Annexure No. (8)

Part II - Budget Estimate - 31-Education.

Proposals of the D.P.I.

Head of charge.	I t e m.	Budget Estimate	Ultimate
		1925-26. Rs.	cost. Rs.
31-B(b)(iii) Education- Secondary-Transferred- grants to local bodies for secondary education	Subsidies to local bodies for the con- struction of Secondary school buildings.	150,000	3,65,980

Remarks of the D.P.I.

For details please annexure No. (8). From a perusal of the annexure it will be observed that schemes to the extent of Rs. 67,000 have already been submitted to Government. As the cost of the other schemes amount to as much as Rs. 2.99 lakhs (roughly), Rs. 1.50 lakhs (same as the current year's provision) has been suggested for 25-26. It is expected that at least ~~the sum~~^{some} of these schemes will mature during next year.

PTD

Page 2 ante.

The D.P.I. proposes a provision of Rs 1.50 lakhs in the next year's budget for 'subsidies to local bodies' for the construction of buildings for secondary schools under their management.

In the current year's budget also there is a provision of Rs 1.50 lakhs for this object. Out of this, a sum of Rs 1,575 has been reappropriated for other objects. Of the balance, subsidies amounting to Rs 6697 have till now been disbursed to local bodies towards the cost of buildings constructed. A sum of ^{about} Rs 1.17 lakhs is required for works for which the Government have ^{already} promised to pay on the post-payment system. The Director proposes to clear off this liability from the provision made in the current year's budget.

2. The Director has sent a list of works for which provision should be made in the next year's budget. The following list shows the present stage of the several schemes included in the Director's list:-

Scheme since sanctioned.	No.2 in the Director's list.	Board High school, Manjeri.	Subsidy. Rs.
Schemes accepted by Finance on which orders will be issued shortly.	No.1 -----do----- No.18 -----do-----	Municipal---do---, Villupuram. ,, ---do- Ellore.	6,950 33,500 12,500 52,950
Schemes under consideration either with Govt. or with the D.P.I.	Nos.3 to 17 ---do--- & 19 to 21 ---do---	-----do-----	2,13,020 2,19,980 3,65,980

Besides the above, the L.S.G. ^{Dept} have forwarded the demands received by that Department direct ^{from local bodies} for subsidies amounting to nearly Rs 90,000 for secondary school buildings. Thus, the total demand is Rs 4.50 lakhs. Against this, the D.P.I. suggests a provision of Rs 1.50 lakhs in the next year's budget. It may be noted here that these subsidies are paid on the post-payment

(place below)

* Details given on p.1 ante
(mis has since to be raised to Rs. 1,33,000 with ref. to applications since recd)

system and that some of the schemes already sanctioned by Government for which the Director proposes to find funds from the current year's budget may become ripe for payment only in the next year. Amounts required in such cases may also have to be found from the provision of 1.50 lakhs proposed for the next year. The provision proposed by the Director may be accepted and the file sent to Finance U.O.

Finance (BEI)

Part II. 1925-26

Building grants to local bodies for secondary schools.

The Law dept. has not mentioned the amount included in Part I. for works in progress for which grants have been disbursed in part and the balance that will be disbursed in 1925-26. This information should be incorporated in the note for the Finance Committee.

2. The Law dept. has already been informed that only schemes which are approved, or are received for examination in Finance before 1st Nov. 1924 should be included in the Part II demand. The demand should, therefore, be restricted to the three schemes mentioned on p. 3 ante.

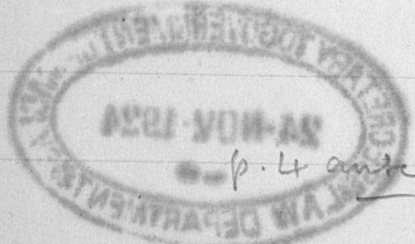

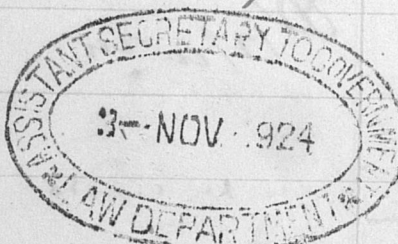

Mean register 73.

5
The total subsidy amounts to Rs. 53,000 roughly, and the Law dept. will have to satisfy itself that the whole amount is required in 1925-26.

