R.C.No.No. 1179-B/26

Station Ootacamund, Dated the 25th June 1926.

From (Name) R.G.Grieve, Esq., M.A., F.R.G.S.,  
(Designation) Ag. Director of Public Instruction,  
Madras.

To The Secretary to the Government of Madras,  
Law (Education) Department.

Sir,  
Submitted to Government.

It is regretted that the papers regarding the proposal of the District Board, Ramnad, to transfer the provision for the Board Middle School at Tiruppuvanam to Kamuthi have only just reached me and there has consequently been delay in submitting the papers to Government for their orders.

Kamuthi has at present a complete higher elementary school under the management of the Church of Sweden Mission. The 8th standard of this school has only 9 boys and the correspondent has protested against the removal of the  
Board

Board school to Kamuthi. The correspondent himself is doubtful whether a middle school at Kamuthi would thrive but apparently his Mission would be prepared to open a middle school if necessary. The position as shown by an examination of the correspondence appears to be as follows:-

It is not clearly established that a middle school is required at Kamuthi at all and further that, even if the school were needed, the Mission would be prepared to open one and this would be cheaper from the Government point of view. Again, if a school is not needed at Tirupuvanam there is no compulsion on either the Government or the Board to open another school somewhere else. The Tirupuvanam school might be closed and Government saved a subsidy of Rs.4063 per annum. It may be observed that Tirupuvanam is one of the schools quoted by the Special Officer in his report on secondary education and I have suggested to Government that a time limit might be fixed for proving the utility of such schools and that, if they are unable to prove this, then they should be closed. I have telegraphed to the President, District Board requesting him to defer action on the proposed transfer of the Board school pending the receipt of orders from Government. It is requested that Government will be so good as to pass early orders on the subject, and it will be clear from the remarks which I have made above that I do not support the proposal of the President.

From (Name) M.R. Ry. B.Raja Rajeswara Sethupathi Avl,  
(Designation) President, District Board, Ramnad

To The Secretary to the Government of Madras,

Law (Education)  
~~Law (Education)~~ Department.

M A D R A S.

Sir, Through The President, District Secondary Education Board, Ramnad and The Director of Public Instruction, Madras.

Sir, I have the honour to state that the Board Middle school which was started in 1921 at Tiruppuvanam with the approval of the Government in their order No.902 Home (Edn) dated 10-8-1920 is not prospering well and the results so far obtained have not been satisfactory. I suggested to the District Educational Officer the desirability of shifting the school to Kamuthi, a more populous union than Tiruppuvanam and invited his remarks on it. He ~~offered~~ agreed with me and recommended the transfer of the school to Kamuthi and the District Board also approved it.

I enclose a copy of the District Board Resolution No.45 ~~and~~ dated 23rd April 1926 together with a copy of the District - -

4  
Educational Officer's letter R.O.C.No.5 Gc./25 dated 6-4-26 recommending the transfer of the school to Kamuthi and request that Government will be pleased to approve the proposal at a very early date so that the school may open at Kamuthi after the midsummer vacation.

I have the honour to be,  
Sir,  
Your most obedient servant,

M. Manikavasagam

For President.

R.S.1-5-26.

Copy of communication R.O.C.No.5.Gc./25 dated 6-4-26 from the District Educational Officer, Ramnad to the President, District Board Ramnad at Madura.

Reference:- Your R.O.C.No. 8 Petn of 26 dated 17-3-26 inviting my remarks on the question of transfer of the Board Middle school from Tiruppuvanam to Kamuthi.

The Board Middle School Tiruppuvanam was recently inspected on 16-3-1926 and my report on the school for 1925-26 has been forwarded in this office R.C.No.300-Gc./26 dated 1-4-26. Your kind attention is specially invited to the concluding portion thereof:-

"General:- This institution was started in 1921 under G.O.No.902 Home(Education) dated 10-8-1920. It has been tried at Tiruppuvanam for a period of about 5 years and the results have not been satisfactory. The Secondary department is too small and expensive and the lower class is, by no means, large enough for the locality. There is little likelihood of the school improving in numbers or standards, as most of the boys who can afford to go in for secondary education seem to prefer going out to Madura or elsewhere. When the school house was opened the inhabitants hailed it with delight, but now they seem to have grown indifferent and want every thing to be done gratuitously by the Board. The teacher is always put to great shifts to keep up the upper forms and fresh material for the school does not seem to be a very promising place for even an incomplete secondary school in the light of the experience gathered so far in spite of our efforts to relieve over-crowding in Madura.

