Sir,

Lodged 3454 A 15-9-24

In continuation of this office R.C.No.234 of 15-9-24 dated 6-9-24 forwarding a copy of Resolution No.425 of this Council passed at its meeting held on 30-8-24 and in forwarding herewith a copy of the letter R.C.No.399 of 25 dated 16-6-25 the District Educational Officer, Trichinopoly, I have the to bring to your notice that in the interest of Elementary Education and to avoid probable waste of Public funds, I am of opinion that as per Section 41(1) of the Madras Elementary Education Act of 1920 no school should be permitted to be opened by the Labour Department without previous consultation with Educational Officers.

2. Since it is not the policy of the Government to open schools where there are already aided or board schools working in such localities, I am of opinion that it is but reasonable that the Labour Department do consult the Educational Officers as already recommended by this Council in its resolution No. 425 dated 30-8-24 before a new school is opened in a locality. I am also of opinion that since this Council is in entire charge of Elementary Education in the District, as stated in several Government orders, it is also necessary that the Labour Department also do get all their schools recognised by this Council as per the provisions of the Madras Elementary Education Act so that this Council may have a chance to judge the needs of the localities, to know the conditions of the schools and to suggest suitable measures for the expansion of Elementary Education more rapidly in the District.

I have the honor to be,

Sir,

Your most obedient servant,

M. S. S. S. S.

3. The Commissioner of Labour, Madras in continuation of this office R.C.No. 234 of 24 dated 6-9-24.

3. Copy of R.C.No.399 of 25 dated 16-6-25 of the District Educational Officer, Trichinopoly to the President, District Educational Council, Trichinopoly.

Forwarded to the President, District Educational Council Trichinopoly.

2. The Deputy Inspector's reference to the District Labour Officer regarding the closure of the school in question and his reply thereon viz. that a school was established at -- Ellagudi from 1-1-1924 and that it was closed from June 1924 are enclosed.

3. The name of the school correctly noted as Ellagudi in the combined list for 1924--25 and wrongly noted as Kokkara-sampettai in the list for 1925--26 may be removed from the list for the two years 1924--25 and 1925--26.

If the District Educational Officer had been consulted in the matter of selecting centres for the opening of Labour schools there would perhaps have been no closure of a school within such a short period as six months from the date of its opening. To avoid waste of public funds, I think, it is very necessary that no school should be permitted to be opened without previous consultation with the Deputy Inspector or the District Educational Officer. I consider it is worth while addressing the Labour Commissioner on the subject.

Sir,

Ref.--Government Endorsement No. 2626 A-1 dated
17--7--1925.

I have the honour to state that the instructions which have been issued to the District Labour Officers in regard to opening new schools are that they should be particularly careful to consult the District Educational Officers before opening such schools and that any differences of opinion between them and the District Educational Officers should be referred to me for orders. They have also been instructed to obtain formal recognition by the District Educational Council of all new schools after they have been sanctioned by me and funds have been allotted therefor. They have

2.
have further been directed not to open new schools in places where educational facilities already exist.

2. These instructions are reiterated from time to time as experience shows there is a danger of their being overlooked and a stringent circular to all District Labour Officers on the subject issued as recently as September 24th last. As regards the Trichinopoly District the action of the District Labour Officer in which is the subject of the present correspondence, the District Labour Officer reports that of the 58 schools so far started by him in the District, the Educational Officer was consulted in respect of 43 and that as regards the remaining 15 they were started in villages in which either no schools at all already existed, or the existing schools were not accessible to pupils from the Depressed Classes or these classes did not wish to send their children to school with caste children. Even in these cases, he should have consulted the District Educational Officer. His attention has now ~~been~~ again been drawn to the orders on the subject and he has been directed to see that there is no deviation from them in future.

3. ~~As regards~~ A copy of the report of the District Labour Officer regarding the closure of the Ellakudi school which is referred to in para 3 of the District Educational Officer's letter 399/25 dated 16-6-1925 is enclosed. It will be seen that this school was recognized on the recommendation of the Deputy Inspector of Schools so that the District Educational Officer's remarks on its closure appear to have been based on a misapprehension.

I have the honour to be,

Your most obedient servant,

Education - Trichinopoly Taluk - Ellakudi School -
Closure - Your Memo. No. D.C. 2167/25
dated 3-9-1925.

The school in question was originally started in August 1923 when there were only nine on the roll. Subsequently five more joined in September and five in October 1923. On 30-10-23 there were 19 on the roll of which 12 only belonged to the depressed classes the rest being caste people. The school was strengthened in November and December by the addition of 12 more. It was recognized as a school of this department from 1-1-1924 on the recommendation of the then Deputy Inspector of Schools. It was located in a rented building not sufficiently accommodative. The villagers did not evince any interest in the education of the children as the strength of the school suddenly went down. The owner of the rented building when asked to make the building more spacious and airy refused and wanted the building for his own use to live in. No other building was also available. The construction of a school-shed at the cost of Government was not also desirable as the number of school-going children of the depressed classes was only very limited and though there was only twenty on the roll yet the average attendance was not satisfactory. The teacher who was an untrained man was not popular in addition to his being deaf. The Special Inspector who more than once made surprise inspection of the school found that the attendance was very low and the teacher was simply marking the pupils as present when they were actually not so. Hence arose the necessity for the closure of the school; subsequently a school was organized in Kokkarasampatti a hamlet of Ellakudi but it was also not successful as it lasted only for a few days.

From the Commissioner of Labour, D.C. No. 2167/25,
dated 15-12-1925.

The President, District Educational Council,
Trichinopoly, brings to the notice of Government that
in the interests of elementary education no school
should be opened by the Labour Department without
previous consultation with the officers of the
Educational Department and that the schools should be
got recognised by the District Educational Councils.
The Commissioner of Labour says that he has issued
instructions to District Labour Officers that they
should not open new schools without consulting the
District Educational officers and that formal recog-
nition should be obtained from the District Education-
al Council for all the new schools. It will there-
fore be observed that what is wanted by the District
Educational Council, Trichinopoly, is already being
done in regard to Labour Department schools. No
action is therefore necessary in this Department. The
file may be returned to Law (Education) U.O. for
giving a reply to the Council's letter on page 5 c.f.
