1924-25	(Budget est.)	- 820

The deficit according to the budget for 1924-25 is unusual and was due to heavy ^{non-recurring} expenditure under communications, especially under maintenance of roads and lighting. The financial position of the Council can be considered

	Actuals	RE	BS
	22-23	23-24	24-25
Road maintenance	17031	15870	20130
Lighting	7573	6520	10300

satisfactory. It will not find ~~any~~ any difficulty in paying from its general funds to the edn fund a contribution of Rs 7350 as it has agreed to do. The contribution according to the budget estimate for 1924-25 was Rs 7330 for ordinary expenditure and Rs 200 towards capital expenditure.

The draft may be accepted
