Department.

Sir.

I have the honour to request that for the reasons explained below the two cadres of secondary grade teachers and the lowest grade clerks may be treated as similar for purposes of pay up to 1st March 1926.

2. In the general revision of pay, the scale of pay of Rs 35-60 has been sanctioned for both secondary grade teachers and clerks of the lowest grade. For this reason and also because several secondary grade teachers had to be transferred as clerks in connection with the abolition of the agency of supervisors these two cadres have been treated as one for purposes of pay. The abolition of the agency of supervisors was commenced in 1921 and completed in 1923. To avoid unnecessary expenditure to Government by way of compensatory gratuity and pension to

displaced supervisors, several secondary grade teachers were not confirmed even though posts existed for them and it was therefore possible to absorb nearly 225 supervisors in the other branches of the department without necessitating any extra expenditure to Government. In this process of absorption and readjustment it became necessary to find places carrying the same scale of pay for the displaced supervisors. These were provided with posts of secondary grade teachers wherever they were available while those who could not be so provided were appointed to vacant posts of clerks on Rs 35-60. In effecting these transfers and appointments, the permanent officers were not given the next stage in the time scale which would have been admissible to them if the two cadres had been treated as different. Acting persons have been permitted to draw the pay they were drawing before being transferred as clerks and to earn increments thereafter. The Accountant General now holds that in the absence of specific orders of Government the two cadres should be treated as separate and that the pay of the acting men transferred from one cadre to the other should on each occasion be reduced to the minimum of the latter cadre or to the pay, if any, they drew therein before. Apart from the fact that this causes great hardship to persons without substantive appointments so transferred, it also makes it necessary to revise the pay of permanent men so affected by allowing them on the occasion of each transfer the benefits of Fundamental Rule 22 or 32 which will mean additional expenditure to Government. These transfers could not be helped in the period following the decision to abolish the agency of supervisors.

3. I have since issued orders to subordinate officers not to make such transfers in future.

I have the honour to be,
Sir,
Your most obedient servant,
A Rama Ray

2. Teachers hold non-ministerial posts while clerks hold ministerial posts. It appears that the duties cannot be held to be of the same character or degree of responsibility. The two classes of posts cannot be held to be the on/same scale of pay under Fundamental Rule 30.

C. No. 1443 C - From the Accountant General, Edn. 15-10, dated 7-5-1926.

Treating of Junior clerks in the Educational Deptt. and Secondary grade teachers as on the same cadre.

Under analogous circumstances the two cadres of Deputy Inspectors of Schools and School Assistants were ordered to be considered as similar for a period of two years from 1-3-1922 for the purpose of fixing the initial pay of officers transferred from one cadre to the ~~the~~ other; -G.O. No. 60 Law (Education), dated 15-1-1924. Later on, the two cadres were ordered to be ~~considered~~ ^{treated as} on the same of scale of pay for purposes of ~~Fundamental~~ Fundamental Rules 22 and 30 - G.O. No. 94 Law (Education), dated 22-1-26.

2. In view of the heavy recoveries that will have to be made from acting incumbents and arrears of pay that will have to be disbursed to permanent incumbents in the cadres of junior clerks and secondary grade teachers referred to in the Director's letter it seems that these two cadres may be treated ^{similar} ~~as~~ ^{be} on the scale of pay under Fundamental Rule 30 in spite of the objection raised by the Accountant General. It will be observed that the Director asks for similar treatment to be accorded only to ~~the~~ ^{up to} ~~the~~ ^{the} 1st March 1926. The fact that the transfers effected were based on administrative convenience and ~~that~~ the circumstance that a contrary course would entail account complications furnish adequate arguments for accepting the Director's suggestion. The draft below may be sent to Finance Deptt. for acceptance.
