From (Name) R. Littlehales, Esq., M.A.

(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,

/Through Law (Education) Department.

the Accountant General/

Sir,

With reference to G.O.No. 505 Misc., Law

(Education) dated 7th April 1924, to para 2 of G.O.No. 597 Law (Education) dated 15th April 1924, I have the honour to renew my proposals for the transfer with effect from 1st July 1925 of the following posts from the Subordinate to the Madras Educational Service:-

(1) One of the posts of Assistant Lecturers in each of the English and Chemistry departments in the Government Arts College, Rajahmundry - to be designated Lecturer.

(ii) One of the posts of Assistant Lecturers in each of the three Second grade colleges at Coimbatore,

Tellicherry and Mangalore - to be designated "Senior Lecturer".

(iii) One of the posts of School Assistants in each of the three Second grade colleges at Coimbatore, Tellicherry and Mangalore to be designated Headmaster of the Secondary and Training departments.

The above proposals are arranged in the order of their relative importance and urgency.

2. The transfer of one of the posts of Assistant Lecturers in each of the English and Chemistry departments in the Government Arts College, Rajahmundry to the Madras Educational Service is recommended with a view to removing the anomaly explained below. I would in this connection invite the kind attention of Government to para 3 of my letter R.O.C.No. 2033 C/23, dated 22nd September 1923 and to para 2(ii) of my letter R.C.No. 506 C/23, dated 30th July 1923 wherein I have adduced reasons for transferring the two posts in question from the Subordinate Educational Service to the Madras Educational service. While at Kumbakonam the English Department has a lecturer in the Madras Educational Service in addition to the Senior Lecturer in English, who may be either the Principal (Indian Educational Service) or an officer in the Madras Educational Service, at Rajahmundry there is no Madras Educational Service Lecturer for English. Again while the Chemistry Department in the Kumbakonam College is in charge of an M.E.S. Lecturer there is no such lecturer for the Chemistry department in Rajahmundry. The Rajahmundry college is thus at a distinct disadvantage in the matter of staff and in the interest of efficiency I consider that the inequality should be removed.

3. As regards the necessity for transfer to the Madras Educational Service of one of the posts of Assistant Lecturers in each of the three Secondary grade colleges, proposed in para 1(ii) supra, I would invite the attention

of Government to para 2 of my letter R.O.C.No. 20 33 C/23 dated 22nd September 1923 wherein I have fully discussed the proposal. The Second grade College at Palghat has already a Senior Lecturer in the Madras Educational Service. The presence of an officer of this status is found conducive to efficient administration, as the Senior Lecturer assists the Principal in the discharge of his duties and acts for him when he is obliged to be absent for short periods. It would also as pointed out in my letter referred to above, remove the inequalities arising at present from the principle of promotion according to subject vacancies which is generally followed in the collegiate branch of the service and thus diminish to a certain extent the discontent now prevailing among the members of that service.

4. The transfer of a post of school Assistant in each of the three Second grade colleges at Coimbatore, Tellicherry and Mangalore to the Madras Educational Service is as explained in my letter R.O.C. 2033 C/22 dated 22nd September 1923 necessary with a view to securing effective supervision by a senior and experienced member of the organization and teaching in the Secondary and training departments of these three institutions. As indicated in that letter, I have been endeavouring to amalgamate the Secondary Training departments in these stations with the colleges there so as to make them part and parcel of the latter. Such amalgamation has been partially carried out in the case of Coimbatore and a proposal to that effect as regards Tellicherry is already under my consideration. To give full effect to this scheme it is necessary that the Headmaster of the Secondary and Training department should be a gazetted officer, so that we could have efficient supervision of the work of these two departments and secure satisfactory coordination between them.

5. The financial effect of these proposals is detailed below:-

(a) Extra average cost.

