R.O.C. No. 3007 C/24

Station Madras, Dated the 17th October 1924.

From (Name) R. Littlehales Esq., M.A.,

(Designation) Director of Public Instruction

To The Secretary to the Government of Madras,

L. & W. (Education) Department.
through the Accountant General, Madras.

Sir,

I have the honour to submit for the sanction of Government the following proposal for the opening of a temporary weaving class in the Government Junior Certified School, Ranipet with effect from April 1925.

2. There is a Manual training class attached to the institution and the only kind of manual training given at present is carpentry. The Adviser to Government on Manual and Vocational Training who visited the school in June last is of opinion that a weaving class might

very

very usefully be opened for the advantage of the pupils in it. The Superintendent of the school and the Chief Inspector of Certified Schools who were consulted in the matter, agree with the Adviser to Government on Manual and Vocational Training in thinking that the introduction of a weaving class would materially improve the usefulness of the school. I therefore recommend that a temporary weaving class may be opened with effect from 1-4-25.

3. The present strength of the school is 35 and the number of pupils likely to receive instruction in weaving is 16. These 16 pupils are proposed to be divided in two batches of 8 each for purposes of instruction in the subject.

4. The opening of the weaving class will necessitate the employment of a weaving instructor, as the subject has to be taught by one who is specially qualified to impart instruction in it. I therefore recommend the employment of such an instructor on Rs.40 per mensem temporarily for a period of one year from 1-4-25. Further a sum of Rs.390 will be necessary for initial equipment etc., and a temporary shed will have to be constructed at a cost of Rs.300.

5. The extra expenditure involved by the proposal in 1925-26 will be Rs.1250 as shown below:-

Recurring

Pay of weaving Instructor at Rs.40 per mensem for 11 months from 1-4-25	440
Contingencies etc.	120
Total recurring	560

Non-recurring

Construction of a temporary shed measuring 30'x 20'	300
Cost of 4 Fly shuttle pit looms	200
Cost of yarn wheels, combs, brushes, spares etc.,	90
Cost of yarn (initial supply)	100
Total non recurring	690

6. The extra average annual expenditure involved by the proposal is Rs.600 as shown below:-

7. Provision for the extra charge in 1925-26 has been inserted in Part II of the Budget Estimate for that year.

I have the honour to be,

Note for the Finance Committee

Part II Scheme. 1925-26

Subject: Government Junior certified school--
Ranipet-opening of weaving class.

Proposals of the D.P.I.

There is a manual training class in carpentry in the Junior certified school, Ranipet. The Adviser to Government on manual training, who visited the school in June last, is of opinion that it would be useful to open a weaving class in the school. The Director recommends the proposal.

The present strength of the school is 35 and the number of pupils likely to receive instruction in weaving is 16. It is proposed to divide these 16 pupils into two batches of eight each for purposes of instruction in the subject.

The opening of the weaving class will necessitate the employment of a specially qualified instructor. The Director therefore, recommends the employment of an ^{an} ~~such an~~ ^{specialist} instructor on Rs.40 per mensem temporarily for a period of one year from the 1st April 1925. A sum of Rs.120 will be required for contingencies & Rs.390 ~~Rs.500 will be required~~ for initial equipment etc; ~~and~~ a temporary shed will have to be constructed at a cost of Rs.300 for the class. The extra expenditure involved by the proposal in the next year is estimated at Rs.1,250 and the ultimate annual expenditure is Rs.600.

The proposal involves an annual recurring expenditure of Rs 600 and an expenditure of Rs 1250 in 1925-26 as shown below:—
