specified. The note may also describe the system followed in making these subsidies. As in similar cases which have been sent back to the Law dept. the previous year's actuals, the current year's ^{estimates} and revised estimates should be shown in addition to the demand in 1925-26 for Part I and Part II. In regard to the latter, in cases where the subsidy depends on gross expenditure ^{on} receipts, the amount of expenditure should be calculated only for the months in which the staff will actually be employed (e.g. commencement of the school year) while the ^{fee} receipts should be calculated for the whole year.

as per 1/11/24
Law.

Para 2 of the Finance Department Note.

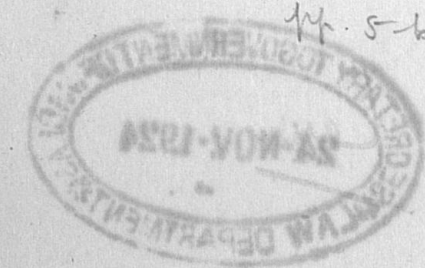

Of the four cases included in class B in the list on page 3 ante, three have since been sanctioned. Thus, the total number of cases in which orders sanctioning subsidies have already been issued is six. Of these, the payment of subsidy takes effect from the current year in the following cases:-

	Amount Rs
Municipal High School, Villupuram	180
Board High School, Markapur	280
Municipal High School, Periyakulam	400
Municipal High School, Bezwada	2900
Total Rs	3760 ✓

p. 5 ante
According to the Finance Department note the amount involved in these cases (Rs 3760) may be provided in class I. As regards the remaining two cases, which relate to the revision of establishment of the Municipal High School, Adoni, and the Municipal Middle school, Tadpatri, the revision in the former case takes effect in the current year, while in the latter case it takes effect from April next. In both cases the Government have undertaken to meet the extra cost from Provincial funds. In view of this undertaking, it is not clear how they can be treated as Part II (or optional) items. As in the case of other sanctioned schemes, the amount involved (Rs 4210) may be included in Part I.

2. Para 3 of the Finance Department Note.

The Finance Department states that the cases which are 'now under consideration' should not be included in Part II. In the case of these schemes affecting Board and Municipal schools, each case is

49220

45,010
3,698

considered with reference to the financial position of the local body concerned and in many cases protracted correspondence takes place between the Government, the D.P.I. and the local body. If the question of budget provision is to be considered only after the case is sanctioned, it will be too late and orders cannot issue when the case matures. In consideration of these facts, pending schemes were treated as Part II items in the budgets of 1923-24 and 1924-25 and provision was made in anticipation of sanction of individual schemes. It seems desirable to adopt a similar procedure in the current year also.

3. The case may be circulated to M.2. and

C.4. for orders.

M2

C4

I do not see any reason why the practice hitherto adopted in these cases, which worked satisfactorily, should be departed from. Pending schemes, which have no serious defects, may be treated as Part II & the same may be ^{now he has not allowed} sanctioned - *24/11/24*

Where, in pursuance of a declared policy, the Govt have undertaken a specific liability, there does not seem to be much objection in putting the provision up as for a Part II scheme.

Where it has not yet done so, there seems to be no reason why the ordinary rules for budgeting should not apply. I would ask therefore that schemes which are not far enough forward to be put up by the 1st Nov^r should be held over. It is not likely that any large amount of money will be available for budget purposes it is necessary to make our calculations early

Law (Education) Department.

Portion K of H.M. C.H.'s Note.

The Finance Department may be asked to include the provision of Rs 3,760 plus 4,210 or Rs 7,970 for sanctioned schemes in Part I of the Budget.

2. Portion M of H.M.'s note.

It is not clear whether the H.M.'s orders above refer to the procedure to be followed in the current year or to that to be adopted in the next and succeeding years. In the case of building grants for aided schools, H.M. has directed that the procedure hitherto followed might be adopted in the current year. It is for orders whether the same may be done in the present case also.

In the budget as finally passed by the Cabinet a sum of Rs 15,000 has been provided for the schemes dealt with in this file. This amount is entered under "31 Education - Transferred". Of the schemes for which provision was asked for, one relates to the Agency viz., the opening of a middle school at Nowrangapur. The District Board has asked for a subsidy equal to the full cost of the school, and the D.P.I. has recommended that a subsidy of one-half of the cost, amounting to Rs 1,493 and of Rs ~~1,500~~ ⁵⁰⁰ for initial equipment, might be given to the Board.

If the D.P.I.'s proposal is approved, a sum of Rs ~~1,500~~ ¹⁹⁹³ should be entered "31 Education - Reserved" out of the sum of Rs 15,000 allotted for all the schemes together. If, however, the District Board's request for full net cost, which is supported by the Revenue Department is accepted, a sum of Rs 4,000/- should be entered under the 'Reserved' head. latter head. The file may be sent to Finance for

Note for the Finance Committee

Subject - Part II of the Budget Estimate for 1925-26 - Subsidies to local bodies towards the cost of maintenance of secondary schools.

Proposals of the Director of Public Instruction

The Director of Public Instruction proposes that a sum of Rs 44,948 may be provided in the Budget Estimate for 1925-26 for the payment of additional subsidies to local bodies towards the cost of maintenance of secondary schools under their management.

Note by the Law (Education) Department

Some local bodies have applied for aid from Provincial funds towards the cost of the revision of salaries in secondary schools the net cost of which is met by Government, or towards the employment of additional staff, or the opening of higher forms in such schools. A list of such applications with the subsidies asked for is given in the annexure. Some of the proposals are under the consideration of the Government, while the rest are under the consideration of the Director. In the case of these subsidies, the application of each local body is examined on its merits and the amount to be paid is fixed with reference to its financial position.

The following statement shows the amounts provided for subsidies to local bodies towards the cost of maintenance of secondary schools:-

Actuals 1921-22	Actuals 1922-23	Actuals 1923-24	B.E. 1924-25	R.E. 1924-25	B.E. 1925-26