(1) Transfer of 5 posts from the Subordinate Educational Service (Collegiate Branch) to the Madras Educational Service at Rs.528 $\frac{3}{4}$ minus 187 $\frac{1}{2}$ each per mensem.... Rs.20,475

4 Transfer to the M.E.S. of One of the posts of Assistant Lecturers (S.E.S.)

in each of the English and Chemistry Departments in the Government Arts College, Rajahmundry, — to be designated 'Lecturer' (M.E.S.)

(1) Lecturer in English

The staff of the English Department of the College consists of a Principal in the S.E.S. and three assistant lecturers in the Subordinate Educational Service. The English Department is the most ~~numerous~~ ^{important} as well as the most important department

in a college and the staff sanctioned for it should consequently be adequate not only numerically but also in quality. It is for this reason that for every first grade college in the province a lecturer in English in the M.E.S. has been sanctioned. In the Kumbakonam College where the strength is more or less the same as that of the Rajahmundry College, the staff of the English Department consists of two lecturers in the M.E.S., two assistant lecturers in the S.E.S. and a tutor.

The Principal of the Rajahmundry College has to devote much time and attention to the administrative work of the college and cannot therefore participate to any adequate degree in the actual teaching work. The conduct of ~~by far~~ ^{the} major portion of English teaching in a first grade college by members of the Subordinate Educational Service cannot obviously be considered a sound arrangement. The conversion of

One of the S.E.S. posts into an M.E.S. post is not only necessary but even essential having regard to

While the Kumbakonam College has a Chief Lecturer in the M.E.S. and an assistant lecturer in the S.E.S. for each of the Physics and Chemistry Deptts, the Rajahmundry College has a chief lecturer in the M.E.S. for Physics alone, and 3 asst lecturers in the S.E.S., one for Physics and two for Chemistry. In the Rajahmundry College, itself, while every other department has a Chief lecturer who is either in the S.E.S. or the M.E.S., there is no such provision for the Chemistry department alone. The Royal Commission

On Public Services has observed that the Principal and the Vice-Principal of every well-equipped College should be in class I which corresponds to the I.E.S. There are no posts of Vice-Principals attached to these colleges and the creation of a Senior Lectureship in the Madras Educational Service will meet the requirements of the institutions under reference. Having regard to the magnitude of a second grade college and the disparity that now exists between the status of ^{Principal in the} an Indian Educational Service ~~Principal~~ and the other members of the staff who are only in the subordinate Educational Service, the proposal to have an M.E.S. officer to assist the Principal cannot be considered extravagant and may be approved.

I should have thought that this was a proposal which might very well have awaited a definite improvement in the condition of the provincial finances. With the loss of revenue & increase of expenditure involved by the floods, our condition at the end of the current year will be definitely worse than at the end of last; & if we do succeed in getting some remission of our contribution, a good deal of it will have to be devoted to wiping off our revenue deficit; while there are many other schemes, hung up for years, which will naturally claim precedence.

If my Hon Colleague presses for it however, the note may be put before the Finance Committee

III. Transfer to the M.E.S. of one of the posts of school assistants in each of the three Second Grade Colleges at Coimbatore, Tellicherry and Mangalore to be designated 'Headmaster of the Secondary and Training departments.'

In recommending the conversion of one post of school assistant in each of the three second grade colleges referred to above, into that of Headmaster of Secondary and Training school, the D.P.I. in his letter no. 2033 dated 22.9.23 wrote as follows:--

" I have for some time past been engaged in considering the desirability of amalgamating the High School and the Secondary Training School in the same locality with a view to placing them under one headmaster who will be responsible for the organisation of both the theoretical and the practical training of the students under training and have come to the conclusion that such amalgamation is desirable. The Secondary Training schools at Saidapet and Rajahmundry are integral parts of the training colleges to which they are attached and do not therefore require a separate headmaster in the M.E.S. The other secondary training schools are at Coimbatore, Tellicherry and Mangalore. The two former use the school departments of the colleges to which they are attached as practising sections, while the third has a separate model school sanctioned for it. The organisation of the Secondary school which is very large in all the three institutions, and the secondary training schools will require a full-time headmaster, who, though subject to the control of the Principal, will be immediately responsible for the work of the department under his charge. The work cannot be left to the Principal as he has enough teaching and other

work to do in connection with the college department and the institution as a whole. At present, headmasters of training schools are included in the school assistants' cadre, and the supervision of the secondary department in second grade colleges entrusted to the Principal who is assisted by one of the teachers of the school.

