Subject Introduction of weaving in the Nadar's Secondary school, Prayag.

The scheme may be included in the list of schemes in respect of which it is proposed to move a supplementary demand in the course of the current year.

2 Under the rules relating to grants in-aid of vocational education a grant in excess of one-half of the non-recurring cost may be given if the management establishes the fact that it is unable to meet one-half of the cost. With reference to para 4 of the Director's letter he may be requested to state whether a full grant for non-recurring charges is ^{in the present case} justified under the rules.

I have the assurance of the management backed up by the D.E.O. that it is unable to meet any portion of the capital cost of the scheme.

I have also information that nearly 4/5ths of the pupils of the school are poor, nearly the same fraction are non-Brahmins, while about 1/4th belong to educationally backward communities.

A There is no budget provision for a grant to The Nadar's school at Porayar, for vocational education, in the current year. When recommending the budget provision for vocational education for 1924-25, The Finance Committee remarked that the expenditure should be confined to the amount already sanctioned up to, and during the current year, and that no further allotment than the expenditure already sanctioned should be provided in the budget. The Cabinet accepted this recommendation, and provision has been made only, for existing commitments.

Finance (Exp.) Dept.

Submitted with reference to Secretary's note on page 4 ante. The position in regard to Vocational Education is as follows:-

In connection with the budget estimate for 1924-25, the Law (Edn.) Department placed before the Finance Committee a demand for new schemes of Vocational Education costing Rs.91,200 in 1924-25 (recurring Rs.35,300 and non-recurring Rs.55,900). The Finance Committee did not accept the demand. They recommended that the expenditure on Vocational Education should be confined to the amount already sanctioned up to and during the year 1923-24 and that no further allotment than the expenditure already sanctioned should be provided in the budget for 1924-25. M.2 proposed to press for the additional provision for new schemes in the Cabinet; but the Cabinet did not agree to any additional provision. Provision has therefore been made in the current year's budget only for expenditure sanctioned up to and during 1923-24.

The Law (Edn.) Department again proposed to move on 31-3-24 for an additional demand of Rs.58957 for new schemes which were either sanctioned but not given effect to in 1923-24 or which were under consideration of Government. The Finance Department did not accept the proposal. In that connection the Finance Secretary noted as follows:

"The Cabinet accepted the Finance Committee's recommendation that Vocational Education should in 1924-25 be restricted to existing commitments. If further expansion is desired in 1924-25 the question may be taken up afresh in 1924-25, but in view of the expansion of primary education, there is no prospect of funds for Vocational."

The file was circulated to M.2 and Sir Charles Todhunter, and the proposal to move for an additional demand for 1924-25 was eventually dropped.

4. The Law (Edn.) Department have since been sending individual cases of new schemes for examination in Finance. In one of these cases, (subsidy for the weaving class in the Board Elementary School, Kalyandrug, Anantapur taluk) C.4 noted thus:

" x x x I do not think that we can in any way add to the future commitments of the Government. I hope, therefore, my Hon'ble colleague will consent at least to postpone this proposal".

On this M.2 noted on 5-5-24 as follows:-

"I agree to postponement advised by my Hon'ble Colleague. All these will be brought up for moving a supplementary grant as suggested by Finance in another case".

5. The latest decision of M.2 in regard to the question of moving a supplementary demand is contained in his note dated 30-5-24 which is reproduced below:-

"I would put up this for the consideration of Cabinet after the grant of 3 lakhs for Elementary Education was allotted."

6. The question for consideration is whether individual cases of new schemes of Vocational Education should be examined now in anticipation of the Cabinet decision on the general question whether a supplementary demand is ~~to~~ to be moved in the current year. It is submitted that, as already noted in para.2 above, the Cabinet was opposed to incurring new expenditure on Vocational Education in excess of the existing commitments. M.2 does not propose to refer this question again to the Cabinet until after the question of a grant for Elementary Education is settled. In the circumstances, it is submitted ^(whether) ~~that~~ the Law (Edn) Deptt may be requested to postpone the consideration of these schemes until the question of policy is settled by the Cabinet.

I am afraid the financial note
alone is not quite correct.
The facts are that both finance
Secy & the finance members
who are to lay the expenditure
in budget requests and have
attempt to make to throttle the
Schemes. The body of deficit
budget has raised at high state
and at the Cabinet discussion
I am persuaded by the finance member
to accept the advice of the finance
as provided in the budget & that
I might move later on for further
funds.

The Cabinet ^{has} not opposed to
incurring new expenditure. I must
ask for a statement from finance
& will be obliged if an extract
of the Cabinet decision - so long
requested - this allusion is un-
warranted.

In order to make a supplemental part
in a transferred subject, the matter
need not go to Cabinet. The advice
of finance dept is to be considered by the
Minister and let in by H.E. the Governor.
The Policy on practical education (vocational
education) was laid down by the Legislative
Council in a transferred department.
The Minister is bound to carry out the
policy - a distinct issue was raised by
distinct motions by Sir K.B. Reddy and a
member of the finance Committee, and
the policy was fully discussed. It was
approved by 63 against 10.

I do not know what the finance note means
by saying "the question of policy" has settled by
Cabinet.

Cabinet, after full deliberation, allowed the
policy to be passed and. During the last
four budgets, the allotment for vocational
education was sanctioned by the Cabinet. The
(Mr. Dames as one of the members) after
reconsideration Committee's recommendation was not
approved by Gov. H.E. and Mr. Willingdon
vetoed the proposal of finance minister
as the fund the policy was approved in
previous budgets.

It is unfortunate that this question

of vocational education does not meet
properly accepted in finance
The question is based not on
financial ground but on matters
relating to administration.
Whether the finance dept likes a
proposal or not it has not to
examine on a financial basis &
render its advice.

The proposal or scheme of
practical education was accepted
in all previous budgets ^{from} 1921 and
it is too late for finance to say, the
policy must be approved by the
Cabinet.

There are a large number of schemes
ready for introduction in schools
These have carefully examined by
Mr. Abbott, the adviser to Gov. in the
subject. The policy was declared
years ago and the schools by an
act. Owing to financial stringency
at the budget,

In the present case it is proposed to give a full grant of Rs 1280 for non-recurring expenditure and half grant (Rs 255 for 9 months in 1925-26) for recurring expenditure. Under Rule 3 of the rules relating to grants in Aid of vocational education "a grant in excess of half for the purpose of buildings and apparatus may be given if the management establish the fact that they are unable to meet the cost". The D. P. I. has said that he has been assured

(X)

by the management and the D.E.O.
that the School is unable to meet any
portion of the Capital Cost of the Scheme.
Finance need not object to a full grant
being given for capital expenditure.
The Dept order may be accepted.

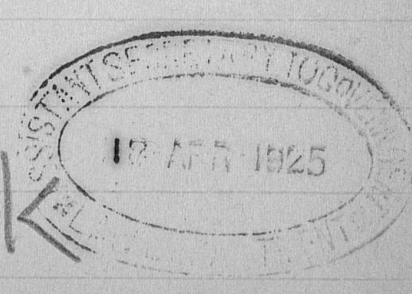

2. In asking for a budget provision of
1.15 lakhs for new schemes of Vocational
Education to be introduced in the current
year, Law (Edu) allowed only for a half
grant for Capital expenditure in this case.
- vide item (7) on page 3 of the Note for the
Finance Committee. Law (Edu) may be
requested to see that the total budget
provision is not exceeded.
