To The Secretary to the Government of Madras,
 Law (Education) Department.

Sir,

In some of the meetings of the taluk associations of teacher-managers of non-mission aided Elementary schools, unanimous resolutions were passed requesting the District Educational Council to give the choice to the managers of Elementary schools in the matter of receiving teaching grants due to their schools, either by cheques or postal money orders. I have referred this subject to the District Teacher-Managers' Association on 12-1-1926. The District Teacher-Managers' Association, which met even earlier on 29-12-1925 have also passed a resolution on the same lines. And in reply to this office enquiry, the Secretary, District Teacher-Managers' association, Nellore communicated the

send it along with the individual money order forms, pertaining thereto to the Postmaster, who may advise the remittance of money orders on the strength of the Treasury receipts furnished him.

I have the honour therefore to suggest that the Government may be pleased to permit District Educational Councils to remit teaching grants by money orders to such of the managers as desire, provided my suggestions, mentioned above meet with the approval of the Government.

Subject.- Read letter from the Secretary, District Teacher-managers Association, Nellore, communicating the opinion of the District Teacher-Managers' conference that teaching grants may be paid by cheques or remitted by money order at the choice of the managers. Resolution.- The District Educational Council sympathises with the resolution of the teacher-managers' conference. The Government will be addressed on the matter.

sub treasuries are saved from the expenditure for and the difficulty in going to the sub treasuries for encashment of their respective cheques. Even from an audit point of view, the system, if adapted may hold good, in as much as the money order acknowledgments may be produced during the time of audit instead the 'registered' acknowledgments, as at present. This system of remitting the teaching grants to such of the managers, as desire, by postal money orders would certainly throw some more responsibility upon the office establishment. For, to remit the grants of some managers, the office will have to draw the amount (ofcourse on a single cheque) from the Treasury and keep the money in safe custody till it is actually sent to the post office for remittance by money orders. In the absence of an iron safe, this is not conducive to safety. If this system is put into practice, I think that the President's position is not entirely safe, for he has to repose a good deal of trust in his establishment in the matter of drawing the money from the Treasury and then keeping it in the office before it is actually sent to the Post Office. However, in deference to the resolution of the teacher-managers, I would suggest the following course:

In view of the applications, received in this office from the several managers of schools requesting payment of grant by money orders this office will be able to write out the money order forms to the individual managers and draw a cheque in favour of the Treasury Officer for a lump sum (being the total amount of grant to be disbursed by money orders) with a request to issue a Treasury receipt in token of having credited the amount to the 'Postal Accounts'. After receiving the receipt, this office may

Sir.

In returning herewith letter No. 64 E.C. of 1925, dated the 29th April 1926, from the President, District Educational Council, Nellore, referred to me for remarks in Endorsement No. 1845 A-1, dated the 19th May 1926, I have the honour to state that there is no audit objection to Government approving of the proposal of the President to remit teaching grants to managers of schools by postal money order, where they so desire. The money order commission should be deducted from the due and the acknowledgment produced for audit. To avoid risk involved in the drawal of money on self cheque Presidents of District Educational Councils the

The proposal that teaching grants may be paid by postal money orders wherever managers of schools so desire, may be accepted. The money order commission should be deducted from the amount of grant in each case, as the postage and registration charges are deducted from the amount of the cheque in cases where teaching grant cheques are sent by post. It does not appear necessary to consult the P.M.G., as he ~~was not~~ ~~appeared to have been~~ consulted when the rules in G.O. No. 3113 L & M, 231-8-25. were issued.

In any case, the procedure will be followed as in para 2.

the managers so desire. The Govt. accept this recommendation and direct that teaching grants be paid either by cheques or by postal money order at the option of the managers concerned. In the latter case the money order commission should be deducted from the grants due and the acknowledgments pasted on the respective grant bills. 3) The following procedure should be adopted for obtaining money orders ~~from~~

The President should issue a cheque on the treasury in favour of the Postmaster for the amounts to be remitted including commission and should send the cheque to the Post Office together with the money orders. The Postmaster will accept the cheque and credit the amount noted in the cheque to value and commission on money orders issued by per contra debit to 'remittances to treasury' and the cheque will be sent to the treasury on the same day with the
