To

His Excellency The Right Honourable

The Viscount Goschen of Hawkhurst, G.C.I.E., C.B.E.

GOVERNOR OF FORT ST. GEORGE, M A D R A S.

THROUGH

THE PROPER CHANNEL.

The Humble memorial of A.H.Gilks, Senior Workshop Instructor, College of Engineering, Guindy, Madras most respectfully showeth:--

That your humble memorialist was entertained at the College of Engineering on the 1st of August 1915 as a Workshops Instructor on Rs.200/ per mensem, as a result of the consideration of his training for over 20 years as a wheelwright, carpenter, mechanical fitter and Motor Mechanic in the various army department factories and schools, and in virtue of his service in the Royal Field Artillery for 21 years.

He was drawing the pay of Rs.200/- per mensem till 1-7-1920 when he was promoted to a salary of Rs.400/- plus a war time allowance in partial recognition of the good work done by him both in the ordinary every day work of the College, and the specially arduous work done during the shifting of the College from Madras to Guindy.

He has been drawing that pay since, and until in G.O.No. 1619 Law (Edn) a pay of Rs.500/- per mensem was sanctioned, and the war allowance was abolished.

The memorialist submits that this is a very inadequate recognition of the services done by him to the College.

Mr.James recommended in 1922, the sanction of a time scale of 400-20-600 for this appointment, while in recommending him for appointment to the newly created post of Senior Workshops Instructor he stated " I strongly recommend Mr.Gilks, our present Instructor for the senior appointment. He has done very good work

work here, and is well worth his pay, and had it not been for the re-organisation which has been under consideration for some time past I should long ago have recommended an appreciable increase in his salary."

In recommending his application of the 19th March 1925 for an improvement in his prospects, the late Mr. Cartwright whose recent and untimely demise I deplore, kindly recommended his application as under. " I strongly recommend that Mr. Gilks be confirmed as Senior Workshops Instructor on a scale of 400-20-600. He holds a very responsible post and I consider his pay quite inadequate. \*\*

\* \* I recommend that this be done (Post being made permanent) with retrospective effect from 1-6-20" or in the alternative be recommended that "he may be given the maximum pay of the post with effect from 1-4-25. Instead of either of these an increase of only Rs.40/- in his pay was sanctioned. This he submits was only one half of the increments and war allowance that he would have earned had he been confirmed in 1922.

In the Sibpur Engineering College, men with much less experience and with much less responsibility, as their responsibility is limited to one shop, carpenters or machines draw pay up to Rs.500/-

In the case of the Poona College, the Chief Superintendent draws a salary of Rs.650-30-800 while his two assistants hold provincial service posts on Rs.250-20-750. A somewhat similar scale of pay is drawn by the two mechanical Engineering Assistants in the Roorkee College.

In this Engineering College itself, the Instructor in Surveying with much less responsible work, and supervision of fewer classes than himself is borne on the Provincial Educational service list on a salary of Rs.300-20-800 and now draws the maximum pay of that scale. The Instructor in Civil Engineering, is similarly borne on the Provincial service of Engineers and draws pay on the scale of Rs.250-20-750. The Instructor in Mechanical Engineering similarly draws Rs.750/- and all these three officers hold gazetted ranks.

The humble memorialist submits that his duties involve no less responsibility than either of these appointments aforesaid, nor one of less standing and prays that he may be brought on to a similar scale of Rs.300-20-800 with the Gazetted rank on the Provincial Educational Service. He further prays that he may be allowed to draw as initial pay on the scale, such pay as will secure to him the maximum pay of the scale at least in the last year of his service. He is 52 years old now and is ordinarily due to retire in 1929. If this request regarding the starting pay on the scale cannot be granted, the memorialist prays that he may be started atleast on the scale corresponding to Rs.600/- recommended by Mr.Cartwright over a year ago.

MEMORIAL FROM MR.A.H.GILKS WORKSHOP INSTRUCTOR.

Dated 12 - 5 - 1926.  
-----

Submitted to the Director of Public Instruction, Madras.

Mr. Gilks has now been in this College since August 1915. He has been of very great assistance in transferring the machines etc from Chepauk to Guindy, and in the erection of many of the engines in the Power House and his work has been well spoken of by Messrs James and Cartwright. I can also testify to his very satisfactory work during the last one year. In view of the above and the fact that he is now 52 and due to retire in 3 years, I strongly recommend his requests for favourable consideration.

