orders accordingly to retain them till they should retire or

Copy of letter No.G.182/25 dated 1-7-25 - From the Deputy Inspector of schools, Tuticorin - to - The Chairman, Municipal Council, Tuticorin.

J with reference to your No.837cl./25 dated 30th June 25 communicating copy of G.O.No.1042 Law (G.O.) dated the 19th June 25 for remarks I have the honour to state that, in devising means to carry out the views of government, kind consideration may be bestowed on the question of making provision for the present incumbents.

2. In considering this question the following points deserve to be weighed:--

(a) The drill and drawing masters now employed in the Tuticorin Municipality, are men of service and special technical qualifications.

(b) The trained teachers, though they had been coached up in the training schools to teach drill and drawing along with various other subjects, could have devoted but divided attention to the two subjects and could not therefore come up to the level of the specialists in drill and drawing which had engrossed their whole attention in virtue of their special adaptability for them.

(c) By employing common drill and drawing masters, a uniform standard can be maintained in all the Municipal schools. Otherwise proficiency in the subjects will vary with the capacity of individual teachers.

(d) The teachers of Elementary schools have no leisure to potentialize their energies and the few minutes' relief afforded by the drill and drawing masters is highly welcome to them and enjoyed as a solace.

3. The only solution that strikes me as feasible and plausible under the circumstances is to continue the present incumbents in their posts until they retire after their maximum period of service and afterwards to abolish the posts by not appointing any successors to them.

4. If the council adopts the solution presented in para 3 supra, the matter may be placed for the generous consideration of the Government, if necessary. If not, the Municipal Council may in recognition of the past services of the incumbents under the Municipality, retain them -

independently -

independently, out of its own funds, to the full tenure of their office.

Again in G.O. No. 733 Mis., I.E., dated 29-4-26 approving the Budget Estimate of the Elementary Education Fund for 1926-27 Government invited the Chairman Municipal Council's attention to my remarks in para 2 of my endorsement R.O.P. No. 21-B-3/26 dated 6-4-26 submitting the Budget Estimate to Government wherein I had suggested that the Chairman, Municipal Council may address Government separately justifying the necessity for such separate posts. Hence the present letter of the Chairman Municipal Council.

2. As regards the request of the Chairman, Municipal Council, I endorse the views expressed by the Deputy Inspector of Schools, Tuticorin Range in his report on the subject which forms an enclosure to the Chairman Municipal Council's letter No. 426/26 G1 dated 10-5-26 addressed to Government. I may state further that the Municipal Council does not maintain any secondary schools wherein the services of the two teachers can be utilised. I therefore suggest that the present incumbents may be allowed to continue in their respective posts till they retire from service. After their retirement the posts may be abolished.
