Sir,

(H)

With reference to G.O.No.83 Law (Education) dated 19-1-'26, sanctioning a revised scale of establishment for the offices of the District Educational Councils with effect from 1st April next, I have the honour to state as follows:

(P) 2. The retrenchment of a peon from the original establishment sanctioned in G.O.No.516 Home (Education) dated 2nd April 1921 will not be conducive to the efficient management of the office. It would be impossible to maintain and conduct a public office like the District Educational Council with any degree of convenience and efficiency with only one peon. When he -

he falls ill or has any urgent cause for temporary absence for some days , his duties would have necessarily to be -- done by the clerks. This will and is bound to handicap -- the work of the office which is daily growing in volume. Further it would not be reasonable to impose on the clerks the duties of a peon who belongs to the cadre of servants - of inferior service. Again, if the President chooses to go out for inspection, he will have to accommodate himself as best as he could and if there is a curtailment of one -- peon, the President who is after all a non-official honorary - worker and who is allowed only a nominal travelling allowa would necessarily have to put himself to discomfort and in- convenience unless he is prepared to inconvenience the -- clerks of his office and their work. The Office of the -- Educational Council is a district one and involves a lot o sundry work, which requires the constant service of an -- attender or masalchi. Now that the records of the office are growing in volume, there is also the need for the ser- vice of a night watchman. During the Council meetings -- the service of a punka-puller has also to be requisitioned There are other services of similar nature and one peon .- alone cannot be expected to discharge all of them satisfac torily. During his unavoidable absence such works must necessarily suffer much to the detriment of the work of -- the office and those concerned with it.

3. There is yet another aspect which I submit - is entitled to some consideration at the hands of the -- Government. It is but meet and just that some regard should be had for the prestige and dignity of the Council which -- consists of respectable gentlemen. What was thought -- necessary at the time the G.O.No. 516 Home (Education) dated 2--4--1921 was passed, creating the District Educational -- Council, could not have become unnecessary, when the -- Council and its office have come in for public recognition

(7) 3 3/3

and their work appreciably increased. Though the Head of the Council is a honorary worker, yet the prestige and dignity of the Council should not suffer when compared with that of the other kindred institutions. The Sub Assistant Inspectress of Schools is given two clerks and two peons, and the office of the District Educational Officer has -- five clerks including a typist, four peons and one night -- watchman, one punka puller and one sweeper, The work done in the office of the District Educational Council is in no - way inferior or less responsible or less in quantity than - that turned out in the offices mentioned above. The fact that the President of the District Educational Council is a non-official honorary worker should on the other hand be a - reason why prestige and dignity, convenience and work of - his office should not be sacrificed in the name of economy.

Under these circumstances, I request that the - Government may be pleased to cancel the proposal to reduce the establishment by one peon and allow two peons as hither- tofore.

I have the honour to be,
Sir,
Your most obedient servant,

President,
District Educational Council,
South Arcot.

Sir,

Ref:-- G.O.No. 83 Law (Education) dated 19th Jan.26

I have the honour to inform you that I consider the retrenchment of a peon in the District Educational Council's Office, is not at all desirable and that practical experience proves for the necessity of the entertainment of two peons for a District Office as this Council which has a President, a Vice President and a number of members representing the several parts of the whole District.

2. I have the honour therefore, to request you

to be so good as to reconsider the matter and to sanction the retension of the 2nd peon also as it would be absolutely impossible with any degree of convenience and efficiency with only one peon and without even an attender or Masalchi.

MADRAS,

Sir,

Reference:- G.O.No.83 L.E. dated 19-1-1926.

In their order read above, Governement have sanctioned only one peon for the office of the District Educational Council instead of two as at present. This will work as a serious hardship in many ways to the office of the District Educational Councils, which finds it difficult to pull on satisfactorily even with the existing two peons at present. Firstly, the records of the office, stock and furniture have considerably increased. Besides one peon who will have to be in day time, one peon will have to be watchman also in the night and sleep in the office for the safety of furniture and records. Secondly, it will be conceded that one peon will have to be always in the office for attending urgent

urgent calls and taking tapals etc., Another peon will be necessary for taking papers to the President who cannot always be expected to be in office and the Secretary who is the Head-quarters Deputy Inspector of schools-- a touring officer. Thirdly if one peon for some reason or other takes casual leave, the work of the office will come to a stand-still. Fourthly, in practice it is found that one peon will always have to be engaged in circulation of papers among members. It may not be out of place to mention that the Office of the Assistant Inspectress of Girls' schools has two peons. Councils are district Offices; their ~~prixigx~~ prestige and work require atleast two peons. In the light of these circumstances, I beg to request that Government will sanction two peons for this office.

3) Another legitimate grievance ~~for~~ of the establishment is that they are denied any pension or provident fund scheme. Such a scheme is in force among all Taluk and District Boards and Municipal councils; as such it will be an anomoly that the establishment of this office alone should continue to be non-pensionable when they are declared eligible for leave under the fundamental rules. I earnestly trust that this legitimate grievance will also be redressed at an early date.

4) A copy of the Council's resolution on the subject is also enclosed herewith.

