Sir,

In forwarding herewith a copy of letter No. 1853/25, dated the 17th February 1926 from the Superintendent, Reformatory School, Chingleput, I have the honour to state that Ahmed Mohideen, the permanent Head Carpentry Instructor on Rs. 35--60 of the Reformatory School, having been permitted to do duty as Mechanic, Queen Mary's College, Madras, Venkatesa Reddi, the permanent drawing Master of the School on Rs. 25--1--50 has been detailed to do the duties of the Head Carpentry Instructor. The latter now claims an allowance of Rs. 8/- for the additional qualification of wood carving which he possesses. As similar allowances are admissible to Drawing Masters in charge of the vocational class in the

Copy of letter No. 1853/25, dated the 17th February 1926 from the Superintendent, Reformatory and Senior Certified School, Chingleput to the Inspector-General of Reformatory Schools, Ootacamund.

In forwarding herewith an application from V. Venkatesa Reddi, Drawing Master of this school for the grant to him of an allowance of Rs. 8/- per mensem, I have the honour to state that he underwent, at his own expense, a course of training in wood carving at the Teacher's college, - Saidapet and holds a second class diploma. In this connection I beg to draw attention to the enclosed copy of letter from the Advisor to Government on Manual and Vocational Training stating that similar allowances are - - - admissible to Drawing Master in charge of Vocational - - - class in the Educational Department, and I see no reason why the same concession should not be allowed in this - - - school also. Venkatesa Reddi, at present draws Rs 35/- per mensem in the scale of Rs 25-1-50. He is a good drawing Master and is now teaching wood carving in the Carpentry workshop in addition to his legitimate duties. His additional qualification increases his usefulness and is beneficial to the pupils under training. I therefore

Ref:- Government endorsement No. 815 B-1 dated 26-3-26 on letter No. C.G.291 dated 20-3-1926 from the Inspector General of Prisons - Additional allowance of Rs.8 per mensem to Venkatesa Reddi Drawing Master, Reformatory School, Chingleput.

The facts appearing from the pay bill are as follows:-

Up to 7th March 1926, V.Venkatesa Reddi was acting Head Carpentry Instructor. From 8th March 1926, this post is held by S.Michael. V.Venkatesa Reddi, Drawing Master is not therefore carrying on the entire duties of Head Carpentry Instructor, but is teaching wood-carving in the carpentry Workshop in addition to his legitimate duties. The special pay of Rs.8/- asked for is on account of the qualification he possesses in wood-carving and because he is actually teaching wood-carving in addition to his duties as drawing master. If Government decides to sanction the special pay asked for, it may clearly be stated in the sanctioning order whether it is attached to the post of drawing master provided the incumbent has wood-carving qualifications, or is personal to V.Venkatesa Reddi so long as he

as he

as he is teaching "wood-carving".

- From the Accountant-General, No. Chgt.
1-4 dated 27th April 1926.

Subject: Allowance to drawing master of the
Reformatory School.

The Inspector-General of Reformatory Schools recommends the grant of an allowance of Rs. 8 a month to the drawing master of the Reformatory School, ^(in the school) (V. Venkatesa Reddi) who gives instruction in wood carving on the analogy of the allowance granted to manual training instructors in the Educational Department. The A.G. points out that the post of head carpentry instructor in the school is filled by one S. Michael. It is not known what this man's qualifications are. In the ordinary course, this instructor should teach wood carving and other allied subjects. Manual training instructors in the Educational Department are S.S.L.C. trained men who have undergone an additional year's training in manual training. They are given the pay of secondary grade teachers (Rs. 35-35-12-50-1-60) and an allowance of Rs. 8 or 12 according as they possess a first or second class certificate in manual training. It does not appear that drawing masters who have undergone training in wood carving are granted the above allowance in the Educational Department. The D.P.I. will have to be consulted on this point. Before doing so, the I.G. may be requested U.O. to state whether a man who can teach wood carving also cannot be recruited for the post of carpentry instructor in the Reformatory School.

2. Information is not available as to whether a man who can teach wood carving can be recruited for the post of - Carpentry Instructor in the Reformatory School on a salary of Rs.35-60. Even were a man available, it would be very hard lines on the present Carpentry Instructor, who is a permanent employee, to dispense with his services. Both the Carpentry Instructors in the School are capable of teaching wood carving pertaining to cabinet making; but the Drawing Master imparts special - instruction in ornamental carving and underwent special training in this connection in wood carving at the Teachers' College in 1924. The Drawing Master gives instruction in this particular branch of work during the period allotted for industrial - - training and out of school hours, and is therefore entitled to some additional allowance. If Government decide to sanction the special allowance asked for I would suggest that the - - allowance be made a personal one to V. Venkatesa Reddi, the Drawing Master, so long as he continues to give special instruction in wood carving.

