P.O.O

Clause (a). of the question is not clear.

Fee concessions are of two kinds:-

(i) Half-fee concessions granted under rule 92 of the Madras Educational Rules on ~~the~~ production of poverty certificates, ~~then~~ required to do so. These concessions are granted in all secondary schools and colleges whether managed by Government, local bodies or private managers.

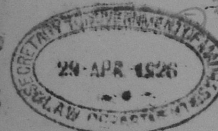

(ii) Full remission of fees in the 10 per cent fee concession system. Poor pupils of merit are eligible for these concessions without the liability to produce certificates of poverty. These concessions are available only in aided schools and those under ^{now} private management and not in those managed by Government.

The Government do not maintain any elementary schools except such as are attached to training schools or are situated in the Agency tracts. In these institutions of the elementary grade pupils belonging to the depressed classes may be admitted without payment of fees - Vide rule 73 of the Madras Educational Rules. The following answer to this clause is suggested:-

"The rules do not provide for the grant of full fee concessions to pupils reading in primary departments attached to Government secondary schools. Under rule 73 of the Madras Educational Rules pupils belonging to the depressed classes may be admitted without payment of fees in elementary schools under public management."

Clause (b) of the question. Higher elementary standards are not attached to secondary schools. The rule applies to primary departments attached to secondary schools.
