Mr. K. Prabhakaran Tampuri:-

p.213. 112. To reduce the allotment of Rs. 46,75,000 for grants to Local Bodies - for Primary Education, by Rs.-100.

(not to start any more ^{elementary} schools before the present schools are made efficient.)

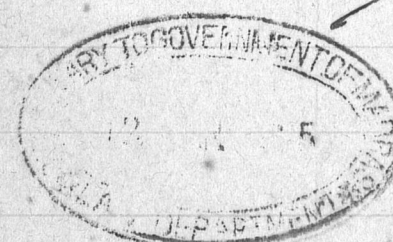

Law(Education) Department.

A.S.

It is doubtful whether the proposition of the Hon'ble Member will meet with the ~~general~~ support of the ^{general} public. The cry is for more schools, and people in localities which are not provided with schools cannot be expected to wait patiently till the existing schools are made efficient. Besides, there is much difference of opinion as to what constitutes efficiency. The provision of trained teachers with good general educational qualifications is no doubt a desideratum, but they will have to be paid considerably higher salaries than now. Any such ^{general} enhancement of salaries will swallow the little funds ~~now~~ available for the expansion of elementary education.

In no country in the world has universal education been made to wait till trained teachers could be provided for all schools
