No provision was therefore made in the current year's budget for new schemes in the current year's budget.

ump allotment of Rs. 1.50 lakhs and Rs. 1.15 lakhs respectively, were provided for the introduction of manual training in schools imparting general education. Up to the end of last year proposals for the introduction of manual training in 75 schools involving a total recurring expenditure of about Rs. 55 lakh were sanctioned. For the year 1924-25, the D.P.I. recommended a provision of Rs. 90,000 towards the cost of new schemes in addition to Rs. 60,000 for the continuance of schemes already sanctioned. The Finance Committee which considered the budget did not agree to the insertion of the provision proposed for new schemes. The Hon'ble the Minister ^{thereupon} proposed to press for the provision in the Cabinet. No addition was, however, allowed in the Budget ^{though Mr. ... has noted that the cabinet was not opposed to the expenditure} ~~as the cabinet was not opposed to the expenditure~~. The Finance Department ~~was~~ suggested that, if necessary, a supplementary demand might be moved in the course of the year 1924-25 for additional funds for manual training schemes.

2. When the Education Budget was under discussion in the Legislative Council in March last, Sir K. Venkata Reddi Nayudu proposed that the provision made in the budget for Manual Training schemes already sanctioned should be deleted. After long discussion, Sir K.V. Reddi Nayudu's motion was thrown out by a majority of 62 against 9.

3. A large number of schemes relating to the introduction of manual training which were received since February last are lying over pending provision of funds. These have been examined by this Department. The Finance Department would not examine them before the question of funds is settled.

In connection with his Part II budget, the

4. In connection with the scheme for the opening of classes in weaving and dyeing in the Municipal High School, Hindupur, H.M. (C₄) asked for papers relating to the general question of the introduction of manual training in schools. After reading the papers, he suggested that the question of policy in regard to the enterprises which must be taken as forming the proper activities of the Education Department and those that should be left to Development might be settled in the Cabinet. The Hon'ble the Minister also desired in another connection that a note for the Cabinet should be prepared. This has been done. The matter was, however, allowed to lie over pending provision of funds for new elementary schools.

These are not new schemes - The policy was already approved by the Cabinet in previous years. All the schemes pending up to date as

examined & recommended by D.A. & and

permitted by the Secretary - may be included in Part I of the budget

because the Finance Dept. suggests that

we might have a supplemental grant this year which I do not propose to do & a

for the provision may also be made to new

schemes. Please circulate the file to the

H.C. C₄ - I will discuss the case with him.

17/10/24
17/10/24

I have had a discussion with the Hon^{ble} the Minister, who says that he will be satisfied with a provision of Rs. 1,15,000/- to cover both the recurring cost in the schools in which manual training has already been introduced & the introduction in new schools in 1925-26.

He wants the provision put into Part I of the budget however, whereas this seems to me to be contrary to our principle & practice.

He assumes me however that the provision of Rs. 1,50,000 in 1922-23 & of Rs. 1,15,000 in 1923-24 was in Part I & we therefore wish to have the point further examined.

Rs.
24/10/24

42576 7810

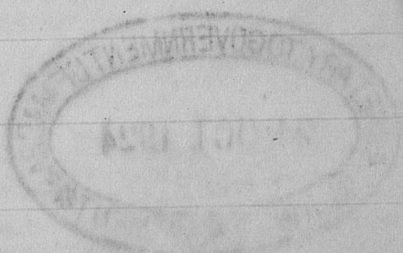

I have had a discussion with the Hon. the Minister who says that he will be satisfied with a provision of Rs. 1,50,000 for the remaining cost in the school and financial training for which he has introduced a Bill in the assembly in 1922-23.

The House has provisioned for Part I of the budget, however, it is necessary to see that the provision is made in the budget.

As the provision is made in the budget, it is not necessary to make any further provision in the budget.

The provision of Rs. 1,50,000 in the budget is sufficient for the purpose.

The provision of Rs. 1,50,000 in the budget is sufficient for the purpose.

4 5

Law (Education) Department

Cu's note on p. 3 ante.

Provision for manual training schemes was first ^{inserted} in the budget estimate for 1922-23. In connection with the budget proposals for that year, a lump sum of Rs. 3 lakhs was suggested by the Director for this object in Part II. The scheme was not placed before the Finance Committee but the Cabinet, at its meeting held on the 21st February 1922, decided to provide a lump sum of Rs. 1.50 lakhs for it.

