Clause (a) of the question:

Particulars regarding the number of students belonging to the depressed classes in the high schools and colleges in this Presidency are contained in the ~~the~~ general educational tables appended to the Report on Public Instruction for 1924-25, volume I.

2. Clause (b) Figures relating to the number of separate schools for depressed classes in each district are not available, but information as regards the number of schools chiefly intended for Adi Dravidas and Adi Andhras in the presidency as a whole is found at page 17 of volume II of the Public Instruction Report. In regard to clauses (a) and (b) the M.L.C. may be referred to the general educational tables and supplemental statistics in volumes I and II of the report and also the report of the Commissioner of Labour.

3. Clause (c) The M.L.C. wants the number of boys of the depressed classes in the elementary standard in general schools in this presidency. It is presumed that by 'general' schools he means schools not intended chiefly for the depressed classes. The number of pupils of these classes in schools under public management was 12,942 in 1924-25. There is no information as to how many of these were in elementary schools and in the elementary standards of secondary schools, nor is information available as to the number of pupils in schools ~~and~~ under private management.

4. Clause (d) As regards the number of scholarships allotted for the depressed classes by the Educational department, the M.L.C. may be referred to the scholarships notification published ^{annually} in part I B of the Fort St. George Gazette. Information as regards the number of scholarships actually awarded and the number of applicants for them during 1924-25 and 1925-26 is not available.
