Resubmitted.

2. As regards the entertainment of a supervisor, attention is invited to my remarks on the question of the employment of supervisors by the Taluk Board, Melur submitted to Government in connection with the question of the entertainment of Supervisors by the Taluk Board, Tanjore.

3. As regards the entertainment of a clerk by the Taluk Board, I may point out that there are 89 elementary schools for boys under the control of the Taluk Board of which 28 are held in the Board's own buildings, 18 in rented buildings and 43 in rent free quarters such as Chavadies, Choultries and temples. Accommodation needs extension in the case of 6 buildings belonging to the Board. The Majority of the Board schools are well equipped. Only 2

schools require additional staff at present. There is only one school-less centre in the Taluk Board area. The financial condition of the Elementary Education Fund under the control of the Taluk Board is satisfactory.

4. The President, Taluk Board's proposal in regard to the entertainment of a clerk is supported in view of the fact that there are nearly 100 schools under the control of the Taluk Board including girls schools and as the equipment of the schools is satisfactory.

SIR,

(M) Adverting to ~~xxxx~~ G.O.No.279 Misc., Law (Education) dated 20-2-1926, I have the honour to state that the services of the supervisors of schools employed in this board are dispensed with from 1st March 1926, as ordered in the G.O. quoted above. The supervisors are in service from as far back as the month of October 1924 up to now. Ever since their entertainment the expansion of elementary education has been well attended to and the number of schools increased to nearly one hundred schools. An appreciable work has been turned out by the supervisors towards education in this board. It is hoped that a good number of schools can just as well be opened furthermore in future if the entertainment of the present supervising staff is not in any way disturbed. There are now two supervisors working in this board. Considering the increasing of schools and work towards education, there has been a proposal to entertain an additional supervisor to look after the work. While this being so, the receipt of the G.O. quoted above ordering the stoppage of supervisors altogether from 1st March 1926 is, I am afraid, a bolt from the blue. The stoppage of the supervising staff all on a sudden would, I fear, tell upon the efficient working of the educational institutions. I may, if I am permitted, say that the

(M)

large number of schools in a vast area could not be expected to run regularly doing good and useful work in the sphere of education if the schools are not supervised very often and put in the right way by a supervising staff, specially entertained by the board . The subordinate inspecting agency if appointed as contemplated in G.O. quoted above could not, it is to be considered, watch the working of and ~~kk~~ inspect the schools under the board as closely and thoroughly as the supervisors under the board do now. Hence, the employment by the taluk board of the supervising staff as has been entertained heretofore is indeed necessary hereafter also, for the furtherance and best interest of educational institutions under the management of local boards. In G.O.No.106 Law (Education) dated 25-1-26 it has been ordered that expenditure on the employment of supervisors of schools may be met from the elementary education fund under the control of local bodies. I therefore request that the question of the employment by the board of a separate supervising staff may kindly be reconsidered and orders passed to the effect that the employment of supervisors by the board may be continued.

I have the honour to be,

Sir,

Your most obedient servant,

SIR,

With reference to the budget of the Elementary Education Fund under the control of this Board for 1926-27 and G.O.No.106 dated 25th January 1926 and in continuation of this office Roc.No.92-B-26 dated 19-2-1926, I have the honour to state that since there is only a limited allotment left under Management in General Fund, it is proposed to incorporate the incurring of expenditure towards the establishment employed on the maintenance of accounts relating to Elementary Education and to have necessary provision made in the budget of the Elementary Education Fund for 1926-27 under the head "Clerks and Servants". The budget for 1926-27 having been submitted long before the receipt of the G.O. quoted above, the necessary incorporation could not be done in the budget as laid down in the said G.O. Hence, the proposal of incurring expenditure towards the item under reference is now to be incorporated in the budget and the provision for the same will be re-appropriated from the general savings of the Education Fund at the end of the year. Considering a very limited allotment in General Fund, I request that sanction may kindly be accorded to debit expenditure incurred towards the employment of a clerk on Rs.50/- per mensem for the maintenance of accounts relating to education, to the Elementary Education Fund under the
