through the Superintendent of Stationery, Madras

Sir,

In G.O.No.1058 L.E., dated 22nd June 1925, the Government sanctioned the supply of two Roneo No.10 duplicators for the use of this office. But it is felt that the needs of a big office like this require a duplicator for a superior quality.

2. Gestetner Rotary Duplicator Model No.6 which is now in the stationery list was recently demonstrated in my office and it appears to me that its strong build, the extreme simplicity of operation, the rapidity with which a large number of copies are taken on it, make it a very much better machine than a Roneo Duplicator. Besides, it has a calculating device, which enables the operator to take the required number of copies without having to count

2  
and its inking mechanism, is so well adjusted, that a uniform spread of ink, is easily obtained in it without any wastage of stationery.

3. The machine is no doubt more costly than other duplicators in the stationery list but its strong build will make it last longer and bear the wear and tear of frequent use in a much better manner than other duplicators. Economy combined with the general utility and the varied work it can do make the Gestetner's duplicator on the whole a very useful machine.

4. In an office where Government orders, circulars, and Proceedings have often to be communicated to a large number of subordinate officers and managers of schools throughout the Presidency, a duplicator of a superior quality will be of very great use in the quick despatch of work and I have the honour to request that Government will be pleased to sanction the supply to this office of a Gestetner Rotary Duplicator No.6 (self feeding) Model.

5. In case the Gestetner machine is supplied to this office, the two Roneo Duplicators now in use may be transferred elsewhere.

I have the honour to be,

S i r,

Your most obedient servant,

p1 of (G)

The D.P.I. applied last year for the supply of a Gestetner Rotary Duplicator no. 6 Self-feeding Model to his office. But, on the recommendation

p3 of (G)

of the Superintendent of Stationery, the supply of two Rones no. 10 Model foolscap machines was ordered in G.O. no. 1058 L.E. of 22-6-25. Now

(G)

para 4 p2 of

in the circumstances explained in his letter read above, the D.P.I. requests sanction for the supply to his office a Gestetner Rotary Duplication no. 6 Self-feeding Model - i.e. the same machine for which he applied last year. The

p3 of

Superintendent of Stationery now recommends the supply of the same to the D.P.I. and points out that he can easily transfer the two Rones machines with their accessories (now in use)