S i r,

With reference to G. O. No.83 dated 19th January last, sanc-tioning revision of Establishments of certain District Educational Councils, I have the honour to state that the retrenchment of a peon will seriously handicap the work of the office. In the Budget Esti-mates submitted to the Director of Public Instruction, Madras, with this office No.284/30--1--26 the Council provided for minimum require-ments and provided for the salaries of two peons as usual. The work of Educational Councils is now on the increase, and the work is generally very heavy during the months of February, March, April & May when a number of teaching grant cheques have to be distributed. Besides a night watchman is absolutely necessary for the safety of records. Very many of the aided schools are situated in interior villages, and a peon should necessarily accompany the President or Vice President when they go to visit some of these schools in cases when there is a conflict of opinion between the Educational authorities or between the latter and some local members. The work of the office will be hampered by the proposed retrenchment, and I would therefore urge for the retention of the other peon also.

Sir,

Reference:- G.O.No.83,Law (Education) dated 19--1--1926.

I have the honour to bring to your kind notice that the G.O. referred to reduces the office Establishment - from 2 peons to only one from 1-4-1926. Since 1921 two peons have been working in this office and the work is such that it would be impossible for one man to get through. With the President living in Palamcottah and the Secretary who is a Government official and whose office is at Kokkarakulam one peon has constantly to be carrying papers from one to the other, attend to local delivery etc. The other peon has to attend office from 11 A.M. to 5 P.M. and do masalachi's work as well.

P.t.o.

So I would request you would be so good as to reconsider the matter and sanction an extra peon to this office. The resolution of the Council on the subject is herewith submitted.

Sir,

Reference :- G.O.No.83 Law (Education) dated 19-1-1926.

While thanking Government for the introduction of a time scale of pay to the clerks of the District Educational Council Offices, which is so much desired, I have the honour to place before the Government the great inconvenience that will be caused by the provision for only one peon for the Offices from 1-4-26. Two peons have full work as it is and neither of them can be spared. There is no attender in these Offices and this makes the need for the two peons all the greater. When the president chooses to go on

inspection camp a peon has of needs to accompany him. Already the need for an attender in addition to the peons is felt. Should there be only one peon, in his absence for whatsoever reasons, the clerks will find it very inconvenient, very irksome, to look after his duties also.

I would therefore request Government to kindly reconsider their order and allow the two peons to continu in Office, if they cannot displace one of the peons by an attender or mutchi on a pay of 15-1-25 per mensem.

I request Government's favourable consideration also to the fact that one peon alone cannot cope with the work of this office. Positive need there is of at least an additional Attender or Office Boy. The absence, for instance, of the Peon on leave or on outdoor duty with the President on duty or to distance offices like the Treasury, which in our case is more than two miles away, would retard very much the office work, without the help of an additional Attender or Office Boy.

Since the establishment is non-pensionable favourable consideration may be given also to the opening of a Provident Fund scheme to these, just as for the Elementary school teachers themselves.

MADRAS.

Sir, Through,

The Director of Public Instruction,

Madras.

Sir,

With reference to G.O.No.83, Law(Education) dated 19th January 1926, sanctioning a revised scale of establishments for the offices of District Educational Councils, I have the honour to submit that the reduction of one peon from the existing establishment is a measure of retrenchment calculated to mar the efficiency of the institution itself. I beg leave to state that two peons

P.T.O.

two peons for a public office presided over by a --- non-official of some social standing in an honorary capacity, not separately provided with an attender or masalchi, which is vested with jurisdiction in a very important department of public administration over the entire area of a revenue district is hardly an extravagant item of expenditure. X Offices which have to deal with a much lesser volume of business like those of a Sub Assistant Inspectress of Girls' Schools have been given two peons. A Sub -- Assistant Inspectress of Girls' Schools has ordinarily to exercise supervision over the work of about 150 Girls' Schools in a district, whereas the District Educational Council even in the lightest district would have to carry on all correspondence relating to recognition, management and disbursement of grants - for no less than 600 aided schools besides dealing with some questions relating to Board schools. The District Educational Officer has certainly more responsible functions to discharge but I believe if the volume of business in his office justifies the employment of five clerks, four peons, one night-watchman, one punka-puller and one sweeper, the office of a -- District Educational Council with the work it is expected to turn out would surely deserve to have an - attender in addition to the two peons now existing. It would in my opinion be well nigh impossible for the Office of the District Educational Council to get on with any degree of efficiency with a single peon attached thereto. It would be more than human to -- expect the one peon not to fall ill even occasionally throughout the 365 days in the year or less than human to deny him the opportunity to attend to any urgent --

urgent

urgent domestic business or casual domestic function by obtaining casual leave. Whenever the one peon of the office thus absents himself from duty on casual - leave either the clerks will have to attend to the -- duties of the peon or the office work will have to -- wait for the return of the peon. Again the President if he ever goes out for inspection of schools, will - have to go without a peon. It is neither consistent with the dignity of the office nor with ~~the~~ simple --- fairness to the position of the person holding such - office that the unofficial head of a semi-official -- organisation having jurisdiction over a whole district should not be able to command the services of a peon when he goes out on business connected with his office. I beg I may not be misunderstood if I venture to say that retrenchment in public expenditure in directions like these cannot best serve the ultimate object in - view, viz., the efficienct conduct of the different - branches of the public administration. While I am not competent to express an opinion on the decisions of - Government in regard to the lines of policy to be --- followed in working the different departments of public administration I trust I am not wrong in assuming that District Educational Councils serve a distinctly useful purpose in the administrative machinery from the popular standpoint and that the Government share the same opinion. If I am correct in my view I beg leave to state that it would not be right policy to try to effect ~~the~~ a saving in expenditure even at the risk of efficiency or usefulness of the institution concerned.

