Station Ootacamund Dated the 8th June 1926

From (Name) Lieut-Col. J.P.Cameron, C.I.E., I.M.S.,
(Designation) Inspector-General of Ref. Schools.

To The Secretary to the Government of Madras
Law (Education) Department.

Sir,

I have the honour to report that on 13-12-22
there were 305 Cubic feet of teakwood scantlings valued
at Rs.1,525/- lying in stock in the Reformatory School,
Chingleput. Of this quantity 130 cubic feet were ordered
to be sold by public auction by the Director of public
Instruction in July 1924. The remaining pieces, viz.,
175 Cubic feet, were shown on the Manufactory stock book
till 24th August 1925. As the teakwood scantlings were
reported to be unfit for use in the Manufactory Depart-
ment of the School, sanction was accorded for the transfer
of the same to the Maintenance Department to be used as
firewood and its relative value adjusted to Manufactures.

Lieut-Col, I.M.S.
Inspector-General of Ref. Schools.

EN DORSMENT No. G. B. 559 dated the 13th July 1926.

Returned.

2. There was an accumulation of 305 c. ft. of teakwood scantlings on 13-12-1922. Out of this 130 c. ft. were ordered to be sold by public auction by the Director of Public Instruction, as reported in this office letter No. G. 452, dated the 8th June 1926. The balance of 175 c. ft. was borne on the books till I ordered its transfer to the maintenance department. The Superintendent reported that the accumulation of these pieces was mainly due to wastage consequent on instruction imparted to new pupils and work done by them and this quantity instead of being shown as wastage then and there, was accounted for as a portion of the stock in the stock books. These scantlings were too small to be of any practical use in the manufactory. Such accumulation of pieces due to wastage should have been disposed of from time to time; but this procedure was not adopted by the then Superintendent (M.R. Ry. P. Parthasarathy Naicker). At present the prices of articles manufactured are regulated so as to cover the wastage in sawing and manufacturing.

3. As the scantlings are the accumulation of some years and are likely to give room for quibbling on the part of the workshop foreman, it is requested that Government may be pleased to approve of my action in according formal sanction for the transfer of 175 c. ft. of teakwood from the manufactory to the maintenance department.
