R.O.C. No. 3152-D/22

Station Madras, Dated the 7th August 1923. 192

From (Name) R. Littlehailes Esq. M.A.,

(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,

Law (Education)

Department.

Sir,

I have the honour to state that the correspondent, Hindu College, Tinnevely, reports that a scheme for manual training in wood work has been introduced in the college and that the class has been in existence since the beginning of the school year 1921-22.

2. Instruction is given to about 397 pupils of forms I to ~~III~~ of the High school in batches of 40 at a time half doing wood work and half mechanical drawing at the same time so that an assistant Instructor is considered necessary by Mr. Porrett in addition to the vocational Instructor who teaches these classes at present.

3. According to the Adviser's estimate the recurring

carpenter
x 20/10

and non recurring charges of the scheme amount to Rs ¹⁰⁶⁶~~100~~/- and Rs 1,600/- respectively as noted in the margin.

NON RECURRING
Tools and equipment .. Rs 1,600

RECURRING.
Salary of Instructor @ Rs 45 per mensem less the amount already granted by Government for the vocational Instructor @ Rs 30 p.m. i.e. balance due @ Rs 15 per mensem
Salary of a local carpenter @ Rs 20/- per mensem
Contingency allotment for 397 pupils
Repair of tools

50

1066

(4) The Honourary Secretary, Hindu College, Tinnevely requires that 2/3rd of the cost may be borne by Government stating that in the present financial condition of the college the management cannot afford to contribute more than 1/3rd of the total cost of

the scheme.

5. As regards their financial condition I may state that in 1920-21 they contributed Rs 8741-2-6 for the up keep of the college. In 1921-22 their contribution was Rs 2219-8-1 while in 1922-23 it was only Rs 1016-15-3.

Further I find from the latest Tabular Inspection Report that there are 448 members of the educational Society which maintain the college and that the amount due from them is Rs 17743-8-0. If this amount were collected the management can certainly contribute one half.

6. In these circumstances I am not prepared to recommend that Government should contribute more than the half cost of the scheme.

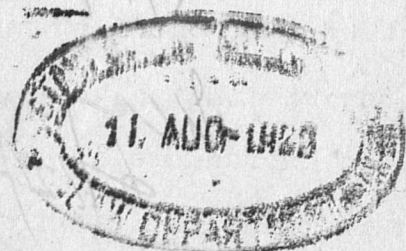

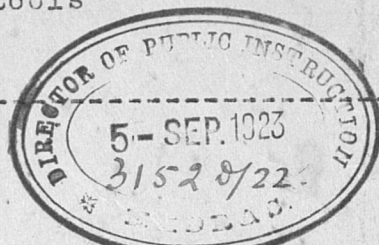

I have the honour to be,

Sir,

Your most obedient Servant

for Director of Public Instruction

C.No.3064 B

From the D.P.I. No: R.O.C, 3152/23 dated the 7th August 1923.

Subject:--Teaching of wood-work in the Hindu College, Tinnevely.

U.S.

② In G.O. 763 Law(Education), dated 20-6-22, the Government sanctioned the introduction of vocational training in carpentry in the IV & V Forms of the School department of the Hindu College, Tinnevely, and also sanctioned a grant to meet the entire recurring and non-recurring charges on account of the scheme during the last year. It is now reported that a manual training class in wood work has been in existence in the school since the beginning of the school year 1921-22 and the correspondent asks for a grant of $\frac{2}{3}$ of the cost of the manual training class. 397 pupils ^{of forms I to IV} are reported to be attending the manual training class. It is not known what the strength of the class was in the two previous years nor has any information been furnished as to ^{whether} ~~whether~~ the pupils ^{of all the above forms} ~~of which~~ attended the manual training class in the previous years. If the manual training class is being run at present for the same number of students and for the pupils of the same classes as in previous years, there is not likely to be any additional expenditure incurred by the management in the current year over and above what was incurred by them in previous years. In that case it is not known why the

p. 2 of
p. 1 of

RECEIVED

management which has been meeting the entire cost during the last two years should not continue to do so in the current and future years also. The D.P.I., may perhaps be consulted on the above point.

80x
1-9-23
Presumably the amount of expenditure on account of the Manual Training Class was included in the accounts of the Institution for the two previous years and the School earned a half grant on it. If so, the present request is for an enhanced rate of grant - two thirds against half. No special reasons have been adduced to justify the request.

U.O. Reply No. 3152-D-2-2-2-2

No teaching grant has been sanctioned hitherto for the class in question.

I enclose relevant extracts from a letter dated 11th November 1923 received by the D.E.O., Tinnevely, from the Honorary Secretary of the Hindu College, Tinnevely. It includes a letter from the Principal of the College to the Honorary Secretary of the Hindu College Committee.