Of the two existing peons of this office one is a muhammadan who has been serving since the --

P.T.O

the creation of the District Educational Councils and the other is a Hindu who has been serving for the last two years. If only one peon is sanctioned for the office I have to retain the Muhammadan peon on the -- ground of seniority. The Muhammadan peon is entitled to a few special holidays for some Muhammadan festivals. On such days the office will have to work without the assistance of a peon when there is only one peon given to it.

I respectfully submit that under any circumstances the Council will be considerably handicapped in its work if the Government should be pleased to --- sanction only one peon for its establishment. I therefore request the Government will kindly be pleased to reconsider their order sanctioning only one peon for the - office of the District Educational Council and to allow the two peons for the said office to continue to exist.

This Council at its meeting held yesterday also considered the subject and resolved to request the Government to reconsider their order sanctioning only - one peon for the office. An extract of the proceedings of the Council relating to the subject is herein enclosed.

I solicit the favour of orders before the 1st April next if possible, as the revised scale of establishment according to the Government Order referred to above is to come into force with effect from that date.

C 2629 B 2.5

With reference to G.O. No.83 Law (Education) dated 19th January 1926, I have the honour to state that the Government were pleased to revise the scale of pay sanctioned in G.O. No. 516 Home (Education) dated 2nd April 1921.

2. In revising the scale, they have removed one of the peons and raised the scale of pay of the two clerks as graded in a time scale.

3. The Government have even now sanctioned a uniform scale of establishment to all Districts alike irrespective of the heaviness of the District. I am appending hereto a comparative statement of schools that existed during 1924-25 in each of the Districts in the Presidency. From this,

Government will be pleased to observe that this District stands as first in this Presidency in having more than 3000 schools. I have been repeatedly moving the Government to sanction one more clerk. It is not known as to how they have not as yet considered the necessity even though the Director of Public Instruction also suggested in his Educational Survey Report that the entertainment of additional staff is quite imperative to cope with the increased volume of work. One clerk is attending to correspondence and account work and the other typing and other miscellaneous work. If one expects that systamatic work should be done in the office, the sanction of at least one more clerk is quite indispensible especially for this District. If the Government is pleased to be satisfied with the comparative statement showing number of schools furnished hereunder and the Government were to reconsider their orders passed in the G.O. No.1895 Law (Education) dated 3-11-25 and sanction an additional clerk on ₹50/- at least as a temporary measure, there will be every possibility to turn out better work by entrusting Account duties to one clerk and correspondence and supervision work to another and by allowing the typist to attend ~~to attend~~ to the type work and the maintenance of records and registers as usual, as a very large volume of correspondence is being carried on with the various Taluq Boards and Municipalities in the District, in addition to the Mission agency, District Educational authorities, Director of Public Instruction and the Government. Otherwise it would be impossible to turn out satisfactory work.

4. In G.O. No.516 Home (Education) dated 2-4-21, originally two peons were sanctioned, while in the revision only one is sanctioned. I request you will be so good as to move the Government to retain the second peon also.

The favour of early orders are solicited as the budget will be placed at the next Council meeting.

I have the honour to be,

Re-submitted with reference to Government endorsement No.382-A/26-1 dated 5-2-26.

2. The nature of the work to be done in the office of the District Educational Council does not warrent the entertainment of a third clerk or a peon. As a result of the revised scale of pay the Council can secure the services of qualified hands and the Head Clerk can be entrusted with the important correspondence and account work. The second clerk can do the miscellaneous work.

3.

(P.T.O)

3. The sanctioned strength of the office of a District Educational Officer is only 5 clerks (1 Head Clerk and 4 routine clerks) and the District Educational Officer's office in Guntur has to do more work than that of other District Educational Officers excluding Malabar. So, comparatively the present strength of the office of the District Educational Council is sufficient and adequate. Even in the old Kistna District which had 768 schools more, there was no requisition for additional clerical assistance from the District Educational Council. In these circumstances the request is not supported.

Sir,

Reference:- G.O. No. 83 Law (Education) dated ----- 19-1-1926 revising the scales of salary of the establishment of District Educational Councils.

In enclosing herewith a copy of the resolution No. 42 of this Council passed at its meeting held on 22-2-1926 I have the honour to state that the work of this Council could not get on smoothly without the aid of at least two peons. One peon has to attend on the President at head quarters and on tour; he generally brings the tapals from the post office; the other peon has to carry tapals and papers from the President, Vice President and Secretary to the office and back and attend to sundry work like preparing covers, ruling atatements at office.

