C. No. 2045 C - From the D.P.I., C.No. 995 D/26,
dated 26-6-1926.

Madras Educational Rules - Rules 13 and 107 (ii) -
Qualifications of Industrial teachers -

While proposing the institution of a group certificate in needle-work and dress-making the D.P.I. stated that recruits to the posts of industrial and sewing mistresses in girls' schools should have obtained the group certificate - page 2 of G.O. No. 803 Law (Education), dated 6-5-1926.

2. The institution of the group certificate having been approved by Government, the Director proposes to make a specific provision in the Educational Rules laying down the qualifications of industrial teachers. The proposal may be accepted.

3. As regards the wording of the addition to the Rules suggested by the Director it is observed that expression the certificate is not correctly described. There is no group certificate of the higher grade. A group certificate in needle-work and dress-making is to be awarded to candidates who pass the Government technical examination of the higher grade in each of the following subjects:-

- (i) Needle-work and dress-making
- (ii) Embroidery.

It is not clear whether the qualification proposed is the possession of the group certificate described above or the technical teachers' certificate of the higher grade in needle-work and dress-making without embroidery which may be obtained in the manner provided for rules 147 - 151 of the Madras Educational Rules. Again mistresses who teach needle-work are designated 'sewing mistresses' in certain schools while in others they are known as 'industrial teachers'.

4. Propn. Att. in

additions

4. In the draft ~~order~~ proposed, the Director uses the designation 'Industrial teachers'. Perhaps it is better to say 'Sewing or needle-work teachers'.

5. Again, in the addition proposed to rule 107 (ii) of the Educational Rules the Director proposes to insert the qualifications in the last or the fourth column of the schedule. It will be noticed that ^{that} column relates to 'Elementary training schools'. It is ~~perhaps~~ better to insert the qualification in such a way as it would apply to other grades of training institutions also.

6. The file may be forwarded to the D.P.I. u.o. for remarks with reference to the above/for suggesting, if necessary, a revised draft of the amendments.

U.O. Reply No. 995A/26/14.7.26

The intention was to demand of future recruits a group certificate in Needlework and Dressmaking and not the Technical Teachers' certificate of the higher grade in Needlework and Dress-making. The deletion of the words "of the higher grade" in the addition proposed to rule 13 of the M.E.R. and "of the higher grade" in that proposed to rule 107(ii) is suggested.

The addition proposed to rule 13 of the M.E.R. may be modified as follows with reference to paras 2 and 3 of the Secretariat note:-

"Sewing or Industrial teachers shall hold a group certificate in needle-work and dress-making"

I have no objection to the suggestion made in paragraph 5 of the note though it must be observed that Needle-work and Dress-making do not form a subject of instruction either in Training Colleges or in secondary training schools for women.
