From the Board of Revenue, Land Revenue & Settlement,
Ref. C No. 143-26-2, dated 19--4--1926.

Land Acquisition--S. A. V. High School, Tuticorin,
Notification under Section 6.

In order to provide additional accommodation for the S. A. V. High School, Tuticorin, it is proposed to acquire a site and building adjoining the school. As the property is one assigned for charitable purposes, the management asked that proceedings should be taken under the Land Acquisition Act for the acquisition of the property. This was approved and the necessary notification under section 4 of the Act was ordered to be published in G.O.No. 9, dated the 5th January, 1926.

2. As no objection ^(to the acquisition) has been received ~~from the management~~, the Board of Revenue requests that notification under section 6 of the Act may be published. The cost of acquisition is estimated at Rs. 10,862. The management has agreed to meet one-half of the cost leaving the other half to be met by Government. According to the procedure hitherto followed a grant of one anna should now be sanctioned and the management asked to deposit in the treasury the entire cost of acquisition in the first instance. After the actual amount awarded as compensation is reported to Government, the scheme will be included ~~in~~ in the list of approved works so that a grant of one-half of the cost may be given if and when funds become available. Objection has recently been taken by the High Court to the one anna grant system and it cannot now be followed. The Law (Drafting) section has advised that it is not sufficient if a grant is sanctioned for payment 'if and when' funds become available and that the Act could be applied only if the Government definitely undertake to meet a substantial portion of the cost of acquisition. In these circumstances, a grant of one-half of the cost will have to be sanctioned at once if further proceedings should be taken under the Act for ~~the~~

the acquisition of the property. ⁴ The D.P.I. may be consulted u.o. as to whether the acquisition should be proceeded with ~~urgently~~ ^{urgently} and if so, whether the half grant can be paid from the ~~present~~ current year's budget provision.

Why a "draft of conveyance"?
The land becomes the property of H.S. on the completion of the app proceedings can be alienated - subject to any conditions desired - in favour of H.S.A.V. High School. This is the cond. for a Crown grant to take in such a case. H.S. objects to "conveyances".
