To The Secretary to the Government of Madras

LAW (EDUCATION)

Department.

Sir,

In submitting herewith letter Ref.No. 1019 L.F/24 dated 8th February 1926 from the President, Taluk Board, Palghat, I have the honour to state as follows:-

1. In G.Os Nos. 1642 Law (Education) dated 19th September 1925 and 4 Mis. Law (Education) dated 4th January 1926 the request of the Taluk Board, Palghat to sanction an additional subsidy towards the cost of the entertainment of additional teachers in the new elementary schools opened with the aid of Provincial funds in 1924-25 and 1925-26 was rejected. The President, Taluk Board again requests a reconsideration of the above orders. The District Educational Officer recommends the request

and it is stated by him that it not possible to effect any savings on account of the closure of existing schools which may be considered superfluous. The Taluk Board is reported to spend judiciously its elementary education fund. Even after the transfer of some superfluous teachers from the existing schools ten more teachers will have to be employed according to the present strength and attendance of the schools.

2. The financial position of the elementary education fund under the control of the Taluk Board is not quite satisfactory. The

Budget Estimate for 1926-27 of the Elementary Education fund as framed by the Taluk Board closes with a deficit of Rs 1460/-

3. In connection with the question of adult education it has been suggested that the time will soon come when the question of opening new schools with one teacher only will have to be reconsidered. Assuming that the schools are opened in areas where they are required and that the children (if they are to derive benefit from the school) will remain there sufficiently long, additional teachers will have to be provided if a certain proportion of the children are not to be neglected and if the strength is not to become unmanageable.

4. In connection with the report on the Elementary Education survey of the Presidency it was also pointed out that it is necessary to reconcile the claims of expansion with those of additional staff.

5. During the last two years the opening of 2294^{+ 566 = 2860} new Board Elementary schools (exclusive of Saidapet Taluk) each with a single teacher has been sanctioned with the aid of Provincial funds. Many local bodies requested the payment of additional grant towards the cost of entertainment of additional teachers but they were rejected and the local bodies were asked to meet the extra cost from the Elementary Education fund under their control. The financial position of some taluk boards is not quite satisfactory even after the levy of the Education Cess and it is doubtful whether the local bodies will be able to meet the cost of additional teachers from their own funds. It is therefore desirable to take up the question of entertainment of additional teachers in the new schools.

6. In the current year's Budget Estimate no provision has been made for this purpose but it is for the consideration of Government whether the question should not now be investigated.

I have the honour to be,

Sir,

Your most obedient servant,

Rama Ray

(2)

In acknowledging receipt of G.O. No. 4 Misc. dated 4-1-26, declining to sanction additional subsidy for the employment of additional teachers in the new schools recently opened with the aid of Provincial Grant, I have the honour most respectfully to submit that I may be kindly pardoned for venturing to address Government again and again on this subject. In the G.O. under reference the Government have ordered that the Board may meet the extra expenditure involved by reducing the expenditure on other items if possible. In the Budget for the ensuing year I have curtailed expenditure on all heads as far as possible just to make both ends meet with much difficulty. Further reduction is, I request to submit, found quite impossible. I do not even find means to provide for the balance under

All this was caused

Rs 4224-126

(B)

under the General Fund, as required under the rules. If there has been any means out of the resources of this Board either in the General or Education Funds I would not have taken the liberty to trouble the Government with my repeated requests.

As already submitted in my previous letters to Government it is impossible to run these schools without the appointments of additional teachers and I would submit that it is better to close these schools altogether rather than wasting the money now given to the teachers employed in them.

I have already explained the state of affairs with regard to these schools in my letter dated 14-12-25 No. 1019/L.F.25 and I have nothing more to add to it now.

In these circumstances I pray again that the Government may be so pleased as to help this Board with a small subsidy just to meet the urgent demand of these schools.

I have the honour to be,

Sir,

Your most obedient servant,

C. Manamanna

For President.

P.S.M/8-2-26

Law (Ed.) Dep. A
[C no 2758 A] from the D.P.D no 363 B/26 of 14.7.26
Subject Employment of additional teachers in the new elementary schools recently opened

The financial position of the Palghat taluk board was fully examined in E.O no 422 of 4.1.26 and the Govt ultimately expressed their inability to sanction any subsidy to the board towards the employment of additional teachers in the new elementary schools recently opened with the aid of Provincial funds. The board was asked to meet the cost of employment of such teachers by reducing expenditure on other items if possible. Vide E.O no 422 of 4.1.26. No fresh grounds have been adduced on pages 4-5 of C.F. for a reconsideration of the E.O. The P.T.B. may be informed that Govt are unable to ~~sanction~~ reconsider the previous orders on the subject.

2. In paras 304 and 2 of C.F. the D.P.D. has raised the general question of subsidizing local bodies towards the cost of employment of additional teachers in the new schools recently sanctioned. Submitted that this question has been considered in the depth note on pages 45-46 of notes in the linked file and the Secretary in that connection wrote that in 1927-28 we should complete our programme of providing with a school (a single teacher) every village.
