Ref:— G.O. No. Mis 1218 dated 13-7-25 approving the Elementary Education Budget for 1925-26—Entertainment of an additional Supervisor.

I have the honour to inform you that the Taluk Board, sanctioned the entertainment of a Supervisor of schools in the year 1923 when the Taluk Board had only 70 schools under its control. After the entertainment of a Supervisor, the schools have grown in efficiency and the Board is in a position to exercise closure supervision over the schools and to be in living touches with the needs of the localities.

Now the Taluk Board has sanctioned the opening of a number of schools within its area and has opened 30 more schools during the past two years. As the number of schools have become too many, one Supervisor is unable to cope with the work and to inspect the schools more often: the Taluk Board has therefore resolved to sanction another Supervisor. A copy of the Taluk Board Resolution is enclosed.

I therefore request that you will be so good as to accord your sanction for the entertainment of I have the honour to be, an additional supervisor in this Taluk Board as early as possible.

Sir,

Your most obedient servant,

V.K.A. /14-10-25.

From (Name) R. Littlehales, Esq., M.A.,

To The Secretary to the Government of Madras,

Law (Education)

Department.

Sir.

In resubmitting herewith the papers sent to me for remarks in Government endorsement No. 4107 A-1 dated 19th January 1926, I have the honour to state that it is reported by the District Educational Officer that the present departmental inspecting agency, together with the one Supervisor who has been appointed by the Taluk Board in 1923, would be sufficient for purposes of supervision of elementary schools provided that the Taluk Board Supervisor frames his tour programme in consultation with the Deputy Inspectors of schools and works in co-operation with them. Government in their Memo No. 4388 A-1 dated 5th December 1925 have already vetoed the proposal of the Taluk Board, Pattukottai to employ Supervisors of elementary schools. Also, in

5
(K) G.O. No. 279 Mis., Law (Education) dated 20th February 1926
the proposals of the Taluk Boards in the Madura District
for the entertainment of Supervisors of elementary schools
have been rejected.

2. In Municipalities which have introduced compulsory
Elementary education, the entertainment of Supervisors is
being sanctioned as a separate supervisor necessary in order
to push through the scheme of compulsion and to assist the
Attendance Committees in their work. In rural areas, however,
Supervisors do not seem to be necessary and if the inspection
and supervision of schools is vested in two different
authorities, viz., the Deputy Inspectors of the department
and the Supervisors of the Board, there may be conflict
and difference of views and there will be duplication of
salaries and travelling allowance since departmental officers
inspect the Taluk Board schools as well as other schools.
Further, Government have already empowered Village Panchayats
to visit and supervise Board and aided elementary schools
in the area under their jurisdiction. If the village
Panchayats which have been constituted for rural areas, avail
themselves of this power which has been vested in ~~them~~ them
they would be able to bring to the notice of the President,
Taluk Board any irregularities in the schools. Moreover
the strengthening of the Government inspecting agency is
under consideration. In these circumstances, I cannot support
the proposal of the President, Taluk Board, Tanjore.

I have the honour to be,

Subject Employment of an additional Supervisor
Taluk board, Tanjore

[C no 4107A] from the P.T.B. Tanjore no. 1183/24 9.10.25
[1250A] do D.P.D. no. 16-B/1-3-24.25 22-3-26

The taluk board, Tanjore, has employed a
Supervisor of Schools in 1923 for the inspection of the
70 elementary schools then under its control. Thirty
additional schools have since been opened and the
board asks for the sanction of Govt. to the employment
of an additional Supervisor. For the reasons men-
tioned in para 2 on p. 5 Cf. The D.P.D. is not in favour
of the proposal.