The D.P.I. has been endeavouring to amalgamate the secondary training departments in these stations with the colleges so as to make them part and parcel of the latter. Such amalgamation has been partially carried out in the case of Coimbatore and a proposal to the effect as regards Tellicherry is under consideration. The proposed amalgamation is an economical arrangement calculated to serve two ends, securing of efficient supervision for the secondary and the training departments. To give make the scheme a success, it is necessary that the headmaster of the secondary and training departments should be a gazetted officer. Such an officer would exercise efficient supervision over the work of these two departments and secure satisfactory co-ordination between them.

Note by the Law (Education) Department

So early as 1920, the D.P.I submitted proposals for inclusion in the M.E.S of ²⁶(27) posts, either borne on the cadre of the S.E.S or outside the regular cadre. Of these posts, only one relating to the post of Superintendent, Vocational training was then ~~disposed of~~ ^{dealt with}. As for the rest of the scheme, it was considered that, in the then ~~the~~ state of provincial finances, it was not possible to proceed with it. The D.P.I. was at the same time informed that the scheme could be brought forward, if and when the state of provincial finances improved.

2 In September 1923, the D.P.I renewed his ~~proposals~~ proposal for the transfer of posts from the S.E.S to the M.E.S, but limited them to the more important ones viz, those dealt with in this note. The proposals were then supported in this department and placed before the Finance Committee as Part II schemes for 1924-25, with the concurrence of ^{the} ~~Finance~~ ^{Dept} Finance. The Finance Committee placed the proposals in ~~the third class~~ ^{III} except the one relating to the transfer of the lecturership in Chemistry in the Arts College, Rajahmundry, which was included in class IV. They may be recommended for consideration in connection with the B.E for 1925-26.

Madras Educational Service is only 52 (48 permanent, plus 4 temporary) as against (56 permanent plus 5 temporary) 61 posts on the 1st Jan. 1920. The following is a classification of the 61 posts included in the cadre of the M.E.S. on the 1st Jan. 1920:--

Administrative.

P.A. to the D.P.I.	...	1
Inspectors of schools.	...	6

The post of Asst. Professor of Hygiene was transferred to the Medical Department and the number of Asst. Inspectors was reduced from 11 to one, in consequence of the re-organisation of the inspecting agency. Thus the total number of ~~officers~~ removed from the cadre of the M.E.S. was 28. Against the above reduction, the following additions have been made to the cadre:--

District Educational Officers	...	15
Agency Educational Officer.	...	1
Superintendent, Government Junior Certified School, Ranipet.	...	1
Temporary Professor of Technical Chemistry, College of Engineering,	...	1
Lecturer in History, Government Training College, Rajahmundry.	...	1
Total.	-----	19

Thus, there has been an addition of 19 posts to the cadre, while 28 posts have been removed from it. The present strength of the cadre is 52, (48 perm. plus 4 temp.) classified as shown below:--

<u>Administrative.</u>		
Personal Assistant to the D.P.I.	...	1
District Educational Officers.		15 (12 perm. plus 3 temp.)
Asst. Inspector of European schools	-----	1 (held in abeyance.)
Headmasters of high schools.	...	5

	-----	52

From the above, it will be seen that, since the 1st Jan. 1920, the chances of promotion to the M.E.S. of subordinate officers of the Educational Service, especially of the Collegiate branch, have been diminished.