Again two peons had been employed since the establishment of this Council and at times when the annual cheques for teaching grants are issued, services of other peons from the office of the Secretary had to be borrowed. In my opinion two peons are ---- indispensable for this District office. I request you to kindly revise your order and sanction another peon.

Station Vellore Dated the 17th March 1926

From,

President District Educational Council

North-Arcot District.

To

The Secretary to the Government of Madras

Law (Education)Department

Sir,

I have the Honour to forward herewith a copy of resolution of this council dated 16-3-26 for your favourable consideration. The District Educational Council was started in the year 1921 when the sanctioned establishment was 2 clerks on Rs.30/- and 2 peons on 13/- Government Order NO.83,Law -- (Education) dated 19-1-26 sanctions a revised scale of establish--ment wherein the post of a peon has been abolished from 1st April 1926 and the scale of pay for the 2nd clerk is fixed at 30-1-40.

The Council is of opinion that the abolition of the post of a peon will not conduce towards efficient management of the office. While agreeing fully with the arguement set forth in the memorandum submitted to Government by the President District Educational Council South-Arcot in its R,O.C.No.573/25 dated 19-2-26,this council submits an additional reason why Vellore should have another peon. The treasury transactions have to be made with the Imperial Bank of India (Branch) which is situate nearly ½ mile from the Treasury

Deputy Collectors Office, the latter being about a mile from the council Office. This makes cashing of cheques a tedious process and when a cheque has to be cashed one whole day is wasted. During that interval other office work will suffer and comparatively a high paid person has to attend to the duties of a peon.

I therefore request that the Government may be pleased to reconsider the proposal to abolish a peon with effect from 1st April 1926. As regards the 2nd clerk as the starting salary in all public offices is Rs 35 and not 30/-it is difficult to get a passed candidate for less than Rs 35. The tenure of service is not only not permanent but does not possess the privelege of earning pension after retirement. The council therefore requests that the 2nd clerk may be started on Rs35 with a time scale of Rs 35-1-45. This is not much considering the purchasing value of rupees and the necessity of having an efficient and contented service.

I have the honour to be

Sir

your most obedient servant

To

All Presidents of District Educational Councils,
in the Madras Presidency.

Sirs,

I have the honour to invite your kind attention to the fact that the Government have, in their order No.83 Law (Education) dated 19-1-1926, revised the scale of the office clerks and peons of the District Educational Councils.

2. The revision seems to have been effected without full enquiry into the requirements of the District Educational Councils, for the latter are not all of the same magnitude, and what seems sufficient for some Councils with a restricted field of activity does hardly satisfy the bare needs of other Councils, which have, in their purview, tracts where Educational operations are more intensive. It is a matter of common knowledge that the meagre clerical establishment in heavy districts have been found, from practical experience, to be quite inadequate and that the maintenance of all the records besides heavy correspondence work and transmission of returns under rules framed under section 26 of the Act, has been done by over-working the establishment and that not satisfactorily.

Further, the Government do not appear to have properly considered the a lot of risk we are put to in realising ~~ever~~ our responsibility on account of inadequate and ill paid staff entertained in the office.

3. A critical examination of details of work will, I believe, be not an out of place in this connection.

A serious responsibility has been thrown on us, under section 24 (1) (d) of the Act, namely, to arrange for the opening of additional schools. If a Council realises the responsibility cast on it in G.O.

G.O. No.117 Law (Education) dated 27-1-22, the records detailed in the annexure hereto appended should be maintained and they cannot but be scrupulously correct. Both the section 24 and the G.O. quoted supra, express the function in a simple manner. If the registers and records therein referred to are not brought up-to-date, there shall be no justification for the existence of these Councils and the fulfilment of the functions imposed therein and further, there is no possibility of advising the local bodies, where to open schools and where not. This very thing involves a lot of correspondence. This important function alone gives rise to all branches of work, such as recognition and granting aid. Hence one clerk will have tight work in this direction, throughout the year. Even though the District Educational Officer has been preparing annual returns for our Councils, unless this work is done in our offices, we are unable to know the accuracy of these returns and we cannot possess collective information of the District as a whole. The preparation and transmission of the other returns under section 26 is no easy task for this inadequate establishment given us.

In regard to accounts, the preparation of bills, cheques, acknowledgments of correspondents, (i.e. a business of copying the particulars of three thousand schools which require entries in 6 separate papers and their maintenance and the connected correspondence with several sub-treasuries, and the Treasury Deputy Collector, Audit Office, and Post-offices occupies the full time of at least one more clerk throughout the year.

The preparation of Agendas, the communications of resolutions and the maintenance of records and the fair copying all these require a full timed-typist throughout the year.

Besides these, there should be a qualified Head-clerk conversant with all branches of work to supervise the office and to attend to general correspondence work.

4. The Director of Public Instruction also suggested thus in his Educational Survey report:--

"It seems also desirable to strengthen the establishment of District Educational Councils so as to enable them efficiently to discharge the duties imposed on them by the Act. The temporary arrangement of

of Head-quarters Deputy Inspectors being secretaries to the Councils may be revised and a full time officer appointed as Secretary to each Council."