2. When the taluk board, Pattukottai, applied
for sanction to the employment of Supervisors for
the inspection of the 122 elementary schools under its
management, it was informed that the question of the
strengthening of the subordinate inspecting agency
was under the consideration of Govt. and that it was
not necessary to employ Supervisors for the inspection
of its own schools. Vide Memo no. 4388 A-1 9.5.12.25
Again when the taluk boards in the Madura district
proposed to employ additional Supervisors, the Govt.
directed that the services of the Supervisors already
in the employ of the boards should be dispensed with
from 1.3.26. The taluk boards were also informed
that pending orders on the question of the strengthening
of the subordinate inspecting agency.

of the Subordinate inspecting agency, the Govt were unable to entertain proposals for the employment by the boards of a separate Supervising Staff.

Vide para 1 of G.O. 279 D.D. 20.2.26

3. Orders ~~will come shortly~~ sanctioning the strengthening of the Subordinate inspecting agency by the employment of 83 additional deputy inspectors (Junior grade). It may, however be mentioned that even with this additional Staff each deputy inspector will have to inspect 133 Schools although this Dept^l considered that there should be one officer for ~~each~~ every one hundred Schools. In the circumstances the taluk board, Tanjore, may be allowed to retain the services of the Supervisor in its employ since 1923. The D.E.O. and the D.P.D. also seem to contemplate the retention of this Supervisor. Vide A.P. 4 and P. 4. The Govt may however decline to sanction the employment of an additional Supervisor. Subject to orders a draft is submitted for approval.

3. The question of prescribing necessary qualifications for Supervisors is under consideration in D.D.

4. The taluk board, Tanjore as well as the taluk boards of Madura, Melur and Villupattur propose to meet the pay of the Supervisors from the E.E. fund. The Advocate Genl. has no objection to ~~the Govt~~ granting them per. The D.P.D. is not however, in favour of the expenditure of the E.E. fund mission to do so. He doubts the minister says "If the local body pays for the salary of the Supervisor there is no reason why we should refuse". Presumably he has no objection to the local body paying the salary from the E.E. fund under its control. Subject to orders a draft is submitted for approval. Sufficient balance in the fund.

The D.P.D. suggests that if a local body has adequately staffed & equipped elementary schools under its control, then they may have a supervisor & not until the need is satisfied -

The duties of the Supervisor should be defined so that they may minimise the risk of friction. Unless this is done it may not be safe to approve straight off -

D.P.D. may be requested to suggest the duties which the Supervisor & local bodies may perform - in these conditions cases may be considered & approved.

He should also see that the fund is not depleted where there is no need for a supervisor -

The Govt consider that if a local body has adequately staffed and equipped the elementary schools under its control, it may be permitted to employ one or more Supervisors for the inspection of its schools and to debit the pay of such Supervisors to the E.E. fund provided
(1) that the E.E. fund is not thereby unduly depleted, (2) that the needs of elementary education are satisfied and (3) that the duties of the Supervisors are well defined so that there may be no friction between them and the departmental inspecting officers. The D.P.D. may be requested to examine in the light of these remarks whether sanction may be accorded to the employment of Supervisors by the Taluk boards of Tanjore, Pudukottai, Madurai, Melur and Sivakamapatti. He may also be asked to suggest what duties should be assigned to the Supervisors and what conditions should be imposed to avoid any friction between them and the departmental inspecting officers.

U.O. Reply No. ROP-16-B-3/24-25
25-6-26

The following remarks are offered in the case of the five boards:-

- (1) Taluk Board, Tanjore. The accommodation of 46 Board elementary schools is reported to be inadequate and unsuitable. Of these 46 schools, only four have buildings of their own and the rest are held in rented buildings. Of the schools held in rented buildings, 20 are located in buildings inaccessible to Adi-Dravida pupils. Additional staff is required in respect of 7 Board elementary schools. The equipment of 55 schools is reported to be inadequate and an amount of Rs.2000 may be required to supply necessary articles. Therefore the Board elementary schools are not adequately accommodated, equipped and staffed. These demands have to be met before the entertainment of a supervisor is sanctioned.
- (2) Taluk Board, Pattukottai. The request of the Taluk Board was at first rejected in Government Memo No.4388 A-1 dated 5-12-1925. It is observed from the D.E.O's report that the accommodation of 36 Board elementary schools is inadequate and unsuitable. Only 11 schools have buildings of their own and the rest are accommodated in rented buildings. Of these rented buildings five are inaccessible to Adi-Dravidas. Additional staff is required in respect of 5 Board elementary schools and for 38 Board schools which are reported to be poorly equipped an amount of Rs.1100 will be required.
- (3) In G.O.No.279 Mis.,L.E.,dated 20-2-1926 the request of the Taluk Boards, Madura, Melur and Usilampatti was declined. Government now *desire further consideration of* the question.