The transfer of the school to Kamuthi forms the subject of a separate correspondence. Kamuthi is about 22 miles by road from -

5  
Partibanur railway station and in transferring the school to Kamuthi we will be carrying education to a backward locality. The light that has touched the tops must pierce the depths and valleys below".

2) As regards Kamuthi it is a big union having a population of 8,958 according to the Elementary Education Survey records and there are a few populous centres in its neighbourhood, which may serve as auxiliary feeders. There are at present five aided schools in the locality of which two are first grade elementary schools and the total number of pupils on rolls is 623. With the exception of the - - Moslem Secondary school at Abiramam (which has been only temporarily recognised) there are no secondary schools within a radius of 20 miles and more. The Kundar river without a bridge practically cuts off Kamuthi from Abiramam. Aruppukottai and Manamadura are the nearest centres having High Schools and they are about 24 miles from Kamuthi.

From the geographical point of view Kamuthi has better claims than any other place. Tiruppuvanam (a less populous centre than Kamuthi) is a station on the main line and it is near Madura and not far off from Manamadura - - where there are adequate facilities for Secondary Education while Kamuthi is a backward locality 24 miles distant from the Partibanur railway station. A careful study of the needs and the circumstances of both the centres makes one bold enough to say that the demand for a Middle school is - - greater at Kamuthi than at Tiruppuvanam.

3) So far as I can gather I am led to think that the management of the Higher Elementary schools are not for opening any Secondary School in the locality and the District Board may therefore step in at the present juncture. When final orders are passed on the discussions and the deliberations of the Secondary Education Reorganization Committee and when the proposed scheme is introduced, the institution is sure to thrive well at Kamuthi under the

management of the Board.

The problem of accommodation and the financial side of the question of transfer-are matters for the consideration of the Board.

If the District Board resolves to shift the school to Kamuthi the Government may be addressed through the District Secondary Education Board and the Director of Public Instruction, Madras and their orders of approval obtained before the proposal is actually given effect to.

C.No.1512 B - From the D.P.I., R.C.No. 1179 dated 25-6-26.

Subject.- Transfer of the Board Middle School at Tirupuvanam to Kamuthi in the Ramnad District.

The P.D.B., Ramnad, requests sanction for transferring the Board Middle School at Tirupuvanam to Kamuthi. The school at Tirupuvanam was opened in 1920 and its entire net cost (amounting to Rs 4,063 a year) is met from provincial funds. The strength of the school during the three years ending 1924-25 was as follows:-

| Y e a r | Strength<br>in Forms<br>I to III | Strength in<br>primary<br>classes | Total |
|---------|----------------------------------|-----------------------------------|-------|
| 1922-23 | 44                               | 39                                | 83    |
| 1923-24 | 38                               | 49                                | 87    |
| 1924-25 | 34                               | 67                                | 101   |

The D.E.O., Ramnad, states that the ~~strength of the school~~ <sup>secondary depth of the</sup> is too small and ~~that the school is~~ expensive. The Special Officer Mr. Statham has also commented on this school in his report on the survey of secondary education in the Presidency. He has proposed that in view of the poor strength of the middle school forms in the institution the school may be closed. In his remarks on the report the D.P.I. has ~~suggested~~ <sup>suggested</sup> that a definite time limit should be set for the local bodies to ~~justify~~ <sup>justify</sup> the continuance of schools the strength of which is poor. This question is separately under consideration. The current file contains telegrams from the citizens of Tirupuvanam requesting that the school may be continued at ~~Tirupuvanam~~ <sup>that place</sup>. The question of continuing the institution may be considered in the light of the orders ~~may~~ <sup>may</sup> be passed on the report of the special officer.