In view of what is stated above, we may press upon the attention of the Government for adequate clerical establishment and obtain sanction without delay, for economy in this particular, will tell upon the efficient working of the District Educational Councils; otherwise the purpose of the Act will certainly fail.

5. Whenever I moved the Government, they expressed that they could not entertain the proposal for additional staff. Now and then, the Government express their desire for the amalgamation of the offices of the District Educational Officer and the District Educational Council. If the President, District Board, who does the duties of the President, District Secondary Education Board remembers how the present amalgamation of the District Secondary Education Board with that of the District Educational Officer, works, he can estimate how far the suggestion of the Government in the case of these Council offices is useful.

The District Educational Councils of Vizag., the Nilagiries and Malabar Districts have been amalgamated with the District Educational Officers' offices and it is a point for consideration whether this amalgamation has not affected the democratic and popular nature of these Councils, and whether more progress could not have been secured by complete separation.

7. While representations are being made for adequate establishment for the Council Office, all on a sudden, to our entire disappointment, the post of the second peon has been abolished. The reasons are not clear. There is Secretary, Vice-President and President. Office papers must pass from one to another before they go to the President for final orders and then come back to the office. There is the local delivery tappals. Tappals have to be got from and sent to post-office. There are banking transactions also. Above all, there is the night duty to watch the office. All these could not be done by one man. We need not therefore labour the point that two peons are also necessary in view of the heavy work of the District Educational Council Offices.

8. It is no exaggeration to say that these Councils with inadequate facilities prevents them from doing full justice to their duties. And,

And, in the Education Survey Report, the Director of Public Instruction has already remarked upon our inability (vide page 2 of the report) to maintain necessary records.

9. Under these circumstances, it is desirable that we make common cause and move the Government to sanction us adequate office establishment in case they expect us to efficiently discharge the duties imposed upon us.

I should suggest the following establishment with the pay noted against them is highly necessary for the Council Office.

Head-clerk	50—2—70
Second clerk	40—2—50
Third clerk	35—1—40
Fourth clerk	30—1—40
Mutchi and attender	15—1—20
2 peons each on	12—1—18.

10. I request you, if you agree with me in the above, to move the Government, immediately.

I have the honour to be,
Sir,
Your most obedient servant,

Pattinagallunaidu.

President,
District Educational Council, Guntur.

Annexure.

1. A register showing the several groups consisting of various population centres, lying within a radius of one mile from a particular centre village has to be prepared. Against such each group, the hamlets or streets wherein schools have been in existence and the places that are in need of schools have to be caused to be entered. Such a register arranged range-war has to be maintained in every Council office. With the help of this register alone, a Council should determine whether there is need for a school or not in a particular locality, whether any aided agency can be secured or not and which agency is suitable to the place and at the same time cheaper and more profitable to the state. An extract from this register has to be prepared and trasmitted to the Director of Public Instruction every year under the rule 4 of the rules framed under Section 26 of the Elementary Education Act.

" A list showing the names of the villages or groups of hamlets in close proximity, the school going population of each village or group of hamlets, number of such places already provided by the existing schools and the number of school places to be provided in order of urgency. A separate list for each Municipality, Taluq Board, in the District should be trasmitted in "JULY" of each year."

N.B:— The Government expect that particulars of 3000 schools should be done by the present establishment every year.

2. The Government have instead of providing the Council offices with adequate establishment caused some work done indirectly by the Inspecting officers under the name of Education Survey. The Educational Survey registers contain particulars on bahalf of individual population centres. These are elementary records but they would serve no useful purpose to arrange for the opening of additional schools as per section 24 (1) (d) of the Act.

Until Educational units have been formed by grouping up of the population centres of about one mile proximity to a central village, we cannot estimate the existing provision made for the elementary education in these groups and tabulate such other centres as are in need of immediate facilities for elementary education. Hence, this work is very much much needed for a Council Office, in order to arrange for the opening of additional schools in Taluq Board areas.

After the expansion of elementary education to every nook and corner of a local board area is completed in all the centres as per the register, each centre has to be examined how far educational facilities have been made in them and to determine how many school places will have to be provided for in them. Then, we have to arrange for the opening of additional schools according to their urgency in consultation with the local aided agency through the help of educational officers and failing which, with the local authority as a last resort for a board school.

In other words, these records maintained should be scrupulously correct and brought up-to-date embodying necessary changes. Simply the maintenance of one or two registers indicated in the Act and the rules framed thereunder, will not help us much for guiding the local authorities under section 24 (1). Hence, one efficient clerk (undisturbed) will have to be entrusted with this work alone throughout the whole year.

The reports and statements to be transmitted by the District Educational Council will have to be done by this Clerk with the help of another in the office.

(1) Every year in "May" a return of names of schools refused aid or recognition or from which aid or recognition was withdrawn during the previous official year.

(2) In May a list of all recognised elementary schools in each Municipality or Taluq Board in the District corrected up to 31st March previous.

These two statements have to be prepared with reference to the recognition orders issued from time to time during the previous year.

(3) In July, a report on the condition of elementary education in the District in the previous year.

This is a consolidated work done in the year based on the particulars.

particulars gathered from the administration reports of several local bodies, Educational Officers and th other educational agencies.