The financial effect of the proposals is detailed below:--

(a) Extra average cost.		
(i) Transfer of 5 posts from the S.E.S. (Collegiate Branch) to the M.E.S. (528 1/2 - Rs. 187 1/2) each p.m.		20,475
(ii) Transfer of 3 posts of school assistants to the M.E.S. (528 1/2 - Rs. 122 2/3) each p.m.		14,620
Total.	-----	35,095

(b) Extra cost in 1925-26.		
(i) Transfer of 5 posts from the S.E.S. (Collegiate Branch) to the M.E.S. - 1 at Rs. 250; 3 at Rs. 242 1/2 each p.m.; and 1 at Rs. 250 - 212 1/2 p.m. for 8 months.		480

Budget Estimate 1925-26 -Part II scheme.

Subject:- Transfer of eight posts from the Subordinate Educational Service to the Madras Educational Service.

Proposals of the Director of Public Instruction.

1. Transfer to the Madras Educational Service of one of the posts of Assistant Lecturers (Subordinate Educational Service) in each of the English and Chemistry Departments in the Government Arts College, Rajahmundry - to be designated 'Lecturer' (Madras Educational Service).

(1) Lecturer in English.

The staff of the English Department of the college consists of a Principal in the Indian Educational Service and three assistant lecturers in the Subordinate Educational Service. The English department is the largest and most important department in the college, and the staff sanctioned for it should consequently be adequate, not only numerically but also in quality. It is for this reason that, for every first grade college in the mufassal a lecturer in English in the Madras Educational Service has been sanctioned. In the Kumbakonam College where the strength is more or less the same as in the Rajahmundry College, the staff of the English department consists of two lecturers in the Madras Educational Service, two assistant lecturers in the Subordinate Educational Service and a tutor. The Principal of the Rajahmundry college has to devote much time and attention to the administrative work of the college and cannot therefore participate to any adequate degree in the actual teaching work. The conduct of the major portion of English teaching in a first grade college by members of the Subordinate Educational Service cannot be considered a sound arrangement.

The

2-29 17

Educational

The conversion of one of the Subordinate ~~Engineering~~ service posts into an Madras Educational Service post is essential having regard to the importance of English teaching in a first grade college.

(2) Lecturership in Chemistry.

The Government Arts College, Rajahmundry, like the Kumbakonam college is affiliated to the Madras University in Group (I) of the Intermediate, and Groups I and II-A of the B.A. pass course. The staff sanctioned for the science department of the former, however, differs from that sanctioned for the latter. While the Kumbakonam college has a chief lecturer in the Madras Educational Service and an assistant lecturer in the Subordinate Educational Service for each of the Physics and Chemistry departments, the Rajahmundry College has a chief lecturer in the Madras Educational Service for Physics alone, and three assistant lecturers in the Subordinate Educational Service one for Physics and two for Chemistry. In the Rajahmundry college, itself, while every other department has a chief lecturer who is either in the Indian Educational Service or the Madras Educational Service, there is no such provision for the Chemistry department. The appointment of a lecturer of sufficient status who will be responsible for laboratory work as well as for instruction in Chemistry is necessary, and the conversion of one of the two posts of assistant lecturers in Chemistry in the Subordinate Educational Service into a post of lecturer in the Madras Educational Service is therefore essential.

II. Transfer to the Madras Educational Service of one of the posts of Assistant Lecturers (Subordinate Educational Service) in each of the three Second grade colleges at Coimbatore, Tellicherry and Mangalore - to be designated Senior Lecturer (Madras Educational service).

Of the four Government Second Grade colleges (Palghat, Coimbatore, Tellicherry and Mangalore) the Victoria College, Palghat, alone has a senior lecturer in the Madras Educational Service. The existence on the staff of each of these colleges of an officer of the Madras Educational Service is necessary, not only to bridge the wide gulf between the Principal in the Indian Educational Service and

3. 30
18

(namely,
Coimbatore,
Telli-
cherry
& Mangalore.)

and the other members of the staff who are all in the Subordinate Educational Service, but also to afford relief and assistance to the Principal in the discharge of his administrative duties. The Royal Commission on Public Services has observed that the Principal and the Vice Principal of every well-equipped college should be in class I, which corresponds to the Indian Educational Service. There are no posts of Vice-Principals attached to these colleges and the creation of a senior lecturership in the Madras Educational Service will meet the requirements of the institutions under reference. It would also remove the inequalities arising at present from the principle of promotion according to subject vacancies which is generally followed in the collegiate branch of the service and thus diminish to a certain extent the discontent now prevailing among the members of that service.

