From (Name) R.G. Grieve Esq., M.A.,

(Designation) Ag. Director of Public Instruction
Madras.To The Secretary to the Government of Madras
Department.

Sir,

With reference to Government Memo. 2696 B-2 dated 16-4-26 I have the honour to state that out of the lump provision of Rs. 25,000 under "31 B C Education-Secondary grants to local bodies for Secondary Education Grants- in aid general- voted non recurring equipment", a sum of Rs. 1926 has already been sanctioned for payment in the current year in G.Os. Nos. 737 Law (Education) dated 29-4-26 and 1137 Law (Education) dated 22-6-26. Therefore the balance available for distribution is only Rs. 23074 (Rs. 25,000- 1926).

2. Two statements are submitted herewith, showing the estimated cost of indents, the grant applied for and the

the grant recommended for payment. As in the previous year separate indents have been called for in the current year also in respect of each school and these have been scrutinized and checked in this office. Revised indents have also been obtained wherever necessary. During the current year grants are proposed to be paid for the first time towards the purchase of equipment required for the medical inspection of schools. In G.O.No.655 Law(Education) dated 19- 4- 26 the medical inspection of boys schools under public management has been made compulsory. Apparatus and appliances are necessary to conduct the medical inspection of boys. In the case of aided institutions the managements have been permitted to include the cost of equipment for medical inspection in their financial statements and separate grants are not given. In the case of secondary schools under the management of local bodies the net cost system has been replaced by the fixed subsidy system with effect from 25- 26 and it will not be possible in all cases to meet the cost of equipment from the usual recurring contingencies allowed for the schools. It is therefore proposed to pay separate non-recurring grants to local bodies and they have been informed accordingly. Lists of apparatus and appliances which are considered essential have been communicated to local bodies for their information together with the prices of articles. In this connection attention is also invited to para 2 of G.O.No.1319 Mis Law(Education) dated 12- 7- 26.

D

3. The District Board, Anantapur and the Municipal Councils of Kurnool and Anantapur request the payment of full grants. The Municipal Council, Nandyal is prepared to meet from its own funds 25 per cent of the estimated cost. In these cases, as in all others, only half grants are recommended for payment as usual and the local bodies should meet the other half from their own funds.

4. The following remarks are offered in respect

4

(4)

respect of a few of the local bodies included in the statement.

(i) The District Board, Coimbatore has applied for grants towards the purchase of Science articles, furniture and books for the B.M.Schools, Andiyur and Chennimalai. The indents in respect of Science articles and furniture for both the schools have been disallowed as the District Educational Officer does not recommend the request on the ground of inadequate accommodation.

(ii) The District Board, Bellary has applied for a half grant for providing pipe and Sanitary fittings to the laboratory of the Board High School, Harpanahalli. The plans and estimates have been prepared by the District Board Engineer and approved by the Board. The estimated cost is Rs.1320 and it is reported by the President, District Board that no portion of this amount was included in the estimate for the additional block of the school since completed. The Superintending Engineer has also stated that the items included in the estimate should be treated as equipment. Consequently a half grant of Rs.660 is proposed to be paid and included in the sum of Rs.1655/- shown in the statement against the District Board, Bellary. In this connection attention is also invited to Government Memo No.2564 B-1 dated 9- 10- 25.

B

(iii) In the case of the Board High School, Madakavira and the Board Middle School, Kalyandrug the estimated cost of the indents is only Rs.500 and Rs.197 respectively. Since it is reported by the President, District Board that the expenditure cannot be met from the recurring contingent allotment of the school, a half grant is proposed to be paid and included in the sum of Rs.1,43 shown in the statement.

(iv) In the case of the Municipal High School, Hospet a half grant is applied for towards the purchase of equipment for medical inspection. The total estimated cost is Rs.263 and it is observed that the council has

has already purchased articles worth Rs.58-3-0. No grant is ordinarily admissible towards the cost of articles already purchased, under Government Memo No.3727-1 L and M dated 9- 2- 23. But as these articles were already in the approved list communicated to local bodies, the payment of a half grant on the total estimated cost of Rs.263 is recommended.

(v) With reference to para 4 of G.O.No.2652 L and M dated 21- 6- 26 the payment of a grant is recommended to the Board High School, Ariyalur.

5. The total amount now recommended for payment is Rs.14,361 (Rs.8140 District Boards plus Rs.6221 municipalities and the balance available is Rs.8713 (Rs.23074- Rs.14361) Since the grants are payable only on the post payment system and as the local bodies have to incur the expenditure and to produce the vouchers for claiming the grant, these proposals are submitted in advance so as to allow sufficient time to local bodies to utilise the grant in the current year. Many indents are still under consideration and proposals for the distribution of the balance of Rs.8713/- will be submitted to Government after the scrutiny of the indents has been completed. If these proposals are accepted it is requested that early orders may be passed.

I have the honour to be,
