From (Name) R.G. Grieve, Esq., M.A.F.R.G. S.,

(Designation) Asst Director of Public Instruction

To The Secretary to the Government of Madras,

Law (Education)

Department.

Sir,

(B)

While replying to para 2 of G.O.No. 1685 Law (Education) dated 1st December 1923 in which the Director was asked to examine the suggestion of the Retrenchment Committee to attach training classes to ordinary schools and to extend the system of paying subsidies towards the cost of maintenance of such classes, Mr. Littlehales has observed as follows in para 1 of his letter R.O.C.No. 2831 of 23, dated 1st October 1924:-

"A saving of money would result only if the opening of the new training classes would allow of the closing down of some of the existing Government Training schools or classes and provided the cost of running the new training classes is less than that involved by the maintenance of the existing Government Training schools or classes turning out the same number

of trained teachers per annum". Agreeably to the above observation, the Hon'ble Sir S.R.M. Annamalai Chettiyar, Manager of the Sri Minakshi College and the Ramaswami Chettiyar Town High school Chidambaram, has come forward with a proposal to take over the management of the temporary Secondary Training class at Villupuram and the Lower Elementary Training school at Chidambaram, provided that Government undertake to bear the full net cost of the former on the analogy of other subsidised secondary Training classes and aid the latter under Chapter VI of the Grant-in-aid Code. To complete the system of training, which according to Sir Annamalai Chettiyar forms an integral part of his scheme of educational foundations at Chidambaram, he is also prepared to open a Higher Elementary Training section and work it on the Grant-in-aid basis. The combined school will be located at Chidambaram.

The proposal, if accepted, would result in savings to Government to the extent of Rs.1800 per annum under maintenance charges alone. I have therefore the honour to recommend the scheme for the favourable consideration of Government.

2. The details of Sir Annamalai Chettiyar's proposal are discussed below:-

(1) Composition of the school. As already stated, the proposed school will consist of three grades, the Secondary, the Higher Elementary and the Lower Elementary. The Secondary Training class at Villupuram and the Lower Elementary Training school at Chidambaram are proposed to be taken over from Government and concentrated at the latter place, a Higher Elementary Training section being opened to make the school a complete training school. Each of the three grades will consist of 2 sections, Junior and Senior, with a maximum of 40 students in each. The R.C. Elementary school and the lower forms of the R.C. Town High school in the locality are proposed to be used for practising purposes.

(2) Staff and establishment. The following staff and establishment have been proposed by the management:-

Designation of post.	Pay per mensem.
Headmaster	150-10-200
1 Assistant L.T.	100-4-120

1 Assistant L.T.	80-4-100
1 do Secondary grade	50-2-70
3 Assistants do	30-2-50 each
Manual Training Instructor	40-2-60
Drawing Master	25-1-35
Physical Training Instructor	25-1-35
Clerk	25-1-35
3 peons	12½-½-15

(3) Accommodation. The management proposes to provide the necessary accommodation for the training school by renting a suitable building near the R.C. Town High school in the locality.

3. The cost of the combined training school, excluding the expenditure on stipends, as estimated by the management works out as follows:-

EXPENDITURE ON STAFF AND ESTABLISHMENT.

Designation of the post.	Scale of pay proposed (monthly pay)	Average pay per mensem.
Headmaster L.T.	150-10-250	183 1/3
1 Assistant do	100-4-120	113 1/3
1 do	80-4-100	93 1/3
1 do Secy. grade	50-2-70	62
3 Assistants do	30-2-50	126 at Rs.42 each
Drawing Master	25-1-35	31
Physical Training Instructor	25-1-35	31
Manual Trg. Instructor	40-2-60	52
Clerk	25-1-35	31 2/3
3 peons	12½-½-15 each	40½ at Rs.13½ each
Management's contribution towards provident fund to staff		260
Total		1024 1/6 per mensem or 12290 per annum

(ii) Rent at Rs.125 per mensem	1500
(iii) Contingencies	1000
Total	14790

4. As pointed out at the outset, the aid for the combined training institution will have to be determined on two different bases, and it is therefore necessary to allocate the staff and expenditure between the secondary and the elementary training

departments. It is also necessary to restrict the expenditure in respect of a few items to the scale of expenditure admissible for similar institutions either under Government or under private managements. For example, the scale of pay of the Headmaster viz., Rs.150-10-200 is somewhat high and it is sufficient if Rs.150 is allowed for the post. This is ordinarily the maximum pay of Headmasters of Higher Elementary Training schools under departmental control. The post of the Headmaster may be attached to the Elementary Training section. There is no objection to allowing two L.T. assistants for the combined school and these may be assigned to the Secondary Training Section. As regards their salary a consolidated sum of Rs.200, being very nearly the approximate monthly average cost of the scales of pay proposed by the management, may be accepted. The salaries proposed for the secondary grade teachers, teachers of special subjects and the clerk are reasonable. But 3 peons need not be allowed as training schools of similar grades and standing under departmental control have only 2 peons. These posts (viz. Secondary grade teachers, teachers of special subjects, clerk and peons) may be taken as being attached to the Elementary Training Department of the combined school. The provision made by the management under 'contingencies' is somewhat high. A sum of Rs.700 per annum should ordinarily suffice for both the departments, Rs.250 being allowed for the Secondary Training department and Rs.450 for the Elementary Training Department. The only other item of expenditure calling for comment is the provision of Rs.125 per mensem for rent. I consider that Rs.75 would be ample in a place like Chidambaram, the expenditure being distributed between the Secondary and Elementary departments in the ratio of 1 : 2.