III. Transfer to the Madras Educational Service of one of the posts of school assistants in each of the three Second Grade Colleges at Coimbatore, Tellicherry and Mangalore to be designated "Headmaster of the Secondary and Training departments".

In recommending the conversion of one post of school assistant in each of the three second grade colleges referred to above, into that of Headmaster of Secondary and Training school, the Director of Public Instruction in his letter H.C.C. No. 2033 C/23 dated 22-9-23 wrote as follows:-

"I have for some time past been engaged in considering the desirability of amalgamating the High School and the Secondary Training School in the same locality with a view to placing them under one headmaster who will be responsible for the organisation of both the theoretical and the practical training of the students under training and have come to the conclusion that such amalgamation is desirable. The Secondary Training schools at Saidapet and Rajahmundry are integral parts of the training colleges to which they are attached and do not therefore require a separate headmaster in the Madras Educational Service. The other secondary training schools are at Coimbatore, Tellicherry

31/19
and Mangalore. The two former use the school departments of the Colleges to which they are attached as practising sections, while the third has a separate model school sanctioned for it. The organisation of the Secondary school which is very large in all the three institutions, and the secondary training schools will require a full-time headmaster, who, though subject to the control of the Principal, will be immediately responsible for the work of the department under his charge. The work cannot be left to the Principal as he has enough teaching and other work to do in connection with the college department and the institution as a whole".

At present, headmasters of training schools are included in the school assistants' cadre, and the supervision of the secondary department in second grade colleges is entrusted to the Principal who is assisted by one of the teachers of the school. The Director of Public Instruction has been endeavouring to amalgamate the secondary training departments in these stations with the colleges in the locality so as to make them part and parcel of the latter. Such amalgamation has been partially carried out in the case of Coimbatore and a proposal to the same effect as regards Tellicherry is under consideration. The proposed amalgamation is an economical arrangement calculated to serve two ends, viz. securing of efficient supervision both for the secondary and the training departments. To make the scheme a success, it is necessary that the headmaster of the secondary and training departments should be a gazetted officer. Such an officer would exercise efficient supervision over the work of the two departments and secure satisfactory co-ordination between them.

Note by the Law (Education) Department.

So early as 1920, the Director of Public Instruction submitted proposals for inclusion in the Madras ~~Ministry~~ Educational service of 20 posts, either borne on the cadre of the Subordinate Educational Service or outside the regular cadre. Of these posts, only one relating to the

post

31 32
20

post of Superintendent, Vocational training was then dealt with. As for the rest of the scheme, it was considered that, in the then state of provincial finances, it was not possible to proceed with it. The Director of Public Instruction was at the same time informed that the scheme could be brought forward, if and when the state of provincial finances improved.

2. In September 1923, the Director of Public Instruction renewed his proposals for the transfer of posts from the Subordinate Educational Service to the Madras Educational Service, but limited them to the more important ones viz., those dealt with in this note. The proposals were then supported in this department and placed before the Finance Committee as Part II schemes for 1924-25, with the concurrence of the Finance Department. The Finance Committee placed the proposals in class III except the one relating to the transfer of the lecturership in Chemistry in the Arts College, Rajahmundry, which was included in class IV. No provision was accordingly made in the Budget Estimate for 1924-25. The Director of Public Instruction has again renewed his proposals for the transfer of 8 posts from the Subordinate Educational Service to the Madras Educational Service. They may be recommended for consideration in connection with the Budget estimate for 1925-26.