Please see the I.G's note on p.2 ante. It is for consideration whether this department should recommend the grant of an allowance of Rs.8 to the Drawing master in the Reformatory school who gives instruction in ornamental carving. With reference to A on p.1 ante ^{it is understood from the D.P.S. office} that drawing masters who have undergone training in wood carving are granted ^{an} allowance ~~Rs.8~~ ~~if they are appointed to posts of~~ Manual Training Instructors.

In the Reformatory school Chingleput there are two Carpentry Instructors' posts. In the ordinary course these should teach wood carving and allied subjects. These teachers do not seem to be competent enough to teach ornamental carving and for this reason the drawing master (who officiated some time as carpentry Instructor in the Reformatory school and reverted as Drawing master from 8th March 1926) is teaching the students ornamental carving out of school hours and the proposal is to give the drawing master (Mr. Venkatesa Reddi)

personal pay of Rs.8 p.m. on the analogy of the special pay admissible to Manual Training Instructors in the Educational deptt. inclusive of Drawing Masters appointed to posts of Manual Training Instructors.

2. Law have enquired whether a man who can teach the whole subject could not be recruited for the post of Carpentry Instructor and the I.G.'s answer was that information was not available as to whether a man of the stamp required could be recruited for the post of Carpentry Instructor in the Reformatory school on the sanctioned pay of Rs.35-60. He further stated that even if a man ~~was~~ ^{were} available it would be very hard lines on the Carpentry Instructor who is a permanent employee to dispense with his services. This is apparently in regard to one of the two Carpentry Instructors and it is not known what the I.G. has got to say in regard to the other Instructor.

3. It will thus be seen that the proposal to grant personal pay to the present Drawing Master becomes necessary because of the incompetency of the Carpentry Instructor on whom the duty of teaching the subject devolves. It will also be seen that efforts have not been made to see what scope there is to move the present Instructor or Instructors to other suitable posts under the control of Law(Education).

4. So far as Mr.Venkatesa Reddi the Drawing Master is concerned he holds a second class diploma in wood carving and this additional qualification increases his usefulness. The personal pay for which he may be eligible ~~can be justified as~~ ^{can be justified as} ~~then to be classed as~~ ^{remunerative personal pay} In the Educational deptt. it is only S.S.L.C. trained men with necessary qualifications that are granted the special pay as Manual Training Instructors on

(F) on the scale in G.O.1192 Law(Edn.)(F) As it is on this analogy that the present proposal to grant personal pay of Rs.8 p.m. to Mr.Venkatesa Reddi is proposed, it may be submitted that it is not known definitely whether Mr.Venkatesa Reddi is an S.S.L.C. trained man. However Fin. may accept ^(Subject to his condition) the proposal at p.2 supra and the acceptance may be temporary till the matter is further examined in Finance after full enquiries are made by Law Edn. whether a fully competent man cannot be made to displace one of the present two Carpentry Instructors so as to save Govt. the personal pay payable to Mr.Venkatesa Reddi.

From the Dy's no. note quoted above it is
observed that both the carpentry instructors
in the Reformatory School, Chingleput,
can teach wood carving pertaining to
cabinet making but not ornamental
wood carving. It is not clear whether both
the instructors are permanent. In the no.
note the Dy. has referred to only one of
the instructors as a permanent employee.
If the other is not permanent steps
may be taken to replace him by
an instructor qualified to teach orna-
mental wood carving. If, however,
both the ^{instructors} ~~practise~~ are permanent, it seems
desirable to ascertain whether one of them
cannot be provided for elsewhere -
either in institutions under the control
of the Dy. or in those under the D.P.S.
The Dy. may be requested no. to report
on the above points after consulting
the D.P.S., if necessary.

2. The Advisor to Government on Vocational Education, who was asked to procure the services of a man who can teach - - ornamental wood carving as well as carpentry, is of opinion that such instructors would require to be started on not less than Rs. 45. *p. 8 info* Vide copies of this office letter No. 7072, dated the 9th July 1926, and that officer's reply thereto.

3. If Government approve of this proposal the new man will be started on Rs. 45 in the sanctioned grade of 35--35;1 $\frac{1}{2}$ -50-1-60 and the present acting head carpentry Instructor S. However, according to my original proposal the total expenditure to - - Government will only be Rs. 43 i.e., 35 plus 8 special allowance, which appears to be ^{the} more economical proposal.