As regards the budget for 1923-24, the Director proposed a provision of Rs. 2 lakhs for manual training in part I of his budget. The Govt. - ^(the proposals already agreed) decided to allot Rs. 1.25 lakhs (Rs. .10 lakh and Rs. 1.15 lakhs for proposals under consideration). This provision was not treated as a Part II item but was included in Part I. [The Budget notes relating to this are not available; attention is, however, solicited to the list of part II schemes printed on pages 7 & 16 of the Note for the Cabinet—slip (A)—in which the provision for manual training does not find a place.]

SK 25.10.24

we may ask Finance for information on the point raised by the Hon.

Law (Edn) no 3076 B-1 28-10-24

Finance u.o.

(C₄'s note on p.3 ante)

DEMAND FOR VOCATIONAL EDUCATION.

1922-23.

A lump demand of 3 lakhs by the Law Department was treated as Part II and not as Part I -- p.54 and item (8) on pp.56 and 63 of G.O.552 Ed. dated 6th May 1922. The Cabinet accepted a lump sum demand of 1.50 lakhs. *Item (1) on p. 67 of G.O. 552 Ed. d. 6th May 1922*

1923-24.

The Law Department demanded a lump sum of 2.00 lakhs. After discussions between Sir Charles Todhunter and M₂, the former accepted a lump demand of one lakh. The connected papers are not in Finance.

On recommendation of the Finance Committee, it was raised to 1.25, .10 being distributed in detail and 1.15 being in lump.

1924-25

G.O.719 Finance, dated 10th August 1923, regulated the procedure. - Paras 6 and 7 of the G.O. relating to lump sum grants and new schemes were inserted after discussion in the Cabinet. The Law Department brought forward a demand of .97 in Part II for schemes of new expenditure under the consideration of the D.P.I. on that department in addition to the provision entered in Part I for sanctioned schemes. Finance pointed out that Part II should contain only schemes which have been received in Finance for examination before 1st November 1923 and on which it was proposed to incur expenditure in 1924-25. M₂ noted as follows:-

"This is not a new expenditure proposed for

"the first time nor is the

the 8th February 1923 re

"discussions and was entered in the budget after the provision was sanctioned by the Legislative Council."

Sir Charles Todhunter decided as follows:-

Note may be put up for the Finance Committee showing

(1) the full year's cost of all vocational classes expected to be opened at the end of 1923-24, and

(2) an estimate of new grants which it is proposed to give in 1924-25, divided into

(a) recurring, and
(b) non-recurring."

Item (1) was entered in Part I. Item (2) was not recommended by the Finance Committee.

1925-26.

The amount required for individual schemes which were working at the end of 1923-24 should be included in Part I.

The amount required for schemes of new expenditure whether in Government institutions or under private and local board institutions subsidized by a Government grant should be included in Part II, as they are all

"Schemes of new expenditure to which effect has not been given and for which funds have not yet been provided"

Part I of the budget is explained:-

(a) In para 2 of G.O. No. 652 dated 1.8.22.

In that G.O. it is stated that even new schemes

which have been sanctioned by Government but are still awaiting the provision of funds shall not be included in Part I.

- b) In para 11 of G.O. No. 719 Finance dated 10-8-23.
- c) In para 3 of G.O. No. 527 Finance dated 17-7-24.
- d) On page 5 of the Budget Manual.

It follows that it is only schemes which have already been sanctioned and for which provision has already been made that can be entered in Part I.

22/11/24

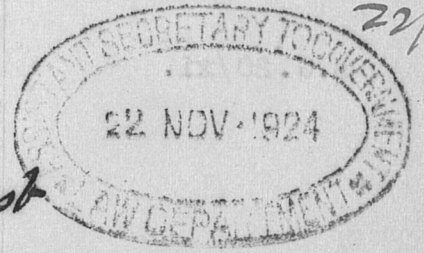

22 NOV 1924

The finance note is against the practice hitherto adopted.

The schemes were approved before and funds are allocated - Part I.

The advice of Finance Secy has been given.

The schemes are being considered by the Finance Dept

Somed and if a more economic scheme is possible.

Finance ought not to dictate which is more urgent or which is less urgent - This latter is the function of the administrative department.

The Finance Dept scrutinized these schemes before the policy was accepted in principle - viz. by the Legislative Council.

I said already the demand under this head was placed in Part I of the budget. This is not answered by the Secretary but quite same H.O. into which Transport Dept have no concern or consultation - The demand of Rs 115,000 may therefore be placed in Part I.

The Transport Dept are handicapped by rules which they had no opportunity to discuss before - The difficulty is felt in actual working of the H.O.

25/11/24

I do not think that the difficulties of the Finance Dept are fully realised. If more is entered in Part I of the budget than can be covered by the ordinary revenue of the Province, the whole falls through. It is therefore necessary to scrutinise very jealously all proposals for entry in Part I.

