2. The sum of Rs 37400 taken credit for in the budget Estimate for 1926-27 under the proviso to section 37 of the Madras Elementary Education Act of 1920 may be allowed to stand subject to revision with reference to the subsidies payable under G.O.No. 877 Law (Education) dated 23rd May 1925 and 1550 Law (Education) dated 4th September 1925 and also towards the payment of the temporary allowance of Rs 4/-
3. There is a very large closing balance in the elementary Education Fund and the Board proposes to appropriate a portion of the savings towards the capital items Even after the appropriation of the amount towards capital items there would be a balance of Rs 46120. The Board

Not to be connected

may however be advised to consult the District Educational Officer in regard to the utilisation of the large amount under capital items.

4. Provision has been made in the Budget Estimate for 1926-27 towards the cost of opening new additional schools and for subsidizing schools to be started by Village Panchayats. The Board should consult the District Educational Officer and the President, District Educational Council in regard to the location of these schools and the schools should be opened in the school-less centres.

5. The provision made under repairs to buildings in the Budget Estimate for 1926-27 seems to be excessive and the Board has not assigned any reason for such a large increase.

6. The annexure prescribed in ~~Proceedings~~ G.O.No. 1119 Law (Education) dated 10th July 1924 has not been furnished.

Sir,
Through The President, District Board,

Sir,

Reference:- My letter No.13 G.O. of 26 dated
24-2-1926.

The number of schools under the control of the Tiruvallur Taluk Board in 1920 when the strength of the office establishment was varied to one Head-clerk and 3 clerks, was but 75; while it has now - risen to 192. A perusal of the current registers of 1920 and 1925 discloses an increase of about 1600 papers received in the office excluding intermediate references and bills. Besides, the introduction of -

(2) 11

the present system of drawing money from the Treasury by means of cheque which involves the maintenance of - cash books and other records has saddled the office -- still further with additional work. But the staff continues to be the same and is unable to cope with the - work quite satisfactorily. It cannot be varied so as to entertain one more clerk and meet the cost from -- General funds without exceeding the limit of 3 per cent prescribed by rules. The present financial stringency of the general resources of the Board does not also -- warrant the course even with the sanction of Government. I have therefore revised the budget of the Elementary Education Fund for 1926-27 so as to entertain one clerk on Rs.35/- to start with in Rs.35--1½--50 grade. The - budget so revised is being sent to the Director of Public Instruction through the President, District Educational Council. It will also be placed before the Taluk Board at its next meeting and its views submitted to Government. I request the Government will be pleased to approve of - the provision made in the revised budget.

2. It is presumed that the post is pensionable and the pensionary contribution therefor is also debitable to the Education Fund.

2. The Budget Estimate for 1926-27 of the Elementary Education fund under the control of the Taluk Board was submitted to Government with this office endorsement R.O.P. No. 12 B.3/25-26 dated 17-2-26.

3. With reference to G.O. No. 757 L.E., dated 1-5-26 credit may also be taken for a Government contribution of Rs-5240 in the Budget Estimate for 1926-27 under the proviso to section 37 of the Madras Elementary Education Act of 1920 necessary increased provision being made on the debit side.

4. In the revised Budget Estimate provision has been made for the entertainment of a clerk to maintain the accounts of the elementary education fund. It is reported by the District Educational Officer that some schools are

started without making previous provision for the necessary appliances and registers. Most of the new schools are understaffed and several of the new schools are started on the pials of houses. However, in view of the large number of schools (nearly 110) under the Taluk Board and as there is a very large closing balance in the Elementary Education fund, permission may be granted to debit to the Elementary Education fund the pay of one clerk and the Board may be advised to take steps to improve the conditions of the existing schools.

(1) The sum of Rs. 37,400/- for which credit is taken in the budget estimate for 1926-27 under the proviso to section 37 of the Elementary Edn Act, 1920, is liable to revision with reference to the savings, ^{if any,} in the subsidies paid under govt nos. 877, 1407 (com), & 23. (ii) The Board is requested to consult the D. Ed. Officer in regard to the utilization of the amount provided for capital expenditure.

(iii) Provision has been made in the B.E. for 1926-27 ~~towards the cost of opening new schools and for subsidizing schools to be started by village panchayats.~~ The Board should consult the D. Ed. Officer and the President, D. Ed. Council, Chingleput, in regard to the location of the schools. The schools should be opened in school-less centres.

(iv) ~~The Board has not explained the necessity for the comparatively large provision under repairs to buildings in the B.E. for 1926-27. It seems to be excessive and the Board has not assigned any reason for such a large increase.~~

(v) The ~~Board~~ should have furnished the annuities prescribed in

19

2. The Govt. approve of the proposal of the Taluk Board that a clerk ~~should~~ ^{may} be employed for maintaining the elementary education fund accounts and ~~that~~ the cost ~~should be~~ debited to that fund.

3. It is reported that some schools are started by the Board without making previous provision for necessary appliances and registers, and that most of the new schools are understaffed and ~~that several of them~~ ^{had accommodated} are started on the roofs of houses. The Board is requested to take steps to improve the conditions of the existing schools.