Apart from the above, I consider that the duties attached to the post occupied by Mr. Gilks involve no less responsibility than those of either of the two instructors viz Messrs Webster and Old, though I am not prepared to support Mr. Gilks' request that he be brought on to a similar scale of pay to the gazetted rank of the Provincial Educational Service. I recommend that Government be pleased to sanction for the post of Senior Workshop Instructor a time scale pay of Rs.400- 20- 600 per mensem, being also the scale of pay already recommended to Government in the Director's letter to Government No. R.O.C.2093/22 dated 3- 5- 22 disposed of in G.O.No.1159 Law(Education) dated 28th September 1922.

I further recommend that Mr. Gilks may be allowed to start on Rs.540 in the revised scale of pay, so that he might draw the maximum of Rs.600 at the time of his retirement.

occupied two of the married military students' quarters in the college premises as the quarters originally allotted to him were inadequate. When the question of regularising the occupation of the quarters by Mr. Gilks was under consideration, Sir Charles Todhunter, the then

Finance Member, remarked as follows:-

"I am afraid I must press my question regarding Mr. Gilks. It is evident from the Notes at pages 8 and 9 to G.O.No.243, Education, dated 24th February 1920, that it was the intention of the department to retain him as Assistant Workshops Instructor and that the higher scale of pay was intended to secure an officer with higher qualifications. It seems therefore necessary that some enquiry should be made into the circumstances under which he has been given a cent per cent increase of pay together with free quarters when he has not the qualifications required for the post he holds."

The Director was therefore requested (Memo No.15 C-2 dated 2-5-1924) to report the circumstances under which Mr. Gilks whose qualifications were not considered adequate was appointed to the post of Senior Workshop Instructor. In his letter R.O.C.No.1596 C/24 dated 24-6-24 the Director replied that the appointment of Mr. Gilks was first sanctioned as a temporary measure and that Mr. James, the Principal of the College who was then in England was requested to recruit a suitable person for the post. As the latter doubted whether a suitable person could be secured for the sanctioned pay of Rs 400, Mr. Gilks who was considered quite suitable for the post was appointed to it. In view of the Director's explanation Mr. Gilks was allowed to occupy the quarters rent free.

5. In March 1925 Mr. Gilks submitted a memorial requesting that his pay might be fixed at Rs 600 in the Madras Educational Service with retrospective effect from the date of his appointment. Mr. Cartwright, the then Principal of the College, recommended that the pay of the post might be fixed at Rs 400-20-600. The Director,

(Mr. Grieve) in forwarding the memorial, pointed out

Workshop Instructors was Rs 350-10-500 and recommended that Mr. Gilks' pay might be increased from Rs 400 plus 60 (temporary addition to pay) to Rs 500 a month.

The recommendation was accepted by the Govt. Vide G.O.No.1619, dated 16-9-25 and H.E. the Governor's note on page 7 of the G.O. Mr. Gilks now draws Rs 500 a month and enjoys the concession of rent free quarters.

6. Mr. Gilks' present requests are:

- (i) that his pay may be fixed at Rs 300-20-800; and
- (ii) that his starting pay in the above scale may be fixed at Rs 760 so as to allow of his drawing the maximum at the time of his retirement.

If the above requests be not granted,

Mr. Gilks requests that the scale of pay may be fixed at Rs 400-20-600 and that he may be started on Rs 540 in that scale. The Director does not recommend Mr. Gilks' first request although he considers that the duties of the Instructor are no less responsible than those of Messrs. Webster and Old. He recommends the alternative request made by Mr. Gilks.

7. Mr. Webster, Instructor in Mechanical Engineering, draws Rs 675 in the scale of Rs 450-25-700. This rate of pay was specially sanctioned for an officer recruited in England. Mr. Old, Instructor in Surveying and Drawing, draws the maximum in the scale of Rs 250-25-500-50-800. The post is now included in the M.E.S.; but when Mr. Old retires an officer of the P.W.D. of the rank of Assistant Engineer will be appointed to it.

8. Having regard to the circumstances under which Mr. Gilks came to be appointed as Senior Workshop Instructor and to the fact that his pay was raised recently from Rs 460 to Rs 500, it is for orders whether the question of any further increase of pay will be considered. There seems to be very little