Again exception cannot be taken to the framing of financial rules by the Finance Dept. The duty is laid on that dept by Devolution.

Rule 37 (e) *Financial Rules*

I think that my predecessor went as far as was possible last year. He admitted as included under standing sanctions all expenditure which would be incurred in 1924-25 on manual classes already instituted up to the end of 1923-24, recognising presumably that, when a class had been established, it should not be abolished if abolition could be avoided. Provision for new classes to be opened in 1924-25 was held to require fresh sanction. I think we should follow the same procedure

this year

This is a pity that no provision for expansion of this section has been recommended. In the current year too no allotment was made for new schemes: it was once thought that supplemental grant should be applied for

12
13
during the course of the current year for new schemes pending. The provision for next year, it was subsequently thought, would do. The Finance Committee's recommendation would defer developments long. Sixty schemes have been pending since last year, waiting for provision of funds: and further schemes have apparently been dropped. Already the enthusiasm with which this desirable development of education has been flowing in the first instance, has been received a set back: and further postponement would render the revival more difficult. The Education Admin to Govt in rep of Manual Edn would in the meantime find his hands not fully occupied.

~~Provisions for the~~
Budget Estimate
1925-26 - Provision
for manual training
Notes - Recorded.

Note for the Finance Committee.

Subject: - Provision for Manual Training in the Budget

Estimate for 1925-26.

Proposals of the D. P. I.

The D.P.I. recommends that a provision of Rs 78,700/- may be made in the budget estimate for 1925-26 for manual training schemes which are under consideration.

Note by the Law (Education) Department.

The question of introducing ~~some kind of~~ ^{or} manual training in schools imparting general education has engaged the attention of the Government for some time past. In the budget estimates for 1922-23 and 1923-24, lump allotments of Rs 1.50 lakhs and 1.15 lakhs respectively, were provided for the introduction of manual training in schools. Up to the end of last year proposals for the introduction of such training in 75 schools, involving a total recurring expenditure of about Rs. 55 lakhs, were sanctioned. For the year 1924-25 the D.P.I. recommended a provision of ^{0.} Rs 90,000/- ^{0.} towards the cost of new schemes in addition to Rs. 55 lakhs for the continuance of schemes already sanctioned. The Finance Committee which considered the proposal recommended that the expenditure on manual training should be confined to the amount already sanctioned up to and during the year 1923-24 and that no further allotment than the expenditure already sanctioned should be provided in the budget for 1924-25. No provision was therefore made for new schemes in the budget estimate for the current year.

Page 47 of p. 608 (D)
16.4.24

15
in the budget for the continuance of manual training schemes already sanctioned should be deleted. The motion was brought forward ^{under} the mistaken impression

that the so-called 'vocational training' in ordinary schools was intended to turn out trained artisans. ^(On behalf of Govt. it)

was pointed out in the course of the debate that the object of the ^{practical} training imparted in these schools ^{was to train} ~~under~~

~~the name of 'manual' or 'vocational' training was to train~~

the hand and eye of the pupils and ~~was~~ to create a bias in the minds of the ^{pupil} ~~people~~ for industrial or technical training.

It was also explained that the manual training classes were not intended to give ^{the} ~~any~~ kind of training ^{that could} ~~as could~~ be had in industrial schools and workshops.

The motion was finally put to vote and declared lost, only 9 ~~members~~ voting for it against 62 in favour of the retention of ^{the} ~~provision~~ for manual training.

Since April last, a large number of schemes for the introduction of manual training in schools in which it has not already been introduced, have been received and these have been kept pending for want of funds.

It is ^{necessary} ~~very~~ ~~assured~~ to make adequate provision for these schemes in the next year's budget. The total number of pending schemes is 60 and these involve a non-recurring expenditure of Rs75,000/- and a recurring expenditure of Rs40,000/-. Each scheme is examined on its merits and grants are sanctioned in accordance with rules already framed by the Government. Under these rules the grant payable is ordinarily one-half of the cost of the scheme. In special cases, where the management or the local body concerned is unable to contribute its full share, a grant in excess of one-half of the cost of the non-recurring items and of the recurring items for the first year of the introduction of the

scheme is sanctioned. ^{Further} ~~A~~ sum of Rs1.15 lakhs may, ~~there~~ ~~fore~~ be provided in ~~the next year's~~ ^{that} budget towards the cost of the pending schemes.

In the budget estimate for 1925-26, a provision of Rs. 55 lakhs has been made for schemes already sanctioned + introduced

16
Note by the Finance Dept.

The proposals may be placed before the Finance Committee as Part II schemes for 1925-26.
