Part II- Budget Estimate - 31-Education.

Proposals of the D.P.I.

Head of charge.	I t e m.	Budget Estimate 1925-26. Rs.	Ultimate cost. Rs.
31-B(b)(iii)-Education- Secondary-Transferred- Grants to local bodies, for secondary education.	Grants for furniture and equipment.	15,000	...

Remarks of the D.P.I.

For details please see annexure No. (9). Almost all the schemes mentioned in the annexure are under the Director's consideration. In view of the insistent demand for grants for equipment the current year's provision of Rs. 15,000 has been repeated for 1925-26 also as against a total demand of Rs. 25,000. In all except one case provision has been made for only half-grants.

Item (13) on
p. 1. ante

PTO

In the current year's budget there is a provision of Rs 15,000 for subsidies to local bodies for the equipment of secondary schools under their control. Out of this provision a sum of Rs 14,300 has recently been distributed and proposals for the distribution of the balance are under consideration. The provision proposed for the next year does not seem high. It may be accepted and the file passed on to Finance U.O.

The Law (Education) Dept has been informed in the case re building grants for aided colleges and schools (Transferred) that the Part II demand should include only schemes which are approved or mature before 1st November 24.

The same principle is applicable to equipment grants also in the present case.

The Law Dept. may therefore be requested to omit from the demand all items which will not fall under A above.

A consolidated note for the total demand should be placed before the Finance Committee.

Committee, the amount included in Part I being specified and the items falling under Part II being set forth clearly. (Para 19 of G.O. 527 F. d. dt. 17 July 1924.)

The note for the Finance Committee should describe the system followed in the payment of these grants and as suggested in other cases the following statement may be adopted the individual items in Part II being given in a separate annexure

Law (Education) Department.

The Finance Department suggests that applications for subsidies for equipment, which have not been considered before 1st November, should not be included in Part II. If this suggestion is accepted, only one case out of the 22 cases in the D.P.I.'s list can be provided for in the next year's budget. The amount involved in that case (furniture for the Municipal High School, Ootacamund) is Rs 238. Large sums are spent every year on staff, contingencies if the schools are not provided with the necessary equipment the work in them will suffer. Prior to 1922-23, it was usual to provide a sum of Rs 10,000 every year for subsidies to local bodies for the equipment of secondary schools. In addition, special provision

was made in some years for this object when funds were available. The cases mentioned in the D.P.I.'s list which are now under consideration may become ripe for payment in the next year. Except in one or two cases, the D.P.I. provides only for a subsidy of one-half of the cost. Against the total amount of Rs 25,000 required for all the cases included in the list, the Director asks for only Rs 15,000 for the next year. This is the same as the provision made in the current year's budget. It is for orders whether this provision may not be allowed. The file may be submitted to M.2. and C.4. for orders.

I press for the provision -
as a technical fund
a real necessity
but he retorted which
will lead to great in-

- Concurrence -
12/11/24

If the Govt have undertaken to pay half the cost of equipment of local & municipal secondary schools, I have no objection to a note being put up for the Finance Committee. In any case however funds may not be available.

Rt
22/11/24

With reference to C.4's note on page 5 ante, it is submitted that the Government have not given any specific undertaking to the effect that they will pay ^{one} half the cost of equipment of local and municipal secondary schools. A large number of secondary schools under local bodies are schools opened at the instance of Government. The Government are paying subsidies towards the cost of maintenance of ^{such} schools. Proper equipment is necessary for the efficient working of the ~~the~~ schools and if local bodies are unable to meet the entire cost of such equipment the Government help them. The Government therefore provide every year a lump sum ^{for the} payment of subsidies for equipment. The amount provided during the last few years is noted below:-

		Rs.
1919-20	Usual Provision	Rs 10,000
	Special Spl. Provision	1,00,000
1920-21	Usual Provision	10,000
1921-22	-Do -	10,000
1922-23	-Do -	7,000
1923-24	-Do -	Nil
1924-25	-Do -	15,000
1925-26	Provision proposed.	15,000

It is therefore submitted that a provision of Rs 15,000, as suggested by the D.P.I., may be made in the next year's budget. A note for the Finance Committee is placed below.

Note for the Finance Committee.

Subject.- Part II Budget for 1925-26 - Subsidies
to local bodies for the equipment of secondary schools.

Proposals of the D. P. I.

The Director proposes a provision of
Rs 15,000 in the Budget Estimate for 1925-26 for the
payment of subsidies to local bodies for the equipment
of secondary schools under their control.

Note by Law (Education) Department.

The following statement compares the figures
of expenditure under this head in the last
three years and in the current year and the provision
proposed for the next year:-

Accounts 1921-22	Accounts 1922-23	Accounts 1923-24	Budget Estimate 1924-25	Revised Estimate 1924-25	Budget Estimate 25-26	
					Part I	Part II.
Rs	Rs	Rs	Rs	Rs	Rs	Rs
(Separate figures not avail- able.)	11,281	1,473	15,000	15,000	Nil	15,000

2. Prior to the year 1922-23, a provision of
Rs 10,000 was made every year for the payment of these
subsidies. In addition to this usual provision, spe-
cial provision was made for this object when funds
were available. In 1922-23 the provision made was
Rs 7,000. In 1923-24 a lump sum was allotted for all
kinds of grants to local bodies. In the distribution
of the lump sum, no portion was reserved for the pay-
ment of subsidies for the equipment of schools. For

the current year, the D.P.I. suggested a provision of Rs 24,000 for this object. The Finance Committee recommended a provision of Rs 15,000 and this amount was allotted.

3. So far as the next year is concerned, several local bodies have applied for subsidies for equipment. These aggregate Rs 25,000 in round figures, against which the Director ^{applies} ~~asks~~ for a provision of Rs 15,000. Some of the applications are under the consideration of the Government, while others are under the consideration of the D.P.I. Except in one or two cases, the Director provides for a subsidy of only one half of the cost of equipment, the other half being met by the local bodies themselves. The provision proposed for the next year is the same as that for the current year. Many of the schools for which subsidies are proposed to be given next year ^(have opened at the instigation of) are net cost schools. It is not sound policy to provide ~~costly~~ buildings and staff for schools and to stint the comparatively small expenditure on necessary equipment.

The provision of Rs 15,000 proposed by the Director ^{therefore} may be allowed in the next year's budget.

V. Krishnamma Achariyar

2.12

Note by the Finance Department.

The proposal may be placed before the Finance Committee.

55.15

A provision of Rs. 15,000 has been made in the ^{Budget estimate} ~~Budget~~ for 1925-26 for the payment of subsidies to local bodies for the equipment of secondary schools. The D.P.I. may be requested to submit proposals for the disbursement of the provision. In the linked files there are two applications ^(Subsidies for) for equipment. As the provision made in the Budget will not suffice for all the demands under this head the subsidy will have to be restricted to the ~~most~~ ^{most} urgent cases. The D.P.I. may be requested to consider the two applications in the linked file along with other applications that may be pending or may be received in the current year and send ^{Consolidated} up proposals for the distribution of the amount. A draft memo is submitted. After issue these ~~notes~~ ^{notes} may be recorded.