3. The Law dept. has been informed in similar cases that the note for the Finance Committee should be prepared and what information it should contain.

Law (Education) Department.

Paragraph 1 of the Finance Department Note.

Part I of the Budget Estimate of 'subsidies to local bodies' for 1925-26 has not yet been received from the D.P.I. But it is understood from the Director's office that, as at present estimated, provision will be included in Part I for subsidies towards the cost of construction of buildings for secondary schools. It is, however, possible that some of the sanctioned works which, the Director hopes, will be completed in the current year, may be postponed to the next year. In that case, the subsidy due will become payable only in that year.

2. Paragraph 2 of the Finance Department Note.

It will be hard to enforce the restriction proposed by Finance. Schemes which are now under con-

6
sideration may be sanctioned in the course of the current year or early in the next. In such cases, a portion of the subsidy may have to be paid in the next year. If the suggestion of the Finance Department is accepted, the provision to be made for next year will be only Rs 53,000, as against Rs 1,50,000 provided for the current year and as against the total demand of about Rs ~~5.00~~ ^{5.00} lakhs for works ^(included in list forwarded) proposed by the D.P.I. and local bodies. It is therefore desirable to provide at least the full amount of Rs 1.50 lakhs proposed by the Director. Any amount required for the works referred to in paragraph 1 above may also be met from this provision.

3. The file may be circulated to M₂ & C₄.

C₄

It is necessary to repeat the provision. The Committee of Govt cannot do more than that. There is already great apor in account of any outlay & unsuitable buildings. Provision of 1.50 is absolutely necessary - 12/11/24

I have no objection to the amount, on the supposition that funds are available; but it seems to me that we have very little information as to what is really happening

7
6
I gather that the D.P.I. proposes to spend the balance of his allotment for the current year, not on the buildings for which it was allotted but on buildings which received earlier sanction from Govt but are only now being completed; & probably he wants to use the provision in the budget of 1925-26, not on works which now obtain the approval of Govt, but on works approved this year or last

R.H.

12/11/24

Law (Education) Department

With reference to H.M. C₄'s note above, it is submitted that the provision of Rs 1.50 lakhs in the current year's budget was not allotted for specified works but that, as usual, it was provided as a lump sum for utilization on schemes which matured in the course of the current year. These subsidies for buildings are paid on the post-payment system and it is not ordinarily possible to forecast in a year which of the schemes will become ripe for payment in the course of the succeeding year. The D.P.I., however, sends a list of works which have been sanctioned, are under consideration along with his budget just to show the probable liabilities. The list could not, however, be followed in the actual

8
distribution of the subsidy. According to the list sent this year, the subsidy payable is Rs 3.65 lakhs against which the Director asks for a provision of Rs 1.50 lakhs in the next year's budget.

6
[This excludes demands aggregating Rs. 1.32 lakhs received direct from local bodies]

Law (Education) Department.

Note for the Finance Committee.

Subject.- Part II of budget estimates for 1925-26 -
Subsidies to local bodies for secondary school build-
ing.

Proposals of the Director of Public Instruction.

The D.P.I. recommends that a provision of
Rs 1.50 lakhs may be made in the budget estimates for
the next year for the payment of subsidies to local
bodies for the construction of buildings for secondary
schools under their control.

Note by the Law (Education) Department.

A lump provision is usually made ~~every year~~
in the budget estimates ^{of each year} for subsidies to local bodies
for secondary school buildings and individual applica-
tions for subsidies received in the course of the year
are disposed of in accordance with the following
general principles:-

(1) The necessity for the building should be
vouched for by the D. P. I.

(2) The subsidy should ordinarily be limited
to one-half of the cost - the amount being disbursed
on the post-payment system.

(3) Cases requiring special treatment should
be considered on their merits, especially with regard
to the financial condition of the local body concerned.