X X X X X X

p 4 infra

I have the honour to forward herewith a copy of the Principal's report showing the strength of the Manual Training class in wood work in the two previous years, i.e. 1921-22 and 1922-23, and the expenditure incurred by the Management in the current year, 1923-24, over and above what was incurred by them in previous years,

As regards the question why the Management which has been meeting the entire cost of the Manual Training class during the last two years should not continue to do so in current and future years also, I am to point out that in the current year the boys are given instruction in wood-work and Mechanical drawing according to the scheme approved by Mr. Porrett, the Vocational Advisor to Government. This requires more furniture and complete set of tools, the total cost of the scheme amounting to Rs.2666-0-0.

X The expenditure during the last two years was small. A sum of Rs.713-9-7 was spent in purchasing work benches, tools, furniture, etc., but as these tools and furniture were also utilized for vocational class in carpentry, the charges amounting to Rs.632-9-2 were met from the grant for the Vocational scheme sanctioned by Government in G.O.No.763 Law (Education) dated 20-6-1922. Thus, the net cost was only Rs.81-0-5. Including the Teacher's salary for the period amounting to Rs.382-8-0, the total expenditure on account of the Manual Training class during the last two years was Rs.463-8-5. It may be noted that even this small expenditure was incurred by the Management in the hope that grants would be sanctioned by Government for the Manual Training scheme in due course X X X X

In this connection --- it has been already pointed out (1) that the college worked at a loss of Rs.11,955-0-0 during the last two years, 1921-22 and 1922-23, and that a further deficit of Rs.3000-0-0 is expected during 1923-24; and (2) that in the present financial condition, the Management cannot afford to contribute more than one-third of the total cost of the scheme.

In these circumstances, I am to request that the grant applied

for may be sanctioned in respect of the expenditure incurred by the Management, on account of the Manual Training class attached to the Hindu College, Tinnevely.

Extracts from the letter of the Principal to the Honorary Secretary of the Hindu College Committee.

The strength of the Manual Training class in Wood work in 1921-22 and 1922-23 was as follows:-

	IV form	III form	Total
1921-22	106	112	218
1922-23	105	85	190
			408

Remarks:-Boys of the II and I forms were receiving instruction in Mechanical drawing, card board modelling and paper folding.

In previous years, the work benches and tools of the vocational training class were used by the two batches of the Manual training section consisting of 20 pupils each. In the 2 previous years, each batch received instruction in wood-work for one period a week. For want of work benches, only 12 pupils of each batch were able to work at a time---the average time spent by each pupil in wood work being only 25 minutes; so the expenditure in the Manual Training section was comparatively small during the last 2 years.

This year boys of I, II, III and IV forms are given instruction in wood work and mechanical drawing for two periods a week in accordance with Mr. Porrett's instructions. For this more furniture and a complete set of tools are required. The teachers' salary also has to be taken into account.

Non-recurring expenditure Rs.1600
Recurring expenditure
(annual) 1066
2666

The expenditure incurred ~~last~~ ^{this} year (last two months) up to 10-10-23 (excluding teachers' salary) Rs.105-6-7.

(True Extracts)

5

Mr 3-4 ante

From the letters of the Honorary Secretary and the Principal of the Hindu college, Tinnevely, it is observed that the present expenditure on the manual training class is ~~considerably higher~~ ^{much more} than the expenditure incurred in the last two years and that instruction is now imparted to pupils in forms I to IV instead of to pupils in forms I & II only as before. A grant may, therefore, be sanctioned from Provincial funds.

p. 4 ante

p. 3 ante

p. 2 of

As regards the rate of contribution, the management is reported to be unable to contribute more than one-third of the cost, which the D.P.I. recommends only a half grant. It is for orders whether the Govt may decide to consider the scheme unless the management undertakes to contribute one-half of the cost.

p. 2 of

p. 3 of Govt

763
20.6.22 (Q)

With regard to the items of recurring expenditure, it ~~is~~ ^{may be} observed that the Govt are already meeting from Provincial funds two-thirds of

of the pay of the Instructor. No further contribution in this respect seems necessary. If this item is omitted, the total expenditure on the scheme will amount to Rs 2,486 (Rs 1600 non-recurring and Rs 886 recurring) and the Provincial Contribution to Rs 1,243.

3. The D.P.I. will presumably submit a separate application for the continuance of the grant sanctioned for the carpentry class.

The management of the Hindu College, Tirunelveli, agrees to meet one-half of the charges in this case. A draft order sanctioning the grant is submitted for approval. As the class has already been opened, the recurring grant may be based on 12 months' charges in the current year. The draft, if approved, may be sent to Finance for acceptance.