Taluk Board, Madura

12/7
(4) Taluk Board, Madura. Of the 65 Board elementary schools for boys, 28 are held in the Board's own buildings, 15 in rented buildings and 22 in rent-free buildings such as chavadies, private houses etc. Accommodation needs extension in the case of four buildings belonging to the Board, and 18 schools started recently have not been properly equipped as some of them have no articles of furniture or appliances for teaching. It is reported that the proper equipment of the schools needs the early attention of the Board. Additional teachers are required in the case of five schools--one teacher for each school.

(5) Taluk Board, Melur. Of the 89 Board elementary schools for boys 28 are held in ^{the} Board's own buildings, 18 in rented buildings and 43 in rent-free quarters such as chavadies, choultries and temples. Accommodation needs extension in the case of six buildings belonging to the Board. As regards equipment it is reported that majority of the schools are fairly well-equipped. The D.E.O. states that there is still much to be done by way of equipment but it could not be effected until the Taluk Board thinks of a suitable programme. It is reported that only two schools require additional staff at present.

(6) Taluk Board, Usilampatti. Accommodation is reported to be suitable in the case of about half the number (66) of Board elementary schools. It is reported that 75 percent of the total number of schools may be said to be fairly well-equipped. The D.E.O. has not reported about the adequacy of staff, but it is observed from the Budget Estimate for 1926-27 of the Elementary Education Fund, that no provision has been made for the entertainment of additional teachers. The Board proposes to ~~confirm~~ confirm the 34 temporary hands now working in the several schools.

8 B (9)
(7) The financial position of the Elementary Education Fund under the control of these Taluk Boards is generally satisfactory. It will be observed that only in the case of the Taluk Boards of Melur and Usilampatti can equipment and staff be said to be fairly satisfactory. There is no objection to the appointment of a Supervisor in these two cases.

A
2- As regards the duties to be assigned to the Supervisor and the conditions which should be imposed to avoid friction between them and departmental officers the following suggestions are offered---

In the case of Supervisors employed in the rural areas:-

(1) On the 20th of every month the Supervisor will submit his tour programme for the succeeding month for approval by the President.

(2) He will also submit a weekly diary of work done, one copy to the President and another to the Deputy Inspector of schools concerned.

(3) The visits to the elementary schools by the Supervisor will be mainly for improvement and checking of registers. The Supervisor should visit each school ^{regularly and as frequently as possible} 6 times at the least in every official ^{required by the State or the Departmental inspecting officers} year.

(4) At least once a month the Supervisor will make arrangements to see the Deputy Inspector of schools of the Taluk and have an interview with him on matter relating to Board schools.

(5) Instructions issued by the ^{Departmental} Deputy Inspector of schools should be noted for guidance and matters of importance should be reported to the President at once for necessary orders. The Supervisor will supply to the educational authorities such figures and statements pertaining to

9/14
educational matters as may be called for by them. He will also collect the annual returns of figures relating to ^{Board} elementary schools.

(6.) The Supervisor will attend all Teachers' Associations meetings.

(7.) The matter of securing good buildings, if possible, free of rent by personal interview and persuasion and if necessary with the help of firka member will form one of the important duties of the Supervisor.

(8.) [The Supervisor will submit all correspondence through the Deputy Inspector of schools of the Taluk. Urgent matters however will be ^{reports} sent direct to the President.]
