STATEMENT OF THE OBJECT AND AN APPEAL ON BEHALF OF THE CIVIL ORPHAN ASYLUMS.

THE MADRAS CIVIL ORPHAN ASYLUMS consist of—

1. The St. Mary's Church Charity School (founded 1715).
2. The Male Civil Orphan Asylum (founded 1807).
3. The Female Civil Orphan Asylum (founded 1810).

The final amalgamation of these institutions took place in 1872.

They are not Government institutions.

Thus since 1715 without a break gratuitous education, board and lodging have been provided for the orphans of Europeans and their descendants who are not eligible for admission into the Military Asylums of the Presidency.

The institutions have thus stood the test of time and continue to retain public confidence.

The necessity, character and scope of the work done are well known throughout the Madras Presidency although the help received is largely confined to the residents in the City of Madras.

In Appendix F* to this report, there will be found a statement of the localities from which the children, actually in the Asylums on March 31, 1925, come. From this analysis it will be seen that 57 per cent come from Madras and 43 per cent from out-stations. Applications are continually being received from the various mofussil stations and these obtain the same consideration as applications from Madras. In return for this consideration the Directors appeal to residents outside Madras to support this institution; and they particularly ask the clergy of the Presidency to bring before their people its claims and to make periodical collections in their churches on its behalf. The Directorate have decided to increase the number of children maintained in the Asylums and the budget for 1924-25 estimates a deficit of Rs. 4,500. We therefore need increased support

* See page 26.

from the general public to enable us to get through the coming year successfully from a financial point of view. We have a waiting-list of children to be admitted and there are urgent repairs which need to be carried out to the buildings. We need all the help we can get. There are many people in Madras who do not subscribe but who would probably be glad to do so if invited. We are sending this report out to them as well as to subscribers in the hope that they will respond to this appeal.

Donations and subscriptions should be sent to the Principal, Madras Civil Orphan Asylums, Kilpauk, Madras.

Principal's Report for 1924-25

EDUCATIONAL DEPARTMENT

As far as the educational side of the school is concerned, the past year has been one of change. At the end of the first term of 1924, Mr. R. J. Jordan, who had been on the staff of the school since 1910 and had been acting Head Master for the past twelve months, left and took up a post at Stanes's High School, Coimbatore. His post was not filled and the duties of Head Master were taken over by the Principal. Miss D'Sylva, our Domestic Science Mistress, also left at the same time, to get married. Her post was not filled; her duties were shared by the class teachers. Miss Austin, Fourth Standard Mistress, left in May and her place was filled by Miss D. Shaw. During the latter part of the year, a Sub-Committee of the Directorate considered the educational side of the school. They were of opinion that it needed strengthening and advised the engagement of another teacher, who, in view of the large preponderance of boys over girls, should be a man. Accordingly, Mr. E. P. Mathews, who had been on the staff of Bishop Corrie High School, joined us in January of this year.

From the beginning of 1925, the Commercial Classes were discontinued as we feel very strongly that it is not advisable to specialize until the Middle School Standard has been reached. What we need here and what we are trying to get, is an efficient Middle School. If necessary, we can send promising pupils to Bishop Corrie High School for a High School Education or to industrial or commercial training schools for specialized instruction to fit them for industrial or commercial work.

We are under a debt of gratitude to Mrs. Craven for all that she has done for our singing during the past year. She has been indefatigable in her work for us.

She coached our Singing Team so successfully that they obtained second place in the Middle School Singing Competition. And in March she organized a very successful concert which brought us in the substantial sum of Rs. 200.

SPORTS

The school performed very creditably at hockey against neighbouring schools but, of course, in the Inter-Schools' Hockey Tournament and in the Inter-Schools' Sports we have not much chance as we have to compete against high schools, who have boys older than we can retain them here. We had the satisfaction of carrying off the Y.M.C.A. Sub-Junior Hockey Shield, in which there was a limit for height and weight.

The girls did well again in the European School Sports. They lost the championship shield by only one mark, and they won the Relay Race Shield for the second year in succession.

SCOUTS AND GUIDES

The Scouts continue to thrive under Mr. Guthrie who gives up a great deal of his time to them. During the Christmas Holidays, some of them went into camp in his compound for a few days. In May, 1924, we reached the final of the European Scout Troop Hockey Tournament and, in April, 1925, we not only reached the final again but won the shield. The Troop has a unique record in this Hockey Tournament; it has reached the final every year since the Tournament started and has won it on three occasions.

The Girl Guides have flourished under Miss McConechy and we have now Blue-Birds as well, under the leadership of Mrs. Saunders.

DOMESTIC DEPARTMENT.

In the Domestic Department, there have been changes on the staff. Miss Pinto, the Girls' School Matron, resigned in September last. Her place was taken by Mrs. Bates. The Hospital Matron, Mrs. Browne, left at the end of last year after nine years' service and was succeeded by Mrs. Parrie, a trained nurse.