Unless there is one clerk for this work, another clerk for account work and the third for the type work in addition to the Head-clerk, there shall be no justifications for the existence of the Councils.

Sir.

In continuation of my letter R.O.C.No.573.D.E.C.of 25 dated 19-2-'26, I have the honour to submit herewith a copy of resolution No.16 dated 20-3-1926 of the District Educational Council, South Arcot, in connection with the reduction of a peon from the original establishment of the District Educational Councils as ordered in G.O.No.83 Law (Education) dated 19-1-'26 and to state that in addition to the several inconveniences mentioned in my letter quoted above, there is the further difficulty that all the treasury transactions of this Council have to be made with the Imperial Bank of India Old Town Branch which is situated nearly 3 miles off from the Treasury Deputy Collector's office, the latter

itself being 3/4 mile from the Council office. When cheques have to be cashed one whole day has to be taken up by the peon, as it could not be done earlier, owing to the distance from one office to the other. I therefore request that in view of the many difficulties and inconveniences that are bound to occur, the Government may be pleased to reconsider their orders abolishing a peon and to allow two peons as hithertofore.

Office Note of the President , District Educational Council, Cuddapah, placed before the Council on 13-3-1926.

SUBJECT.

G.O.No. 83 Law (Education) Dated 19-1-1926- Revision of Office Establishment-Sanctioned.

The Government in their Order No. 83 Law (Education) dated 19-1-26 sanctioning Revised Scales of Pay to the Establishment of the District Educational Council with effect from 1-4-1926, have dispensed with the services of the 2nd peon of the Council Office with effect from the same date.

This reduction seems to have been effected without full enquiry into the actual requirements of the District Educational Councils, in the matter of their establishment, while representations for adequate Establishment to the Council Offices are pointed out in the Educational Survey Report, by the Director of Public Instruction Madras.

This reduction is most undesirable, as I am of opinion that it would seriously handicap the efficient working of the Office, especially in an un healthy place like Cuddapah where persons absent themselves very frequently owing to illness and some other similar causes.

The work in the Office is increasing every day and without two peons it would be absolutly impossible to get on with the work satisfactorily.

The Government in their Order No. 1093 Law (Education) dated 27-7-21 were pleased to say that the Establishment Sanctioned to the Council Offices, in their Order No. No. 516 Home (Education) Dated 2-4-1921 is permanent but not pensionable. It is great hardship if the service of the peon is dispensed with, all of a sudden contrary to Rule 436 C.S.R. with requires at least three Months Notice.

Under these circumstances the Council is requested to appeal to the Government to sanction the Continuence of the 2nd Peon as early as possible.

S i r,

I have the honour to invite your kind attention to this office No.28/Edl dated 20--2--26, and to state that the reduction of one peon has very much handicapped the work of the office. Towards the close of the year, a number of -- Teaching grant cheques had to be issued and sent by registered post to the correspondents and peon could not cope with the - work. Besides there are a number of resident members and - headquarters officers to whom tappals have to be delivered - ordinarily in person. Besides Educational councils have neither an attender nor a Masalachi who may be detailed for duty in case of sudden illness or temporary absence of the peon. In these circumstances, I request that the Government, will be pleased to sanction the retention of the second peon as heretofore.

I have the honour to be,

Sir,

X

In G.O.No. 1787 Law(Education) dated 14-10-1925, revision of establishment of this office was sanctioned providing for the appointment of a third clerk and the dispensing with the services of the second peon. Effect was given to the G.O. by the former president by the appointment of the 3rd clerk. In adopting the budget estimate for 1926-'27 at its meeting held on 6-1-1926, the Council (the Collector and the District Educational Officer were also present) resolved that, in its opinion, no increase in the strength of the clerical establishment was called for, and that the scale of establshment in force till the end of October 1925 might be restored. In his covering letter R.C.No. 232/D.E.C of 25 dated 9-1-26

to Government submitting the budget estimate passed by the Council, the President in his wonted manner, cast aspersions on the Council as having been induced by interested motives in propsing the restoration of the second peon to the office. It is however satis--factory and a consolation in this connection that among the group of members induced by interested motives, were the Collector and the District Educational Officer also.

2. The sum of Rs 1,092 shown against salaries and allowances in the budget, was intended by the Council for two clerks and two peons on the previous scale of pay. The President, who was not present at the meeting, expressed his disagreement in his covering letter, possi--bly to justify the continuance of the superfluous 3rd clerk.

3. Before orders could be passed on the budget estimate for 1926-'27, G.O.No. 83 Law(Education) dated 19-1-1926 was issued sanctioning a revised scale of establishment for the District Educational Councils to have effect from 1st April 1926. This has obvitated the necessity of issuing separate orders about establish--ment, solicited by the Council and the President in diverse ways. There being no provision in the said G.O. for a second peon the Council in recording the same, at its meeting held on 24-2-1926, however added that orders of Government are awaited with regard to restoration of the second peon's appointment as resolved at the meeting of the Council on 6th January 1926. This resolution does not seem to have been submitted to Government for their information and favour of orders.

