V.E.

Sir,

I have the honour to report to you about the working of the Government Islamia Secondary School, Trichinopoly, and the interest taken in its well being, by the Muslim Community of the town.

2. During the commencement of last Christmas, I, in company with a couple of respectable citizens of this place, had been to Madras to wait on you with a view to have an interview with you in person with a set of grievances about the education of the community and to express our feelings about the deplorable condition of the aforesaid school. But to our ill luck we were informed that you were out of Head quarters; and so we had to return only after having a formal interview, with the Mahamadan Deputy Director of Public Instructions.

3. The above referred school was formerly under private management. But after the visit of Lord Ampthill in 1903, the Governor of Madras, to whom an address was presented by the Local Mahamadan Association, Trichy for opening a Mahamadan Secondary school, to which he assured that he would pay his best considerations. The Country has undergone a considerable changes due to the Reform Act of 1919. Shortly after this the Government owing to several considerations had taken on its shoulder the responsibility of managing the institution under reference.

4. The school showed some signs of prosperity and improvement but its progress was suddenly checked due to the lack of enterprise and mainly on account of unsympathetic attitude of the Educational authorities. A resolution was passed by the

(T) the Madras Legislative Council in August 1921, to have a Muhamadan Secondary School at Trichy and the most deserving school was and is the school under reference. Seeing the attitude of non opening of the school as per above resolution a good many resolutions have been communicated from time to time to the Government and other responsible authorities by the local Muslim Literary organ requesting to give effect to the resolution of Legislative Council by opening higher classes in the very school. The Government on the other hand has been evading ~~and evaded~~ opening higher classes in the guise of non securing the title deed of the site etc. This so adduced difficulty ~~too~~ was achieved in the year 1923, when all the required title deed etc. were handed over.

5- Inspite of all these facts, the Government neither fulfilled its promises nor carried into effect the resolution passed in the Council. Moreover it does not bestow any consideration at all on the representation ~~xxxxx~~ of the Muslim Society which themselves were and are sufficient guarantee for urgency of opening higher forms in the school for the cause of the Muslim education.

6. Besides, there are several glaring defects in the institution itself, there is no proper accomodation where boys may receive their education, further it has been shorn off its feeder classes.

7. The Government appears to think that the school ^{going} muslim population is not taking interest in their education and consequently there is laxity in the management and improvements. The Government however has totally neglected the facts that there are neither feeder classes nor higher classes, in order to attract a great number of school boys, to the institution; if the school were to be provided with the above requisites there will surely a good progress in the number of boys etc.

8. I therefore request you to bestow your kind attention on this problem the main factors of the transferred subject and ^{make} ~~move~~ adequate allotment in the forthcoming budgets to open

Government Islamiah Secondary
School, Trichinopoly.

The Govt. consider that the opening of the higher forms in the Government Islamiah Secondary school, Trichinopoly, need not wait for the construction of a new building for the school. The school may be located for the present in a rented building and the higher forms opened as early as possible. The Government understand that the Muhammadan community and the Advisory Board of the school are willing to assist the department in providing accommodation for the school with higher forms. The Director of Public Instruction is accordingly requested to submit proposals for the opening of form IV in the school in the next academic year.

2. The Director is also requested to expedite the submission of the proposals called for in G.O. No. 160 Law (Edn), dated 4-2-25, for improvement and reconstruction of the present buildings of the school.

From (Name) R.C. GRIFFIN, Esq., M.A., F.R.G.S.,

(Designation) DIRECTOR OF PUBLIC INSTRUCTION.

To The Secretary to the Government of Madras,

THRO' LAW (EDUCATION) Department.

Sir. THE ACCOUNTANT-GENERAL, MADRAS.

With reference to para 1 of Government Law (Education) Memo No.745.B-1, dated 24-3-25, I have the honour to submit, as directed, proposals for the opening of Form IV in the Government Islamiah Secondary School, Trichinopoly. The class may be sanctioned on a temporary basis for a period of one year from 15-6-25.

2. The strength of the school in the several forms and classes in 1924-25 was as given below:-

(P.T.O)

Form III	..	..	8
" II	..	..	26
" I	..	..	24
Class V	..	..	34
" IV	..	..	18
Total..			110

The District Educational Officer, Trichinopoly, expects a strength of 20 in Form IV if opened in June next, but this is somewhat dubious, in view of the strength of Form III last year.

3. With the opening of Form IV there will be six classes working in the school and under rule 17 of the Madras Educational Rules a staff of one graduate Assistant and 5 Secondary Grade Teachers exclusive of the Headmaster, Pandits, Drawing Masters, etc., is admissible. The sanctioned scale of staff and establishment of the school, however, consists of only,-

1 Headmaster (Graduate)	..	Rs.125/-
4 Secondary Grade Teachers..		35-60
1 Urdu Munshi	..	40-50
1 Tamil Pandit	..	40-50
1 Physical Training Instructor.		25-50
1 Peon	..	12-18

I consider that in view of the small strength of some of the classes one additional Assistant will be sufficient and I accordingly recommend that a graduate Assistant on Rs.75/- per mensem may be sanctioned for the school for a period of one year from the date of opening of the additional form i.e., 15-6-25.

4. The present accommodation is insufficient and unsatisfactory even for the existing classes. When the additional form is opened the school will therefore have to be located in a rented building.