2. The District Board, on the advice of the D.E.O., considers that there is need for a middle

\* This is the fixed salary.

Paragraph I (iv)  
page 2 of 2 P.D.I. with (B)

Page 9-12 of cf.

18-  
2/16  
school at Kamuthi. The D.P.I. does not accept this. He states that if a school is really needed at Kamuthi the Church of Sweden Mission which now maintains a higher elementary school at the place will open a middle school. He further points out that if a school is not needed at Tirupuvanam there is no compulsion on the Government or the District Board to shift it to some other centre. From the Special Officer's report referred to <sup>in</sup> paragraph 1 above <sup>it is observed</sup> that the District Board, Ramnad, which is one of the wealthy district boards in the Presidency spends a very small portion of its revenues on secondary education in the district, the percentage of the amount spent by the District Board on secondary education to its total revenues <sup>in 1923-24</sup> being 0.3 - the smallest per centage in the Presidency. The special officer has suggested that ~~the~~ rich district boards should meet the entire cost of its secondary schools and should if possible, pay grants from their funds to aided secondary schools situated in their areas so that a fair proportion of their revenues may be spent on secondary education. In view of these facts it is for consideration whether the District Board may not be told that if a middle school is required at Kamuthi it should be ~~opened at the cost~~ <sup>financed entirely</sup> from the Board's funds.

3. It may be noted here that under the fixed subsidy system the Government should pay the amount fixed as the subsidy payable to <sup>a</sup> ~~the~~ district board so long as it maintains <sup>(the full number of)</sup> ~~the~~ secondary schools it had on the date of the order fixing the subsidy. Under this system ~~it is not~~ the sanction of the Govt. does not seem necessary for the transfer of ~~the~~ a school from one place to another. In view, however, of the recommendations made in the report of the special officer, Mr. Statham and in view of the objection raised by the Director to the transfer

Page 2 of 3

17-3-19-14  
of the <sup>Tirupuvanam</sup> school the Govt. may indicate the line of action that should be taken in this case.

SLX  
29.6.26 Before issuing orders the L.S.G. Dept. may be consulted.

On the whole the school may be allowed to continue in Tirupuvanam for a year more. In the meanwhile the general investigation as regards this and other schools would have been made. The Secondary <sup>Educational</sup> Board ~~it~~ could also be given an opportunity of expressing its opinion on the need for the school at Tirupuvanam & Kamuthi.

(Camp) Courtallam,  
21st June 1926

Dear Mr. Krishnamachariar,

My District Board has resolved to shift the Board School from Tiruppuvanam to Kamuthi. The school at Tiruppuvanam was to have reopened on the 14th instant, but, since the school is to reopen at Kamuthi, I have postponed the reppening till the 25th instant. Great dislocation is caused by the delay in getting orders permitting the transfer. No students could be admitted in the Tiruppuvanam school which will have to be done in case the school is reopened there as that would result in discontinuance of studies after payment of full fees unless fees are refunded and the students at Kamuthi are likely to be awaiting the

Law (Edu) Dept.

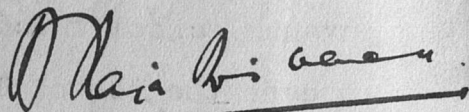

a.s.  
The proposal of the Dt. Board, Ramnad, for transferring the Board Middle School at Tiruppuvanam to Kamuthi has not been received by Govt. A reminder letter on the subject received from the P. D. B. ~~on this subject~~ was referred to the D. P. I. ~~with this~~ dept

opening of the school at Kamuthi without going and joining schools in places like Manamadura, Aruppukottah, etc., in expectation of the school being opened at Kamuthi. The District Educational Officer writes to me that all the necessary particulars have been sent to the Director of Public Instruction and I have sent a telegram to the Director of Public Instruction. (Copy enclosed)

I shall feel grateful if you can kindly expedite Government sanction. If possible, should like to have telegraphic information intimating sanction. Kindly excuse trouble.

Yours sincerely,

President.
