R.C. No. 542 D/25

Station M. a. d. r. a. s. , Dated the 23rd January 1926.

From (Name) R. Littlehailes Esq., M.A.,
(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,
Law Education. Department.

Sir,

I have the honour to submit herewith plans and estimate the latter amounting to Rs. 16,400/- for the construction of a science block for the Sarvajana High School, Pelamedu Coimbatore district.

2. The Deputy consulting Architect who has scrutinised and revised the plans and estimates recommends that the scheme be approved at a cost of Rs. 13,270/- subject to the condition that the alterations suggested by him in his note

of 9-12-25 (copy enclosed) are carried out. The correspondent of the school accepts the alterations suggested by the Deputy Consulting Architect and his revised estimate.

3. I recommend that the scheme be approved by Government at an estimated cost of Rs. 13,270/- and sanction accorded.

2
to its inclusion in the list of approved works so as to render the school eligible for a grant if and when funds become available and provided that the conditions of the grant in aid code are complied with and the suggestions made by the Deputy Consulting Architect are carried out.

I have the honour to be,

Sir,

Your most obedient servant,

P. H. Sankar
For Director of Public Instruction.

Copy of the note of the Consulting Architect.

Office of the Deputy Consulting
Architect to Government, Chepauk.
dated 9th December 1925.

D.P.E.

The plans and estimate for the science block attached to the Peelamedu Saravajana High School amounting to Rs. 16,400/- have been scrutinised and the following remarks are made.

1. The plans have not been drawn by a recognized architect *as demanded by Section 52 (2) of Grants-in-Aid Code and in consequence* sections of trial pits on the site have not been submitted. It is presumed that the depth has been determined with reference to existing similar buildings in the compound. The correspondent should satisfy himself about the adequacy of the foundations by consulting a recognized architect under the above code.

2. The masonry above concrete need not be in coursed rubble in lime mortar but it will be sufficient to have random rubble in lime mortar being cheaper by Rs. 10/- per unit. This has been now done.

3. The height of superstructure should be 12' to the underside of tie beam. Hence including the depth of the tie beam, pole plate and filling in between rafters, the total height of masonry in superstructure has been changed from 12' to 13' in main walls.

4. Estimate allows for wood oiling wall plates and all doors and windows. *Should be applied to all wood work buried in the masonry* Tarring 2 coats for such of the outer doors and window posts of verandah as are exposed to the weather. *2 coats*

5. The position of the doors and windows required change as shown in red pencil.

6. Roof timbers have been revised with reference to P.W.D. circular Memo No. 1354-C dated 19-2-23- Care should be taken to fish plate collinear members, such as rafters in main rooms, if not available in single pieces, purlins and ridge pieces. Verandah rafters and bressummers need not be fish plated as they have been calculated for ends supported.

7. The rear verandah need be only the length of the main room. The side verandahs may for economy be omitted. The 4 end windows should be provided with sun shades for which allowance has now been made in the estimate.

8. The rates are generally fair. The rates for Mangalore

tiling tiles and Cuddapah slab flooring over 3" concrete are priced at Rs. 34-12-0 and Rs. 37/- respectively as against schedule rates of Rs. 41/- and Rs. 41/4. They seem to be under rated. The correspondent should be asked to provide Mangalore tiles imbedded in lime mortar over flat tiles and cuddapah slab flooring laid on mortar over sand filling to avoid a revised estimate.

9. With the alterations carried out the estimate is now reduced from Rs. 16,400/- to Rs. 13,270/- including provision for architect's fees and plans and major supervision.

The Special Officer's report has been received
and is being dealt with separately. The Sarvajana
High School, Peelamedu, was till recently a middle
school. Form IV was opened in the school in 1924-25
and form V in 1925-26. It is understood from the
D.P.I.'s Office that permission has been granted
for the opening of the sixth form in the school in
the current year. The strength of the school on the
31st March 1925 was as follows:-

Total strength	Forms I to III	Form IV
159	110	10

The Special Officer has made proposals for
the closing of certain schools and for the transfer
of some schools from one place to another. The
Sarvajana High School, Peelamedu, is not one of those
schools. Apparently, the school meets a real need
for secondary education in the area in which it is
situated. It is for orders whether the draft order

on page 1 ante may be issued. The D.P.I. desires to be informed why this case has been deferred.

This is, I believe a part of Coimbatore town. # What is the strength of the V Form? I see that there are only 10 boys in the IV Form.

VTK 18/6

~~It is stated~~ It has been ascertained from the D.P.S. office that the Peelamedu school is not within the limits of the Coimbatore municipality.

The strength of the V form last year was 21.
