Welcome Address to H.E the Right Hon'ble the  
Viscount Goschen, G.C.I.E., C.B.E., Governor of Madras  
by the Tiruppur Municipal Council.

My

May it please Your Excellency,

On behalf of the residents of Tiruppur  
we beg to accord Your Excellency a most hearty and  
cordial welcome to this town. This is the second time  
that we are having the privilege and honour of  
welcoming the exalted head of the whole Province and  
we are sincerely thankful to Your Excellency for  
having found time amidst numerous and varied engage-  
ments to travel all the way by motor and honour this  
tiny town of ours despite the scorching sun. We  
sadly miss the genial presence of the gifted and  
gracious Viscountess Goschen to whom we request Your  
Excellency to convey our message of respect and  
affection.

Much as we feel the extreme shortness  
of Your Excellency's stay amidst us, we request you  
to be pardoned for laying at your feet one or two  
amongst many of our grievances, for the flock cannot  
help crying unto the shepherd.

The High School which we opened six  
years ago on the strength of the Government's  
undertaking to bear the net cost of the higher forms  
is now in a flourishing condition and has earned the  
unstinted approbation of successive District Educa-  
tional Officers. The phenomenal increase in the  
strength of the school has made the question of

2  
of accommodation one of extreme urgency and we solicit  
Your Excellency's help in providing the institution with  
a suitable building, proposals for which have already been  
sent up to the Director of Public Instruction.

The water supply scheme is of no less  
importance, drinking water being notoriously scarce in this  
town. The Municipal Council has done everything required  
by the Government and a timely word put in by Your  
Excellency will help to get our water supply at an early  
date.

\* \* \*

We remain,

Your Excellency's most loyal and obedient servants,

The members of the Tiruppur Municipal Council

20th May 1926.

My dear Cotterell,

I send herewith <sup>two</sup> ~~the~~ copies of the  
address to be presented to His Excellency by the  
Tiruppur Municipal Council on the 28th instant  
and I am to ask you kindly to let me have not later  
than the 25th as much information as is available  
in the Secretariat on the subjects of water supply  
and a building for the high school.

Yours sincerely,

(Sd) E.C. Smith

H.E. the Governor's tour.

Address to be presented by the Municipal Council,  
Tirupur.

Construction of a building for the Municipal  
High School, Tirupur.

The question of constructing a building for the Municipal High School, Tirupur, has been under correspondence between the Chairman, Municipal Council, and the D.P.I. for sometime past. The Director seems to be convinced of the necessity for a new building for the school. In 1924 a sketch for the building plan was prepared by the Deputy Consulting Architect and was forwarded to the Municipal Council with the request that if the sketch was approved by the Council arrangements might be made for the preparation of detailed plan and estimate. The Municipal Council, however, considered that the site originally selected for the school building was not quite suitable. A new site was therefore selected which would suffice for buildings for the school and the hostel and for a playground. The D.P.I. has recently informed the Council that the approval of the Executive engineer might be obtained to the site newly selected. He has also asked the Chairman to obtain a valuation statement of the site from the Rev. authorities to report particulars as to the cost of the site and how it is proposed to meet the cost. The Chairman's reply to this communication has not yet been received.

It is possible that the Council may require a grant from Provincial funds towards the cost of the site and the construction of the buildings. When the plans and estimates have been approved by competent authority, the Council may submit an application to Government for this purpose. The

Please see file of papers  
from the D.P.I. office  
placed below.

A

application <sup>will then</sup> ~~may~~ be considered and the question of giving a grant <sup>will</sup> ~~may~~ be settled with reference to the financial ~~pos~~ position of the Council and the funds available with Government for grants for school buildings.

In this connection it may be noted that the Municipal High School <sup>(Trippur)</sup> is an institution containing classes IV and V and ~~from I to VI~~ <sup>VI</sup>. The strength of the school at the end of the year 1925 was 468. The school receives an annual <sup>subsidy of</sup> ~~grant of~~ Rs. 4,900 from Government. In his last inspection report, the District Educational Officer reported that organization in the school ~~was~~ exceedingly good and thorough, ~~and~~ that there was good harmony in the school and that the staff were all trained. He added that the school was increasing yearly in numbers and in popularity and called urgently for fitting accommodation and furniture. A portion

8th 21.5.26. of the school is accommodated now in rented buildings. The Inspector has stated that "the buildings continue quite unworthy of the school."

We have many schools maintained by Municipalities in this district. Funds is the main problem. Every time our demands are cut down in the Finance - we have to adjust our grants according to allotment in the budget -

Returned with the following extract from His Excellency's reply: ①

"I am glad to be able to endorse what you say in your address concerning the need of praise given to your school by various educational officers. I am told that the Municipal High School has made steady and satisfactory progress since its elevation to the status of a High School in 1922 and a recent report received by the Department concerned describes the buildings in which the pupils are housed as unworthy of the school. With this report before Government I can promise you that we shall do all we possibly can with the limited resources at our disposal to help you to achieve your object and to house your students in a new and more worthy building. I think I am right however in saying that a reference from the Director of Public Instruction is still pending with your Council and I would suggest to you that you should expedite the disposal of this matter in order that your request for help may be examined officially in the Department."