HEALTH

We were rather unfortunate last year as far as health was concerned. We were much worried by a mild outbreak of enteric fever in September and October. We had six cases, all of whom recovered. We are very grateful to Major Wright, I.M.S., our Medical Officer, to Dr. Benegal, our Sub-Medical

Officer, and to the authorities at the Guindy Institute for the measures they took to check the outbreak.

DIRECTORATE

During the year under review, three Directors resigned, viz., Dr. Gibson, Sir Charles Spencer, Mr. A. G. Moore. Their places were filled by Major Skinner, I.M.S., the Hon'ble Mr. Justice Waller, and Mr. D. M. Reid. We lost a very much valued Directress in Lady Symonds who went home in April, 1924. She did much for the school and we miss her.

FINANCE

Our financial position at the close of the year was more satisfactory than we had anticipated it would be. The expenditure for the year exceeded the receipts by Rs. 503-9-1, a deficit very considerably lower than that for which we budgeted. The receipts totalled Rs. 67,795-10-1 as against Rs. 66,784-10-1 for the preceding year. Government grants brought in Rs. 22,473 as against Rs. 24,234-8-2 in 1923-24. The decrease here is accounted for by the deduction of Rs. 3,281 from our Fixed (Teaching) grant due to our suspension of the High School classes. Subscriptions and donations were responsible for Rs. 7,771-9-0 compared with Rs. 5,040-3-5 in 1923-24. The increase is due partly to a grant of Rs. 1,800 received from the Madras Branch of the Ex-Services Association out of the proceeds of Poppy Day for the maintenance of four children of ex-service men. On the expenditure side, the total was Rs. 68,299-3-2 as against Rs. 67,197-3-4 in 1923-24.

ENDOWMENT FUND

The Ladies' Committee, under the leadership of Mrs. Waller, again organized a Fête in December, 1924, to add to the endowments of the school. It was most successful and Rs. 3,925-1-6 was realized. This sum has been invested in Madras Municipal Debentures (6 per cent). The Ladies' Committee are organizing another Fête in November this year.

BAND

The School Band performed very efficiently during the year. Unfortunately, for two months in the busiest part of the season, they were out of action owing to the enteric outbreak.

OFFICERS

Mr. Ramsay Unger has acted as Honorary Treasurer since May, 1924; our thanks are due to him for the efficient way in which he has performed the duties of his office. Mr. Rebeiro acted as Honorary Treasurer in April, 1924, and has been Honorary Secretary during the whole year. He is indefatigable in his work for the school and we are very grateful to him for all that he does.

Mrs. Legh has been Honorary Secretary of the Ladies' Committee, who have done invaluable work for the school, more especially in connection with the clothing.

PRIZE-GIVING

The Annual Prize-Giving was held on April 2, 1925, when the prizes were distributed by Mr. R. A. Graham. This was, unfortunately, a farewell to Mrs. Graham, who has left India for good. We miss her very much as she took a very warm interest in everything connected with the school.

CONCLUSION

In conclusion, we must thank all those who have helped the school during the year. Many have helped by sending subscriptions or donations to our regular funds for the current expenses of the school. Many have helped in connection with the Fête. Many have helped by subscribing to our Summer Holiday Fund and to our Christmas list. Many have helped by sending various things for the children such as cakes, fruit, toys, clothes, books, etc. And here we must mention the Red Cross Society who have given us all kinds of things for the school hospital. Many have helped by their advice on all kinds of matters connected with the school. We are very lucky in possessing so many good friends.

We are always glad of all the help that we can get. Subscriptions and donations will be gratefully received by the Principal. We have undertaken this year to maintain more children than last year. This undertaking means increased expenditure. We have budgeted this year for a deficit of Rs. 4,500. We need fresh subscribers to meet this increase of expenditure.

The Principal is always very glad to receive gifts of cakes, fruit and vegetables for the children. Our funds do not permit us to give luxuries to the children in their ordinary diet. Anything extra from outside is warmly appreciated by the children. There are many who remember us at Christmas time, when they receive gifts of cakes, fruit and vegetables. But we can dispose of a still larger amount than we get.

During the year we have had many visitors. We are always glad to see them. To quote last year's report, if people take the trouble to come here, it means that they are taking an interest in the school.

APPENDIX A

Annual Concise Report of the Hospital attached to the Civil Orphan Asylums, Kilpauk, Madras, for 1924-25.

General Health.—The general health of the institution as judged from the number of admissions into the hospital was not so satisfactory during the year under report as during the previous year. This was solely due to a general outbreak of catarrhal ophthalmia which alone accounted for 132 admissions in the in-patient department against twenty in the previous year. Apart from this the health of the institution compares very favourably with that of the past five years.