2. The following statement compares the
actuals under this head for the last three years, the
budget and the revised estimate for the current year
and the provision proposed for the next year:-

Accounts 1921-22	Accounts 1922-23	Accounts 1923-24	B. E. 1924-25	B. E. 1924-25	B. E. 1925-1926	
Rs	Rs	Rs	Rs	Rs	Part I	Part II
900	39,258	1,50,000	1,30,000	..	1,50,000	

Owing to the absence of any provision under this head during the ~~1921-22~~ years 1921-22 ^{and} 1922-23, ~~and~~ several applications from local bodies had to be rejected. In the years 1923-24, and 1924-25, a provision of Rs 1.50 lakhs was made. So far as the next year is concerned, the Director reports that the demands received by him from local bodies aggregate Rs 3.65 lakhs, against which he asks for a provision of only Rs 1.50 lakhs which is the same as the provision made for the current year. Besides the above demands, applications for subsidies amounting to about Rs 1.33 lakhs have been received ^{by Govt} direct from the local bodies. Several of the schools for which buildings have to be provided are those opened in recent years at the instance of Government with the aid of subsidies paid from Provincial funds. It is very desirable to provide funds to enable local bodies to put up necessary buildings for the schools. The provision of Rs 1.50 lakhs proposed by the D.P.I. is moderate and may be provided in the next year's budget.

Station Cuddalore N.T., Dated the 23rd September 1924

From (Name) M.R.Ry. R.K.Venugopaul Nayudu Garu
B.A.B.L.,

(Designation) Chairman, Municipal Council,
Cuddalore.

To The Secretary to the Government of Madras,

LOCAL SELF GOVERNMENT (L & M) Department.
Fort St. George, Madras.

Sir,

With reference to Government Memorandum No.
22140-B-1 L & M dated the 11th August 1924, I have the
honour to submit herewith an application in the form --
prescribed in G.O.No. 446 L & M dated the 19th February
1923 for a provincial grant of Rs. 5,200/- being half --
the estimated cost of the extension of the Municipal --
High School, Cuddalore.

I have the honour to be,

Sir,

Your most obedient servant,

Chairman.

(1)	A high school building at Kadayanallur	49,250					49,250	
(2)	A school building at Kailpatti	76,280					76,280	Plans & estimates ready but technical sanction not ready

The P.D. states that the Bd's financial position is too poor to meet any portion of the cost. Re item (1) it is stated that the educational authorities have condemned the present accommodation as very unsatisfactory.

Pending examination of the financial position a tentative provision of Rs. 30,000 for item (1) may be recommended.

M
178

Item (2). No provision need be made until technical sanction is also accorded.

May be forwarded to Law (Edn) no. 16.10.24. It may not be possible to spare one lakh of rupees for a single D.T. Board. No provision need be made for item (2) at present. 178 P.20

923/4 & 30.9.24

I have the honon to forward
herewith a Consolidated application
for loans & grants required by
the local bodies in this Dt
for Capital expenditure
during the current official
year 1924-25, and to

State as follows.

(True Extract)

P 20

Copy of letter from the President, District Board, Anantapur, Dis.No.923/24, dated the 30/9/24.

**

**

**

(1) Constructing a secondary school building at Uravakonda. The Board Middle School at Uravakonda characterised by the Inspecting Officers as the best managed secondary school in the district is at present housed in a rented building though one of the most spacious available in the locality. Successive Inspecting Officers have remarked that the building is unsuitable for school purposes. As the difficulty of accommodation cannot be overcome an ~~xxxx~~ estimate amounting to Rs.35000/- was got ready and necessary technical scrutiny of the Superintending Engineer and professional advice of the Educational authorities have also been obtained. A site has been acquired by the District Board in a sanitary and central locality. The people of the place who are keen on seeing that the school, is located in a pucca building of its own have promised a donation of Rs.5000. Therefore a grant of Rs.30,000 from Government is a matter of ~~xxxx~~ urgent necessity. While recognising the ~~xxxx~~ soundness of the principle that improvements of secondary school buildings should ordinarily be financed out of lean funds like all capital expenditure. I cannot but urge that special indulgence should be shown to poor District Board like this District Board and educationally backward tracts like the Ceded Districts.

(3) Gooty Taluk Board.

The grants required by the Gooty

Taluk Board are for educational buildings and minor water supply schemes. The President, Taluk Board reports that in many important places buildings fit for school purposes could not be got and that in some it is with difficulty that rented buildings could be got. A grant for minor water supply scheme is also a matter of necessity as in many villages there is no water supply worth the name.

9000

in the current
financial year
(1924-25)

Item (1)

No promise of grant appears to have been made. The Pt. states that the scheme has received the sanction of the Supg. Engineer & that a site has been selected. It also states that the educational authorities have approved. It is known whether it has the approval of the D.P.C. also.

