I. ELEMENTARY EDUCATION BUDGET.

1. Revised figures for 1924-25---

The revised estimate of income and expenditure proposed by the Chairman is approved.

(i) Income---

	Budget- 1924-25	Revised 1924-25
Opening balance	6,640	9,160 Due to less expenditure under contingencies & other items, ordinary, & under Capital heads
Receipts	35,640	36,110 Due to the increased grant under provision to Sec: 37.
	42,280	45,270
(ii) Expenditure	42,030	41,750 Due mostly to increase provision under pairs-buildings.
(iii) Closing balance	250	3,520

Budget estimate for 1924-25.

The draft proposals made by the Chairman in consultation with the Educational authorities were scrutinized by us. When we are in agreement with these proposals, we desire to record below the more important points placed before us by the Committee which engaged ^{our} special consideration.

- (i) There are at present five peons employed in the Municipal Elementary schools; one on Rs .12/-, one on Rs .9/-, and three on Rs .8/- each. The question as to whether there is any necessity for these peons was discussed at length and it was finally decided that barring the two men employed in the Adi Dravid school Kaska on (Rs .8) and the Government Muhammad Girls' school now under control (as 12), the remaining three peons need not be continued. We like to quote here the opinion of the District Officer in record.

240
The reasons for retention of the peons in the Girls' school and the Adi Dravida school are (i) the cost of the maintenance of the Girls' school is wholly maintained from Provincial funds and the peon employed here having put in long service in the Government may become entitled to pension and (ii) it is necessary for some time to come to canvass the attendance of the pupils of the backward classes more actively and for this purpose, the services of a full time hand ~~are~~ essential.

The savings we thus effect will come to Rs. 300/-. In this connection we would recommend to the Chairman that the men proposed to be thrown out may be accommodated in vacancies, if any, in the other departments.

(ii) The suggestion of the Chairman to employ a peon for the -- Superintendent of Elementary schools, meets with our approval. At first, we thought that this was a superfluity. The necessity for this additional hand seems to be (i) to assist the Superintendent in his census work, (ii) to serve notices on the parents of defaulting boys, (iii) to attend to the delivery of tappals to the teachers in charge of our schools. We would recommend that this additional hand be engaged temporarily for a year and the question of making this post permanent may be considered later. The pay of the peon should be fixed at Rs. 8/- per mensem. One of the peons proposed to be thrown out will get in here.

(iii) The application of the Superintendent for increased pay has been recommended by the Chairman. He now gets Rs. 50/- per mensem. In view of the increased work and the inspections he has to make daily of the night schools, we recommend that his pay be graded as 50-5-75 (Annual) and that he be given Rs. 55 from the 1st January 1925 considering his past service.

(iv) V. Ramakrishna Reddi, Head master, Kosapet school and W. Vijayaraghava Ayyar, 1st Asst., Saidapet Hindu school, have been recommended for an increase in their pay. In view of the long services put in by these two men, we agree to the proposal of the Chairman to give each of them Rs. 1 increment. V. Ramakrishna Reddiyar will get Rs. 34 and Vijayaraghava Ayyar Rs. 25 plus 9 personal allowance. Similarly we would recommend ~~that~~ Simon Grace, assistant teacher in the Girls' school of Kolakaren street may be given Rs. 17 from 1-4-1924.

(v) As recommended by the Chairman, we find that additional hands are necessary for the two Girls' schools in Thottapalayam and Kolakaren street. In the latter school, one of the sanctioned posts is left vacant. It may be filled up. For the Thottapalayam school, one additional teacher on 15-1-25 may also be sanctioned.

(vi) The Deputy Inspector in charge of the Girls' schools recommends strongly the employment of a ~~new~~ music teacher for the girls' schools. We consider this addition necessary and -- desirable. One teacher on Rs. 15/- per mensem is therefore recommended.

(vii) The question of improving the pay of the teachers in Rafai Mussalman school as suggested by the Deputy Inspector of schools may in our opinion be held over for the present. We find the teachers employed are all untrained.

(viii) Free distribution of books and slates should be made to poor boys in Adi Dravida schools. Necessary provision has been made for this purpose.

of introducing in the Municipal schools insting and weaving yet remains to be given. niyam, a member of our committee has pro scheme. Tentatively we provide Rs. 250/- retained in the revis

for the girls of the Adi Dravida school. This question should be taken on hand early, though not now.

(xi) We find sufficient allotments have been made by the Chairman for equipment and maintenance of school buildings.

(xii) There seems to be no immediate necessity to open additional Day schools. It may become necessary to open few more night schools. Necessary provision has been made for this purpose.

The budget as thus worked out is appended below:-

Chairman.

2. Para 2. The amounts required for Capital expenditure during 1923-24 and 1924-25 were appropriated from the total receipts -- under Elementary Education fund "Ordinary". These entries were not shown in the budget, as there is no ^{Column} collection provided there for this purpose.

3. Para 4. On examining the figures again, I find that the opening balance of 3520 shown in the summary accompanying the budget --

The Council should have split up its contributions and show them separately under Capital and ordinary
