U.O. Reply No. 580A/16.8.26

This student applied for admission at the proper time but was not one of those selected. Apparently this was in view of D.O. No. 2344 C-1 dated 19th November 1924 from the Secretary to Government stating that the Government feel that in making admission to the College candidates belonging to this Presidency should be preferred to those from Native States and outside areas. It is now a month since the college commenced work and the Principal reports that it is not in the interest of the student to admit him hereafter. He suggests that the matter may be postponed for consideration early next year if the request for admission is renewed. As regards the strength of the Engineer class the number 45 was exceeded on the recommendation of the Principal under the provision of Rule 81.