4. From 10-4-1926, I have been discharging the duties of the President. It is my painful experience as Vice--President and President of this Council that the work of the Council cannot be got on, without dislocation and dis--order, with one peon. The President and the Vice-P----

Vice-President being now non-officials cannot have peons or servants to spare even temporarily, just as the Collector of the President of a Local Body could do when he was the Pre--sident of the District Educational Council also. Thus the whole burden of attending to out-door and in-door duties falls on the only peon now sanctioned for the office. He has to attend to

1. Fetching tappals from post-office
2. Taking tappal to post office
3. Attend to local delivery
4. Open and lock up the office
5. Open tappals at the President's house and carry them to office
6. Carry correspondence, office registers etc., to the President's house for approval and signature and back to office.
7. Credit money or cash cheques in the Treasury
8. Pasting, filing, and bundling papers in the office
9. Run other errands etc.,

5. This is too much for one man, however sharp, active and intelligent he may be, especially, in a city of distances like Cocanada. Every thing is upset if this single peon is obliged to take casual leave or falls sick. There is not even an -- attender to temporarily look after such work in the absnece of the peon or when he is otherwise engaged on prolonged out-door duty. In result, the clerks of the office as nowhere obtains, are placed under the necessity of attending to menial duties to the neglect of their legitimate duties and under compulsion in a way. This regrettable state of things can be avoided by the restoration of the 2nd peon's appointment urged as a matter of necessity by the Council on two previous occasions in its resolutions dated -- 6-1-1926 and 24-2-1926 and for a third time in resolution No. XXXI dated 22-6-1926 which runs as follows:-

"Read office note of the Vice-President urging the necessity "of the appointment of the second peon for the District Edu--cational Council office as work cannot be got on with one peon since there is not an attender for the office who may be of assistance to the office clerks when the peon takes

leave, goes on out-door duty or is engaged otherwise".

Resolution. The Council ~~is~~ also is convinced of the necesity of a second peon for the Council office..".

/Sd/ K.Krishnavenamma
President 22-6-'26.

Further representation is not needed.

6. I have the honour to request that Government may be pleased to sanction the request of the Council at as an early date as possible as work is much suffering and much inconvenience is being experienced almost every day.

I have the honour to be,

Your most obedient servant,

District Educational Councils - Reduction in the number of peons - Reconsideration of orders.

File of currents from the Presidents of District Educational Councils.

A. S.

In G.O. No. 516 Home (Education) dated 2nd April 1921, the Government sanctioned an establishment consisting of two clerks on Rs 30 per mensem and two peons on Rs 13 a month for each of the offices of District Educational Councils in the Presidency. As representations were made to Government by Presidents of D.E.Cs. for the grant of improved scales of pay for their establishments, the Government passed orders in G.O. No. 83 Law (Edn) dated 19-1-26 sanctioning revised scales of pay for the clerks but, as a measure of economy, (Vide the Secretary's note at page 42 of notes to the G.O.) the number of peons was reduced from two to one.

2. The Presidents of the D.E.Cs., South Arcot, Trichinopoly, Coimbatore, Salem, Tanjore, Tinnevelly, Kistna, Ramnad, Kurnool, and Guntur represent that the number of peons should not be reduced for the following reasons:-

(i) There should be one peon always available for duty in the office to pick up papers and do the work of a masalchi, while another peon is required to carry papers to the President with the Secretary to deliver tappals and to go to the Treasury for cashing bills.

(ii) If there is only one peon and he falls ill, there will be no one to take his place.

(iii) when the President goes on tour he will have to take with him a peon. On such occasions, there will be no peon for duty in the office.

3. The extra cost for 22 Councils on account of

It would be seen from GO No 1320 dt 13-8-24 that there is only one peon in the office of the DE-O, Madura

2/59

The revision sanctioned in G.O. No. 83, dated 19-1-26 (H)
is Rs 3476 per annum. If an additional peon is given, the additional
extra cost involved would be Rs 3,960 per annum. The
Dy. Inspector of the headquarters range performs the
duties of Secretary to the D.E,C. Each Dy. Inspector
is given the services of a peon and an attender. The
D.P.I. may be asked (U.O.) whether the services of the
peon or the attender may be made available for duty in
the office of the D. E.C, when required, the peon (M)
sanctioned in G.O. No. 83 dated 19-1-26 being treated
as the personal peon of the President.

4. The request of the P., D.E.C., Guntur for
a third clerk is not supported by the D.P.I. The
request may be negatived.

Real difficulty seems to be felt in respect of the menial establishments of D. E.Cs. Where the President is also the President of the Dt. Board or holds another office, there may not be much difficulty. This contingency cannot be relied upon. The requirements of the D. E. Office should be considered independently.

The Dy Inspector has his own office & office work & it is highly doubtful whether he can ever afford to spare the services of his peon for the Dt. Ed. office. His attender has clerical work also. The Secy. finds his services & the Council and that is as much as can be expected.

The office, the Secy & the President are generally in three different places & there may be emergent work for a peon to take papers to & from them. There will also be work in connection with the Bank, Post office &c. as the Council has to deal with Grants

I fear that the suggestion at 'A' is not possible.

