Ref:- Government Memo No. 2424-1 dated 2-2-1925.

Sir,

I have the honour to inform you that this Taluk Board has provided the education grant for land and education tax on House, Profession and business taxes for the year 1925-26, and has opened 26 schools for the year as shown in the appended list. As the Government have decided to sanction the grant needed for these schools in the current financial year, I request you to issue early orders to sanction Rs. 2,700/- being the cost incurred in opening the above 26 schools during this year. A statement is herein enclosed.

In this connection I have the honour to bring to your notice that this Board is contemplating to open 10 more additional schools during the year 1925-26 and that the initial and recurring cost will come to Rs. 4,700/- as shown below. Please therefore be good enough to make provision for sanctioning this amount also.

From (Name) R. Littlehales Esquire, M.A.

(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras

Law (Education) Department.

Sir,

In resubmitting herewith Government endorsement No. 1160-A-2 dated the 7th April 1925, I have the honour to state that out of the 26 schools said to have been opened by the Taluk Board, 12 have been opened with the consent of the District Educational Officer. The school opened at Tiruvadi was objected to by the District Educational Officer, but the Board has opened the school in spite of the District Educational Officer's advice. The place -- Tiruvadi is already served with aided schools. In the report on the Elementary Education survey of the District it has been suggested that the school at Tiruvadi may be closed as it is Superfluous and the provision utilised in supplying the needs of other school-less centres. Please

P.T.O.

11
Please see Page 180 of the Presidency report on the Elementary Education survey. The Board may be asked to give effect to - the suggestion. Of the remaining 13 schools the Board took over the management of an aided school at Mariam^{or}coil and the other 12 schools are reported to have been started without previously consulting either the departmental officers or the President, District Educational Council. However, these schools have been opened in school-less villages and except the school at Tiruvadi, all the others seem to have justified their existence.

2. These schools were opened by the Taluk Board of its own accord without ^{claiming} ~~claiming~~ any additional subsidy at the time of their opening. It was in 1924-25 that subsidies were granted to local boards that levy the education cess, for the opening of schools in school-less villages with a population of 1000 and above. At that time the President Taluk Board reported that additional schools were being opened, the cost being met from the Education cess and the equivalent Government contribution. This was also reported to Government-Please see paragraph 3 of the Director's letter R.C. No. 248-B/24, dated - the 21st July 1924 and disposed of in G.O. No. 1598 Law (Education), dated the 16th October 1924. Therefore no subsidy can be recommended towards the maintenance of these schools which have been opened by the Board of its own accord. Further the financial condition of the Taluk Board (Elementary Education Fund) is quite satisfactory and there is a closing balance. If the Taluk Board restricts its expenditure on capital items, a considerable amount would be available towards the opening of new schools. This was also pointed out to the Taluk Board while approving the Budget Estimate for 1925-26 of the Elementary Education Fund-G.O. No. 1218 Mis. Law (Education), dated the 13th July 1925. It may ^{also} be mentioned in this --- connection that according to the elementary education survey there are 21 school-less centres with a population of 500 and above in the area under the jurisdiction of the Taluk Board. Of these 14 centres will be provided with Board schools in the current year with the aid of provincial grants. Seven centres

centres will be provided with aided schools.