3. In this connection, it may be pointed out that the number of posts now included in the cadre of the Madras Educational Service is only 52 (48 permanent, plus 4 temporary) as against (56 permanent plus 5 temporary) 61 posts on the 1st January 1920. The following is a classification of the 61 posts included in the cadre of the Madras Educational Service on the 1st January 1920:-

Administrative.

Personal Assistant to the Director of Public Instruction.	..	1
Inspectors of schools.	..	6
Asst. Inspectors of schools	..	11 (excluding 3
Headmasters of high schools.	..	5 held in abey-
Superintendent of Sanskrit schools.	..	1 ance).

Collegiate.

Professors in colleges.	..	7
Lecturers in colleges (Arts and Professional)	..	22
Principals of second grade colleges.		4
Assistant Professor of Hygiene, Medical College.		1
Instructor in Surveying, College of Engineering.		1
Temporary Professor, Presidency College		1
		36

Special.

Deputy Superintendent, Reformatory School, Chingleput.		1

Grand Total.		61

4. In consequence of the re-organisation of the superior educational services in 1920, the undermentioned 17 posts formerly included in the Madras Educational Service were transferred to the Indian Educational Service:-

Professors of colleges.	7
Inspectors of schools	6
Principals of second grade colleges.	4

	17

The post of Assistant Professor of Hygiene was transferred to the Medical Department and the number of Assistant Inspectors was reduced from 11 to one, in consequence of the re-organisation of the inspecting agency. Thus the total number of posts removed from the cadre of the Madras Educational Service was 28. Against the above reduction, the following additions have been made to the cadre:-

T. 33 34 22

District Educational Officers	15
	(12 permanent plus 3 temporary.)
Agency Educational Officer. ..	1
Superintendent, Government Junior Certified school, Ranipet.	1
Temporary Professor of Technical Chemistry, College of Engineering.	1
Lecturer in History, Government Training College, Rajahmundry.	1
Total ..	19

Thus, there has been an addition of 19 posts to the cadre, while 28 posts have been removed from it. The present strength of the cadre is 52, (43 permanent plus 4 temporary) classified as shown below:-

Administrative.

Personal Assistant to the Director of Public Instruction.	1	
District Educational Officers.	15	(12 permanent plus 3 temporary)
Assistant Inspector of European schools	1	(held in abeyance).
Headmasters of high schools	5	
Superintendent of Sanskrit schools	1	
Agency Educational Officer.	1	
	24	

Collegiate.

Additional Professor to assist the Principal, Presidency College.	1	
Temporary professor of Technical Chemistry, College of Engineering.	1	
Lecturers in colleges.	23	
Instructor in Surveying, College of Engineering.	1

23

Special.

Superintendent, Reformatory School, Chingleput	..	1
Superintendent, Government Junior Certified school, Ranipet.	..	1
		2
		52
Grand Total	..	52

5. From the above, it will be seen that, since the 1st January 1920, the chances of promotion to the Madras Educational Service of subordinate officers of the Educational Service, especially of the Collegiate branch have been diminished.

6. The financial effect of the proposals is detailed below:-

(a) Extra average cost.

(i) Transfer of 5 posts from the Subordinate Educational Service (Collegiate Branch) to the Madras Educational Service (Rs. 528½ - Rs. 187½) each per mensem.	Rs. 20,475 per annum.
(ii) Transfer of 3 posts of school assistants to the Madras Educational Service (Rs. 528½ - Rs. 122 2/3) each per mensem-	Rs. 14,620 do.
Total ..	Rs. 35,095

(b) Extra cost in 1925-26.

(i) Transfer of 5 posts from the Subordinate Educational Service (Collegiate Branch) to the Madras Educational Service.- 1 (no extra cost); 3 at (Rs. 250-Rs. 242½) each per mensem; and 1 at (Rs. 250-Rs. 213½) per mensem for 8 months.	Rs. 480
(ii) Transfer of 3 school assistants from the Subordinate Educational Service to the Madras Educational Service at Rs. 250-220) each per mensem for 8 months.	Rs. 720
Total.	Rs. 1,200
