Explanatory memorandum to the Budget Estimate of the
Chingleput District Educational Council, Saidapet, for the year --
1926-1927.

Teaching grants:- It will be observed that provision is made for an amount of Rs. 160000/-. The amount is worked out with -- reference to the minimum demands of the district as will be seen from the table given below:-

Class of schools.	Assesseed grant.	General average increase.	Extended final assignment.
<u>Girls schools.</u>			
Higher elementary schools.	3600	50%	5400
Lower Elementary schools.	22000	50%	33000
Muhammadian schools.	400	50%	600
<u>Boys schools General.</u>			
Higher elementary.	9000	50%	13500
Lower elementary Day and night.	103000	15%	118450
	138000		170950

The general increase proposed above are quite legitimate if the minimum encouragement necessary to keep the present elementary schools going and bring into existence new aided schools as required by Government is to be given. The first four sets of schools are a class by themselves and they should be liberally encouraged. Even the increase proposed here is not quite sufficient as all the schools are generally really good ones and deserve greater increase than -- what is proposed here. When fixing grants for lower Elementary -- schools (day and night), it has to be remembered that in this district all the Board elementary schools are free schools and so, if aided -- school managers wish to keep open their schools they have to be -- certainly lenient in the matter of fee collections. More-over a number of these are adi-dravida schools while a large majority of the remaining ~~later~~ wholly or almost entirely to backward classes. --- Further during 1925-1926 a number of new aided schools have come into existence and these require support. In the circumstances the -- increase of 15% over assessed grant proposed can scarcely be said to be anything more than the minimum required. The grant prayed for --

6/16/27
for, it will be seen, is really below the actual requirements and may stand!

Building grants:- Quite 80% of the schools in this district are without even the bare minimum accommodation necessary for running elementary schools and this along with other reasons impedes effectively the progress of elementary education. The President, District Educational Council and the District Educational Officer and his inspecting staff visit these schools constantly and persuade them to put up buildings. The managers are also prepared to come forward and construct buildings answering the minimum demands of the schools. It will be unjust not to give the necessary help in these circumstances. Half the cost of works already considered by the District Educational Council and placed on the approved list comes to over Rs. 12000 and it is certain that the works will all be completed before end of the year 1926-1927. Again building work estimated to cost in the aggregate Rs. 30000/- are also expected to be submitted by the correspondents of Higher Elementary Schools, mostly next year, some of which may be expected to be finished in the same year. Considering all these, the Council earnestly hopes that a grant of at least ~~Rs.~~ Rs. 15000/- will be allotted for 1926-1927, for this district.

Furniture and equipment grant. The general condition of the schools in this regard is decidedly unsatisfactory and this is one of the reasons why the school work is not so fruitful as it might otherwise be. This is one of the directions where progress should be made in the near future at a quicker pace than is usual if the elementary Education should make real progress. The Council has already placed on the approved list application for a total grant of Rs. 300/- which will have to be paid next year as the amount cannot be met from this year's allotment. In addition to this there will be new demands as well in 1926-1927 which will come to over Rs. 600/-. To meet these ^{of Rs. 800/- a sum} the district Educational Council has proposed a sum which is Rs. 100/- below the expected demand.

M. Krishnamoorthy
President, District Educational Council, Saidapet.