The District Educational Officer reports that a fairly suitable building in the vicinity of the present school building is available on a monthly rent of Rs.50/- per mensem.

5. As regards equipment required in connection with the opening of Form IV a sum of Rs.1250 will be necessary as detailed below:-

Furniture	..	Rs.500/-
Books & Maps..	..	250/-
Scientific apparatus&c..		500/-
		Rs.1250/-

6. The expenditure involved by the proposals in 1925-26 will be,-

1 Graduate Assistant on Rs.75/-	Rs.75x8 $\frac{1}{2}$ =	637 $\frac{1}{2}$ or	640
Rent.	.. Rs.50 x 8 $\frac{1}{2}$	=	425
Equipment	..	=	1250
Total	..		2315 or
			Rs.2,300 in round figures

7. No provision has been made for the purpose in the Civil Budget Estimate for 1925-26. If Government sanction the proposal, I shall submit in due course for the sanction of Government a re-appropriation statement to meet the extra expenditure on this account in 1925-26.

8. I solicit the very early orders of Government on this letter, as the Government Islamiah School, Trichinopoly, re-opens on 15-6-25, and boys promoted from Form III may go elsewhere, if orders on the opening of Form IV are not received soon.

I have the honour to be,

Sir,

Your most obedient servant,

The D. P. I. submits proposals for the opening of form IV in the Govt Islamiyah Secondary School, Trichinopoly ~~for the~~ and requests that sanction may be accorded for the opening of the class from the 15th June 1925, the date of reopening of the school after the summer vacation.

2. The sanctioned establishment of the school consists of:-

1 Headmaster	Rs 125/-
4 Secondary grade teachers	35-60.
1 Urdu Munshi	40-50
1 Tamil Pandit	40-50
1 Physical Training Instr.	25-50
1 Peon	12-18

There are ~~at present~~ five classes at present in the school and when form IV is opened the no. of classes will be six. Under the Educational rules a staff of one graduate assistant and ~~five~~ five secondary grade teachers besides the headmaster and pandits is admissible. But in view of the small strength of some of the classes the Director considers that one additional assistant will be sufficient and recommends the entertainment of a graduate assistant at Rs. 75 a month for one year from the date of opening of the new form. The present accommodation is quite insufficient even for the existing classes. The ~~sch~~ Director proposes, therefore, to hold some of the classes after the opening of the IV form in a rented building on a rent of Rs. 50 per mensem. A sum of Rs. 1250 will also be required for the purchase of furniture, books and maps and scientific apparatus. The total expenditure involved by the

the proposals in the current year amounts to Rs. 2,315 or Rs. 2,300 in round figures.

3. The Director requests that his proposals may be sanctioned at a very early date as the school reopens on the 15th June.

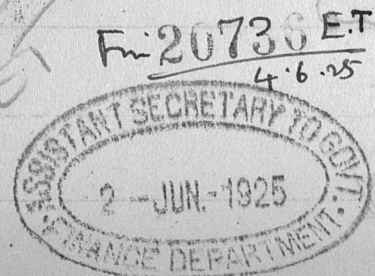

No provision for the scheme has been made in this year's budget, but the Director states that the expenditure can be met by reappropriation. As this is a new scheme it will have to go before the Finance Committee

~~as proposed~~ As the ~~amount~~ charges in this year, however, can be found by reappropriation

sanction for opening the form may perhaps be given immediately and the scheme may be placed before the Finance Committee later.

The file may be sent to Finance for acceptance or for remarks.

2 The ultimate extra cost (recurring and non-recurring) of raising the school to the status of a complete High School has not been furnished by the D.P.D.

The extra cost on account of the opening of IV Form will be as shown below:-

	Cost for 8 1/2 months in 1925-26	Cost for a full year
1 Graduate Asst on Rs 75	Rs 637 1/2	Rs 900
Rent at Rs 50 p.m	425	600

furniture 500
books 250
apparatus 500
1250

3 This is a scheme of new expenditure not provided for in the current year's budget and should ordinarily be treated as a Part II scheme for 1926-27. But the D.P.D proposes to submit a reappropriation statement to meet the extra cost in the current year. Law (Edn) accordingly propose to sanction the opening of

Committee later as the expenditure is possible to be met by reappropriation. As the Finance Committee will not meet earlier than August next, Finance need not perhaps object to the course suggested by Law being adopted. Subject : -- Opening of Form IV in the Government
Islamiah Secondary School, Trichinopoly.

When ~~in~~ taking over the management of the school in 1919, from a private body, the Govt. had agreed to raise ~~the~~ institution to a High School in the near future when circumstances became favourable. The Muhammadan community in Trichinopoly and the Advisory Board of the Govt. Islamiah Secondary School, have been urging on Government the need for raising the status of the school to ^{that of} a High School.

In 1922 the question of opening Form IV in the school ^{was} raised by the D.P.I. It could not be considered then as the transfer to Government of the properties of the school ^{had been} was not finally carried out by the former management. On a representation ^{by} the Muhammadans in Trichinopoly ~~in~~ received in March 1925, the D.P.I. brought forward a proposal for the opening of Form IV. In view of the ^{pressing} ~~present~~ demand for a High School for the Muhammadan community, the Govt. sanctioned the proposal with effect from 15-6-1925, the beginning of the school year, before the scheme could be placed before the Finance Committee. The expenditure involved in the above sanction and the ultimate expenditure when all the three higher forms are opened in the school in the usual course are as shown below : --
