Part II Budget - 1996-97 - At Good works.

2
Law (Edw.) Dept.

Construction of a separate block of
buildings for use as Mathematics and
sections of the Teachers' College, Salford
— Approximate cost of improvement is £5,000/-

The question of providing funds for the above work in the budget for 1923-24 was brought forward in last year. As the plans and estimates for the work were not ready before 1st November 1922, the scheme was not considered for the budget of 1923-24 and it was ~~proposed~~ postponed for consideration in connection with the budget for 1924-25. — Vide the Honble Member's note of 15.12.22. on page 11 of L.S. 1167, of 17-8-23. The case was sent to the Finance Dept. last August for examining the scheme in connection with the budget for 1924-25 but that Dept. have stated that they are not prepared to examine this proposal ~~on the~~ on the ground that the commitments for 1924-25 were already excessive. The Director has accordingly been asked to bring up the question again

p. 14 7 (2)

in connection with the budget for 1925-26. $\frac{1167}{17.8.23}$ (A)
 This item need not therefore be
 considered for 1924-25.

Special list.

Finance (Exp)

The proposal is to extend the existing
 Science block and to construct a
 separate block for Mathematics and Natural
 Science at the Teacher's College, Saidapet
 at an estimated cost of Rs. 64,000. The
 proposed extension to the Science block is

intended to provide accommodation for 24
 pupils in Physics and 24 in Chemistry against
 16 each now provided for. and also to secure
 facilities for practical work. This portion of the
 work seems necessary and urgent - please see
 page 2 of L.O. 720 Law (Edn) of 12.6.1922. It is
 estimated to cost Rs. 23,877 or Rs. 25,000 (allowing for
 unforeseen works etc.)

As regards the other portion of the work. —
 Mathematics and ^{Natural} Science block - the D.O.
 while forwarding the estimate, has simply stated
 that the work is "also" necessary. Beyond this, there
 is nothing in the papers to indicate the immediate
 necessity for it. In the circumstances, Finance
 may agree to the work of extension to the
 Science block alone being placed before the
 Finance Committee as a Part II scheme for 1925-26
 If Law have not press for the whole scheme being
 placed before them, Finance need not object

2 with reference to para 5 of L.O. 1240 of
 4.1.23, Law (Education) may be informed
 that it is not likely that funds can be
 provided in the near future for the work
 unless it is a Class I
 work for 1925-26.

U.O. Note.

2105c

Teachers' College, Saidapet, - Mathematics and Science Blocks of buildings.

In February 1922 the D.P.D. submitted plans and estimates amounting to Rs. 59,000 for extending the existing Science block and for constructing a Mathematics and Natural Science block at the Teachers' College, Saidapet. In view of the prevailing financial stringency the Director was asked in G.O. No. 327 Law (Edw), of 16.3.22, to resubmit the proposal when the Provincial finances improved. The Director brought forward the scheme in connection with the Budget estimate for 1923-24, but as the plans and estimates were not received in time the scheme could not be considered for the budget of 1923-24. It could not also ~~be~~ considered in connection with the budget for 1924-25 as there was no prospect of funds ^{being found} for this work in that year. The Director was therefore asked to bring forward the scheme for 1925-26-
fo.

G.O. No. 1167, Law (Govt.), 27.11.8.23.

2. In July 1923 the ~~cost~~
approximate cost of the scheme was
estimated by the P.W.D. at Rs. 64,000/-.

and also note on
page 13 of 10

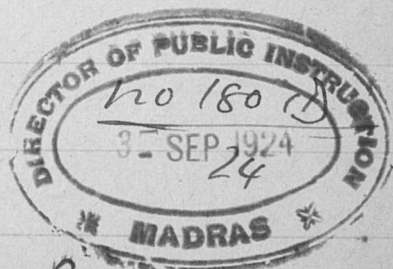

The scheme consists of the following two parts:-

- (1) Extension ^{to the} existing Science block costing roughly Rs. 25,000
- (2) Construction of a Mathematics and Science block - Rs. 39,000

Item (1) is ~~for~~ intended to provide accommodation
for a larger number of pupils in Physics
and in Chemistry than at present and
also to secure facilities for practical
work. This portion of the work seems

~~to be~~ necessary and urgent. The
D.P.D. may be requested to state
whether this portion of the scheme may
be considered separately for provision
of funds in 1925-26, the other portion
of the scheme being left ^{over (future)} for consideration
in future. If the Director considers

that the whole scheme should be
considered for 1925-26, he may be
requested to explain fully the
necessity and urgency of the
portion of the scheme relating to the
construction of the Mathematics and
Natural Science block.

21/9/24

Note for the Finance Committee.Teachers' College, Saidapet- Extensions to the buildingsProposal of the D.P.I. The D.P.I. submits

proposals for extending the existing Science block at the Teachers' College, Saidapet. The science laboratories now provide accommodation for 16 students in Physics and 16 in Chemistry and it is found necessary to provide accommodation for 24 students in Physics and 24 in Chemistry.

Note by the Law (Education) Dept.

In February 1922 the Director submitted plans and estimates for Rs. 59,000 for,

(1) extending the science building of the college and,

(2) ~~for~~ constructing a separate building for the Mathematics and Natural Science sections.

In view of the financial stringency he was asked to renew his proposal later. The Director again brought forward the proposal in connection with the budget for 1923-24. The scheme was not then considered, as plans and estimates were not received in time; nor could it be considered for the budget for 1924-25 owing to the financial stringency. Some changes have been since proposed in the plans and the cost of the whole scheme has been estimated at Rs. 64,000. Proposal (1)- improvements to the science block- is estimated to cost Rs. 25,000. This is ~~the~~ more urgent of the two proposals and is recommended for sanction, proposal (2)- construction of a new block for the Mathematics and Natural Science sections being deferred. A provision of Rs. 25,000 may be made in the Civil Works Budget for 1925-26.

ORDER.

Mr:

No. 511, dated 7-4- 1925

The Director of Public Instruction is informed that no provision has been made in the Civil Works budget for 1925-26 for the construction of a separate block of buildings for the Mathematics and Science sections of the Teachers' College, Fairbairn.

He is requested to bring forward the scheme in connection with Part II schemes for (1926-2).