There were 307 admissions in the patient department with a daily average of 8.09 against 224 with a daily average of 5.28 in the previous year. The disproportionate increase in the daily average during the year under report is due to the persistent nature of sore eyes.

The number of in-patients during the few previous years were as follows :—

		No. of in-patients	Daily average
1923-24	...	224	5.28
1922-23	...	181	5.3
1921-22	...	168	4.57
1920-21	...	326	8.37
1919-20	...	254	5.54

Of the 307 admissions during the year, 150 were for diseases of eye against twenty in the previous year, twenty-nine for diseases of connective tissue against fifteen in the previous year, twenty for skin diseases against twenty-nine in the previous year, twenty for diseases of respiratory system, eighteen for local injuries, seven for diseases of digestive system, six for enteric fever, four for pyrexia of unknown origin, one for acute peritonitis and the rest for other minor ailments.

Thirty-six children were sent to other hospitals for special treatment. There was one death from among the children of the institution; Robert Antonio suffering from acute peritonitis died in the General Hospital on September 23, 1924.

Epidemics.—The epidemics during the year were :—Catarrha ophthalmia. The main difficulty was the complete isolation of the infected cases. In spite of every precaution the infection spread rapidly in the school. Towards the close of the year the difficulty was got over by the construction of a dark room where the infected cases could be locked in when necessary and also by more frequent inspections of the children. The result has been extremely satisfactory. Very few cases of sore eyes occurred afterwards and it is hoped that catarrhal ophthalmia will no longer be such a frequent cause of children going sick.

Six cases of enteric fever occurred in the Civil Orphan Asylums in September and October. As soon as enteric fever was suspected all precautions and measures to limit the further spread of infection were taken. Blood samples of all children, staff and establishment were examined at the King Institute of Preventive Medicine, Guindy, and those whose blood showed slight infection were strictly isolated in the Asylums' hospital. Their stools were sent to Guindy for examination. One boy who was in the Asylums for over seven years was found to be an enteric carrier. Protective doses of typhoid vaccine were given to all the children, staff and establishment. The stools of the enteric carrier were examined twice a week till he was declared free from infection and no longer a danger to others. He was readmitted into the Asylums after protective vaccine was given. To avoid any further danger of carriers it was decided to inoculate all the future entrants into the Civil Orphan Asylums with a protective dose of T.A.B. vaccine. A special report was submitted on this epidemic to the Surgeon-General.

Diets.—The revised scale of diet is being continued.

Hospital Building.—The main building and the two isolation sheds were in good state of repair. The annual lime-washing has been done during the year.

Cost of Medical and Surgical Supplies.—Rs. 406-5-5 is the cost of medical and surgical supplies as against Rs. 579-13-0 in the previous year.

Staff.—The undersigned (Major R. E. Wright, I.M.S.) was in medical charge of the institution throughout the year.

Civil Assistant Surgeon V. N. Benegal, L.M.S., was in sub-medical charge throughout the year.

Civil Assistant Surgeon T. V. Gopal Menon, M.B.B.S., was posted for duty in the enteric carrier depot from October 17, 1924 to November 17, 1924.

Nurse Mrs. P. Brown was attached to the hospital till December 31, 1924. She was relieved by Nurse Mrs. I. F. Parry whose work is satisfactory.

General Remarks.—When small-pox was prevalent as an epidemic in Madras during January and February, 1925, all the children, staff and establishment were revaccinated, all leave from the institution was stopped, and visitors were not allowed in the institution.

The system of weighing all the children regularly once a month has been introduced and those who have lost any weight are examined and are given tonics or extra diet when necessary.

The sanitation of the Asylums is still unsatisfactory. The Surgeon-General with the Government of Madras, during his visit to the institution on November 4, 1924, suggested that a proposal should be made to repair or to rebuild the latrines and institute better sanitary conditions and that an incinerator should be constructed. It is not known whether the Directors intend to take any action on the proposals made. The problem of disposal of waste water has been solved to some extent by the construction of soakage pits which were successful in field service, but due to the high level of sub-soil water and clayey nature of soil soakage pits require constant attention.

This opportunity is taken to acknowledge with thanks the valuable gifts to the hospital of articles of bedding, toys, etc., by the branch of the Red Cross Society in India, to thank those ladies and gentlemen who have helped to improve the condition of the sick children in the hospital and also to thank the Director of the King Institute, Guindy, and his staff and the medical officers of the city hospitals who placed their services at our disposal during the year.

Civil Assistant Surgeon V. N. Benegal is unfortunately about to relinquish his post as he is under transfer to the College. He will be a great loss to the institution as he has always taken the greatest trouble to do all he could for the medical needs of the children under circumstances of great difficulty. His services were particularly valuable at the time of the enteric outbreak. I wish to record my appreciation of this work.