5. Taking into account the above modifications, the probable average annual expenditure on account of the maintenance of the two departments will be as follows:-

(i) Secondary Department.

(a) Staff	
2 L.T.'s at Rs.200 P.M.	Rs.2400
Provident Fund contribution at half anna in the rupee	75

(b) Rent at Rs.25 per mensem	300

7. With the transfer of the secondary training class at Villupuram and the Lower Elementary Training school at Chidambaram to the control of Sir Annamalai Chettiyar the marginally noted staff sanctioned for the two institutions will not be required with effect from 1st July 1925. The present incumbents of the posts who hold substantive appointments in the department will be transferred elsewhere. In the case of those who hold no substantive

appointments the management will be requested to take them over along with the schools, if it is found impracticable to provide them with suitable posts in this department. Otherwise, they will be given the usual one month's notice to the effect

that their services will not be required after 31st May 1925. The abolition of the posts mentioned above together with the other items of expenditure incurred on the maintenance of the two schools will result in savings to Government to the extent of Rs.1800 per annum under maintenance charges not to mention the pensionary liabilities that will have to be incurred should the institutions in question continue under Government control

(III) Expenditure from Provincial funds on account of grants to the proposed aided school in respect of its maintenance 6600

Net savings to Government. 1800

It may be mentioned in this connection that expenditure on stipends and stipendiary grants has not been taken into account in determining the financial effect of the proposal, as the item is a provincial charge whether the school is under departmental control or under private management. Only an appropriation of funds will have to be sanctioned as in the case of provision for teaching grants and necessary action in this regard will be taken on receipt of orders of Government.

8. Lastly, there is the question of initial equipment. In regard to this, I beg to state that the management has applied for the transfer of the furniture library and other articles, appliances etc., belonging to the two Government institutions proposed to be handed over, and in order to avoid additional expenditure from provincial funds, I would suggest that Government might comply with the request, on the understanding that the articles will be returned to Government if they are not required for educational purposes.

9. As the scheme is proposed to be given effect to from 1st June 1925, I request the favour of very early orders on this communication.

I have the honour to be,
S i r,
Your most obedient servant,

P.V.S. 15/4

for Director of Public Instruction.

Law (Education) Department.

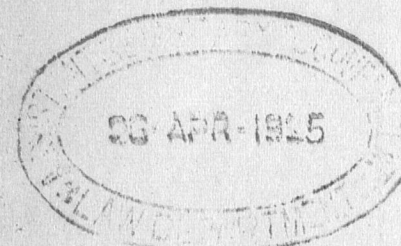

Transfer of the Secondary Training class, Villupuram and the lower elementary training school, ~~School~~, Chidambaram, to the management of the Hon'ble Sir Annamalai Chettiyar.

C.No.1206 C

From the D.P.I. R.O.C.No.693 A/24, dated 12th April 25

The Director's proposals are in conformity with the recommendation of the Retrenchment Committee that the growth of ^{subsidized} training schools should be encouraged. The proposals also result in a saving of Rs 1800 a year to Government, besides leave and pensionary charges in respect of the establishment now employed in the two training schools.

A draft order is submitted for approval. It may be sent to the Finance Department for acceptance of the change of order of sanction.

2. The proposals are in accordance with the recommendations of the Retrenchment Committee at p. 1 of G.O. 1685, Law (Edn.), dated 1-12-23 and may generally be accepted in Finance.

3. The details of the scheme call for the following remarks:-

Staff. Secondary Department. Pay of the two L.T. Assistants. Pay proposed may be accepted.

Staff. Elementary Department. Head Master. The D.P.I. states that the pay of Rs150 is the maximum pay of Head Masters of Higher Elementary Training Schools under Departmental control. The Head Master of the Lower Elementary Training school, Chidambaram, which is to be transferred to the Hon'ble Sir Annamalai Chettiyar is now receiving Rs150. Finance may, perhaps, accept the pay of Rs150 proposed for the Head Master.

Secondary Grade teachers. 1 on Rs50-2-70 and 3 on Rs30-2-50. The pay of secondary grade teachers in Government schools is only Rs35-35-1½-50-1-60. The proposed pay of Rs50-2-70 for ~~the~~ one assistant is excessive. Finance may suggest the adoption of the scale of Rs35-60 for this assistant. For the other three assistants, the proposed scale may perhaps be accepted.

The other items call for no remarks and may be accepted.

4. In the draft put up by the Law (Edn.) Department it is stated that the full net cost of the secondary training class of the new school will be met by Government and the lower elementary training class will receive grant-in-aid. Nothing is stated about the higher elementary training class. According to D.P.I's proposal the higher elementary training department is also to
