To

The Secretary to Government,

Law (Education) Department

Sir,

*ostel - Government Training School, Villupuram -

With reference to the correspondence ending with my
letter R.C.No. 4911/20 dated 21st March 1922 and recorded in
G.O.No. 433 Law (Education) dated 7th April 1922 in connection
with the acquisition of sites for constructing a hostel for
the Government Training School, Villupuram, I have the honour
to state that the District Educational Officer, South Arcot
District suggests that a large tiled shed at a moderate cost
can be constructed for use as hostel in the southern portion
of the school compound itself. A sketch plan and an approxi-
mate estimate amounting to Rs 13,100 for the proposed shed
are herewith submitted for approval.

I have the honour to be,

Sir,

Your most obedient Servant.

The question of
acquiring land for the construction
of a hostel for the Govt. training
school, Vilupuram, was considered
in 1921-22 ~~and~~ and it was decided to

drop the acqⁿ. proposal, in view
of the ^{high cost of the} ~~side proposed~~ ~~and~~ and
the financial position of Govt.

The Director now submit a sketch
plan and an approximate estimate
of Rs. 13,100 for the construction of
a tiled shed for use as a hostel
in the school compound itself.

The Director has not referred to
the question of provision for the
work, but, by sending the case
up to Govt. at this stage, it is
apparently ~~that~~ his intention that
provision for it should be
made in the next year's budget.
The work is a major work and

 according to recent instructions, administrative approval can be accorded to works only after provision therefor has been made in the budget. The construction of the shed is not likely to occupy long and, if prov. is made in the next year's budget, the work can very likely be completed during that year itself. A provision of Rs. 13,100 may therefore be made for the work in the next year's budget.

The shed file may be sent to the Finance Dept. no.

There is no indication that the work is so very urgent that it cannot bear postponement until the financial conditions improve. If the Law Dept. press for the scheme, they may be requested to prepare a note for the Finance Committee.

It is my intention that funds be provided for this work in the Budget of 1924-25. I have hopes, however, that the examination of the scheme that is required in the Educational Secretariat and the Finance Secretariat will be completed in time for Budget provision to be made for the year 1925-26.

Note for the Finance Committee.

Budget Estimate 1925-26 - Part II Schemes

Subject: - Hostel for the Government Training School
for Masters, Villupuram.

Construction of a

Proposals of the Director of Public Instruction.

The Government Training School for Masters,
Villupuram, is of the secondary grade. On the 31st
March 1924, the number of teachers under training
in it was 164 (-59 of the secondary grade and 105 of
the elementary grade). The Director of Public Instruc-
tion proposes that a hostel may be constructed for the
school at an estimated cost of Rs. 13,100 to be used
by the students undergoing training.

Note by the Law (Education) Department.

There are two hostels attached to the school,
one for Brahmin students and the other for non-Brah-
min students. These are located in rented buildings
in different parts of the town and are about half a
mile from each other. The desirability of bringing
the two hostels closer together was suggested by the
late Minister, Diwan Bahadur Subbarayulu Reddiyar.
He visited the institution on the 18th January 1921
and recorded (as follows) in his inspection note: -

" There was no need for the distinction,
Brahmin and non-Brahmin, being made between the two
hostels and a more practical and useful course to

ed
ces.

adopt was to locate the two hostels as near to each other as possible, if not in the same building, and to mix them up in lodging in order that a feeling of friendliness might be fostered between the two sets of pupils."

2 The question of acquiring a site in the vicinity of the school was ~~shortly after~~ ^{in 1921} considered but dropped on account of the high cost of acquisition. Last year, it was suggested by the District Educational Officer that a spacious tiled shed could be constructed at a moderate cost in the southern portion of the school compound, thus obviating the need for the acquisition of a separate site. The D.P.I. supported the proposal and furnished a sketch plan and approximate estimate for Rs. 13,100.

On a further reference made to the Director, it was ascertained that it would suffice if provision was made for the work in 1925-26. It is reported that on the 31st March 1924, 46 of the teachers under training were residing in the two rented buildings in which the hostels are now located. As hostel accommodation in a training school is a necessary adjunct and as the present proposals ^{are} ~~form~~ an economical way of providing it, the ~~proposal~~ ^{scheme} is recommended for acceptance. The work is simple and can be finished in a year. Provision for the full cost of the work, namely, Rs. 13,100 may be made in the budget estimate for next year.