In his letter the Pt. states that the application is for grants in the current financial year 1924-25. Provision of Rs. 1,50,000 in this year.

Copy of letter from the President, District Board, Anantapur, Dis. No. 923/24, dated the 30/9/24
 Cno 27683 from the P.D. Anantapur 923/24

Copy of letter from the President, District Board, Anantapur, Dis. No. 923/24, dated the 30/9/24

The grants required by the Goody Teluk Board are for educational buildings and minor water supply schemes. The President, Teluk Board reports that in many important places buildings for school purposes could not be got and that in some it is with difficulty that rented buildings could be got. A grant for minor water supply scheme is also a matter of necessity as in many villages there is no water supply worth the name.

A grant for minor water supply scheme is also a matter of necessity as in many villages there is no water supply worth the name.

Hostel building at Pennakonda high school.

No promise of a grant appears to have been made. The Pt. states that the scheme has received the sanction of the Supr. Engineer & that a site has been selected. It is also stated that the educational authorities have approved. It is known whether it has the approval of the D.P.D. also.

In his letter the Pt. states that the application is for grants 'in the current official year 1924-25'. There is a provision of Rs 1,50,000 in this year

950

for the Secondary school buildings of local bodies. Proposals for its distribution are under the consideration of the D.P.D. The D.P.D. is not likely to get any portion of the subsidy unless expenditure has actually been incurred.

In the circumstances a tentative provision of Rs 10,000 on account of this item may be recommended, the actual disbursement being dependent on the financial position of the D.P.D. & the acceptance of the need for grant by Govt.

Item 2. A half grant has been promised for the work but the Pt. has put in a claim for a full grant. Provision need not be made in the next year's budget on account of this until Govt. decide whether a full grant is necessary.

(In regard to this item also there is a remark in the grant application as well as in the Pt's letter that the grant is required in the current year). Rs 4,500 may be provided in budget for 1924-25 as no amount is likely to be disbursed this year.

		Rs	Rs	Rs	Rs	Rs	Rs	
①	Moyan girls High School building Palghat.	56,000		{ 24,550 }			3,450.	Scheme under execution Balance from loans
(2)	High school building Payyanur	14,000				7,000		C. Schemes Balance will be met by loans
(3)	Do Betetnad	18,300				9,150.		
(4)	Do Koduwayam	20,400				10,200		
(5)	Do Kollengode (girl)	19,800				9,900		
(6)	Do Kadriam	19,000				9,500		Plans & estimates to Director for approval
(7)	Do Elapully	18,000				9,000		
(8)	Do Cherukunnam	21,000				10,500		
(9)	Do. Namunda	20,000				10,000		
(10)	Do. Cherpuvacheri	10,600				5,300		
(11)	Do Kottayam	19,000				9,500.		
(12)	Equipment for secondary schools	13,000				6,500		
		24,9100				1,00,000		

Item (1) above
 A grant of Rs. 18,648 ^{only} has been promised for the work in L.O. no. 1611 Law (Edu) of 13.11.23. of which a subsidy of Rs 1581 has so far been disbursed to the P.D. in L.O. no 355 Law (Edu) of 8.3.24. The P.D. has been

[Faint handwritten notes in Malayalam script, mostly illegible due to bleed-through and fading.]

(L)

31
26
given also a loan of Rs. 24,550 for
the work in G.O. no. 802 L+M 26.3.24.
The Bd. presumes that a grant of
an equal amount will be disbursed
to it in the current year and wants
a further provision in 1925-26 of
Rs. 3,450. The Bd. is eligible only
for the promised grant of Rs 18,648
less amount already disbursed +
even the sum eligible can be disbursed
out of this year's provision in case
work to that extent ~~has been~~ ^{is} carried
out. There is no information as to
what amount is likely to be disbursed
for the work in the current year.
Presuming that ~~work~~ expenditure
to the extent of Rs 10,000 will be
incurred in the current year
provision may be made tentatively
in 1925-26 for the balance of Rs.
7,000 that will still be payable on account
of the work.

Items 2 to 12. A provision of
Rs 20,000 may be tentatively
recommended and the application
forwarded to Law (Edn) no.
