Sir,

through The President, District Board South Arcot.

With reference to G.O. No. 106 Law (Education) dated 25th January '26, I have the honor to inform the Government that there are at present 109 Elementary Schools under this Board. The actual total expenditure on Elementary Education is Rs 48,030 in the year 1924-25. The expenditure for the year 1925-26 is Rs 63,520 as provided in the revised Elementary Education budget for 1925-26. The expenditure provided in the budget for 1926-27 is Rs 53790. As per recent orders of Government the accounts relating to Elementary Education Fund have to be maintained separately. This separation of accounts involve additional clerical work

work as enunciated hereunder: -

The salary bills relating Elementary schools have to be checked and passed and money orders sent. The acquittances of all the schools have to be simultaneously checked before the bills for subsequent months are passed. This item of work alone is enough for a clerk. In addition to this, separate Cash Book has to be written daily and extracts sent weekly and items of receipts have also to be watched in addition to school-fees account. In addition, there is plenty of ~~extra~~ correspondence relating to the omissions etc. that would be found in the acquittances and numerical returns of schools. These items alone require the services of an able clerk.

2. The present allotment provided under "Management" for office establishment does not permit the employment of an additional clerk for this item of work. It is needless to say that the work in the Taluk Board Offices are increasing year after year in every branch of administration especially Education Work.

3. Considering all these circumstances, I request that Government may be pleased to permit me to appoint a Clerk exclusively for the maintenance of accounts relating to the Elementary Education Fund on a scale of pay of Rs 35-1 $\frac{1}{2}$ -50 increment annual and debit it to the Elementary Education Fund. The average cost comes to Rs 45-0-0 per month.

4. I also propose to appoint a Supervisor of Elementary schools. At present the Deputy Inspectors of Schools visit every Board School once in a year for its annual inspection and they have no time to pay surprise visits to any of the Board Schools because they have also to supervise the Aided Schools in their ranges. So, there is no scope for surprise visits to watch the efficiency of the Schools located especially in remote villages. The Elementary Schools require constant inspection by authorities

authorities without which the efficiency could not be said normal. A Supervisor on a scale of pay of Rs 40-2-60 (increment) annual per month is enough for the Taluk Board. The average cost per month is Rs 52-3-7. In addition a fixed travelling allowance of Rs 25 or Rs 20 is to be paid for the Supervisor who has to tour throughout the Taluk. The expenditure for these two establishments may be debited to the Elementary Education Fund without reducing the minimum allotment prescribed for Salaries, Contingencies etc. for the Schools.

5. The appointment of a separate Clerk is quite necessary for the upkeep of the accounts as also the appointment of a Supervisor for the up-keep of the efficiency of the Schools under the Board. So, I request that Government may be pleased to approve these items of expenditure under Elementary Education Fund and pass early orders.

I have the honor to be,

Sir,

Your most obedient servant,

LAW (EDUCATION)

Department.

Sir,

In resubmitting herewith the papers referred to me for remarks in Government endorsement No. 1146 A-1 dated 24th March 1926, I have the honour to state that there are 109 Board elementary schools under the control of the Taluk Board, Vriddhachalam which are fairly distributed under the jurisdiction of two Deputy Inspectors of schools. The accommodation and equipment of these schools are unsatisfactory. In view of the proposal to strengthen the subordinate inspecting agency and the existence of more urgent needs, I cannot recommend the entertainment of Supervisor by the Taluk Board.

2. As regards the entertainment of a clerk, I may state that the financial position of the elementary education fund under the control of the Board is satisfactory

so as to enable it to meet the cost from that fund

2. It is reported that the accommodation and equipment of the elementary schools maintained by the taluk board are unsatisfactory. The President of the taluk board is requested to consult the D.E.O. and arrange for the proper accommodation and

and equipment of these schools. The Govt. will consider the question of the employment of a Supervisor from the E.E. fund if necessary, after the other needs in respect of elementary education are satisfied.