The office of the headquarters range deputy inspector is not ordinarily located in the same building in which the D.E.Cs office is accommodated or even in an adjacent building. The work of the office of the deputy inspector has also increased owing to the opening of a large number of new board and aided schools and also owing to the introduction of compulsion in certain municipalities. Moreover as a measure of retrenchment deputy inspectors are now required to take their attenders on tour leaving their clerks at headquarters. In these circumstances it will not be practicable to spare the services of the peon or attender attached to the deputy inspector's office.

If the proposal were that the peon or attender may be made available for duty in the office of the D.E.C.

the D.E.C. when they are not required by the deputy inspector the suggestion would not be open to so much objection and I should agree to it. I do not anticipate however that that would meet the desires of the Presidents of the D.E.Cs. I should however like to emphasise that the first claim for the use of the peon and ~~a~~ attender of the D.D.I. is in the office of the deputy inspector and not in the office of the D.E.C.

The D.P.I. considers the suggestion at A on page 2 ante as impracticable.

2. Communications since received from Presidents of Dt. Ed. Councils, Chittoor and Nellore, urging the necessity for two peons in their offices have been added to the current file.

The President, Dt. Ed. Council, Guntur, has sent a circular letter to all other Dt. Ed. Councils, in which the Councils are asked to move Govt. to revise the establishment of the Councils. [A staff of four clerks, one attender and two peons is suggested in that letter.]

There seems the real need for the additional peon as so many Peons requires. Records of different views above on this

I do not attach any blue or 'prestige' though there is something she said in it favour but when there is work to be done in the file and not in the Record, it will be peremptorie to refuse Sanction -
I am inclined to accept the request as it is alleged that such subordinate of the Record who works himself is not expected to pay & service done to the D.E.O, he must have a servant to help in public work but a 'prestige' to have helped peon to go round with him -

I do not agree with the D.P.I that the Dy Inspector who is also Secretary of DEC is not able to spare a peon or attender when required by the D.E.O The Deputy Inspector will be assisted by a Sub Deputy & so there is no force in the argument - So a peon or attender must be made available for duty in the D.E.O office also when required.

Subject. Additional peon for the offices of the Dt. Edl. Councils - Correspondence ending with the D.P.I's u.o. note No. 303 B, dt 30.3.26.

The D.P.I. considers that it is not possible for the services of the peon or the attender attached to the Deputy Inspector's office to be made available for duty in the office of the Dt. Edl. Council when required. It may, however, be mentioned that in future some of the Deputy Inspectors (e.g. those at head quarters) will have under their each a junior deputy inspector who has another peon under him. It may not therefore be difficult to spare the services of one of the peons or the attender for duty at the office of the Dt. Edl. Council when required. The remarks of the D.P.I. may be invited u.o.

I do not think that the position is altered by the appointment of Junior Deputy Inspectors. The Junior Deputy Inspectors have one peon and will be on tour with this peon for a large part of the year. Each will have ~~their~~ 135 schools to inspect and I have laid down as the minimum number of days on tour-190. I agree with Mr.Littlehailes that with the very limited establishment attached to our subordinate inspecting agency it is impossible to spare the services of the peon or attender to work with the D.E.C. My experience shows that the peon and attender have full time work in the office to which they are attached, and I do not think that it would be right to spare the services of either for the D.E.C. I also think that it would lead to friction, as no man can serve two masters.

(Previous Finance note on page 4 supra)

Finance is concerned with the proposal in the draft order to permit Dt. Educational Councils to employ a second peon provided the extra cost involved can be met from the savings in the budget allotment for the pay of 'clerks & servants' or under any other head. The phrase 'under any other head' is vague. In the case of Dt. Educational Council establishment, the accepted policy is that savings under office expenses, t-a, Contingencies etc. should not be utilized for additional staff or for the grant of enhanced remuneration to existing staff. Please see ~~Govt~~ Clerks Todhunters extract pp 14-16 of Go. 1041 Law (Edn.) D/ 30.7.23. Finance may therefore advise that any extra expenditure required on account of the employment of the 2nd peon should be met from the ~~Govt~~ allotment for 'pay of clerks & servants'. Subject to this remark the draft order may be accepted.

No. 1330, dated 13. 7 1926.

(H)

In the revision of establishments sanctioned in Gov. no. 83 Law (Edn.) dated the 19th January 1926, the number of peons employed in the offices of the District Educational Cauncils was reduced from two to one with effect from the 1st April 1926. Several District Educational Cauncils have since represented to Govt. that the entertainment of a second peon in their offices is necessary ~~for the efficient performance of the duties ordinarily devolving on the menial establishment~~ in the interest of the work. The Govt. are unable to sanction the proposal in view of the permanent addition of a second

peon to offices of D.E.C. Councils.

extra expenditure involved.

2. The Govt. are however, pleased to direct that the Deputy Inspectors of Schools of the headquarters ranges shall, whenever possible, spare the services of the peon or attenders attached to their offices for duty in the offices of the D.E.Cs. In cases where this arrangement is not feasible, the D.E.Cs will be permitted to employ a second peon provided the extra expenditure involved can be met from the savings in the budget provision for the pay of "clerks and servants". If however, any D.E.C proposes to meet the extra expenditure from savings under other heads, the previous sanction of Govt. should be obtained to the arrangement.
